Independent Auditor's Report

Independent Auditor's Report

To the Board of Education
Belding Area Schools
Belding, Michigan

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Belding Area Schools as of and for the year ended June 30, 2010, which collectively comprise the School District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Belding Area School's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Belding Area Schools as of June 30, 2010 and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 3, 2010 on our consideration of the School District's internal control over financial reporting and our tests of compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages 3 through 10 and 30 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Belding Area School's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations* and is also not a required part of the basic financial statements of Belding Area Schools. The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Management's Discussion and Analysis

Belding Area Schools
Management's Discussion and Analysis
June 30, 2010

This section of the Belding Area Schools' annual financial report represents our discussion and analysis of the School District's financial performance and is intended to assist the reader in focusing on significant financial issues, provide an overview of the District's financial activity, and identify changes in the District's financial position and its ability to address the next and subsequent year challenges. This is a requirement of the Governmental Accounting Standards Board Statement No. 34 (GASB 34) "Basic Financial Statements – and Managements Discussion and Analysis – for State and Local Governments" and is intended to provide the financial results for the fiscal year ending June 30, 2010.

Using this Annual Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Belding Area School District financially as a whole. The *Government-wide Financial Statements* provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. The fund financial statements provide the next level of detail. For governmental activities, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements look at the School District's operations in more detail than the government-wide financial statements by providing information about the School District's most significant fund - the General Fund - with all other funds presented in one column as nonmajor funds. The remaining statement, the Statement of Fiduciary Net Assets presents financial information about activities for which the School District acts solely as an agent for the benefit of students and parents. The annual report is organized as follows:

Management's Discussion & Analysis (MD&A)
(Required Supplemental Information)

Basic Financial Statements

Government-wide Financial Statements

Fund Financial Statements

Notes to the Basic Financial Statements

(Required Supplemental Information)
Budgetary Information for Major Funds

Reporting the School District as a Whole - Government-wide Financial Statements

One of the most important questions asked about the School District is, "Is the School District as a whole better off or worse off financially as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities, which appear first in the School District's financial statements, report information on the School District as a whole and its activities in a way that helps you answer this question. We prepare these statements to include *all* assets and liabilities, using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

Belding Area Schools
Management's Discussion and Analysis
June 30, 2010

These two statements report the School District's net assets- the difference between assets and liabilities, as reported in the Statement of Net Assets - as one way to measure the School District's financial health, or financial position. Over time, increases or decreases in the School District's net assets - as reported in the Statement of Activities - are one indicator of whether its financial health is improving or deteriorating. The relationship between revenues and expenses is the School District's operating results. However, the School District's goal is to provide services to our students, not to generate profits as commercial entities do. One must consider many other nonfinancial factors, such as the quality of the education provided and the safety of the schools to assess the overall health of the School District.

The Statement of Net Assets and Statement of Activities report the governmental activities for the School District, which encompass all of the School District's services, including instruction, supporting services, athletics, and food services. Property taxes, unrestricted State Aid (foundation allowance revenue), and State and federal grants finance most of these activities.

Reporting the School District's Most Significant Funds – Fund Financial Statements

The School District's fund financial statements provide detailed information about the most *significant funds* - not the School District as a whole. Some funds are required to be established by State law and by bond covenants. However, the School District establishes many other funds to help it control and manage money for particular purposes (like the Food Service Fund) or to show that it's meeting legal responsibilities for using certain taxes, grants, and other money. The governmental funds of the School District use the following accounting approach:

Governmental funds - All of the School District's services are reported in governmental funds. Governmental fund reporting focuses on showing how money flows into and out of funds and the balances left at year-end that are available for spending. They are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial* assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the operations of the School District and the services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the School District's programs. We describe the relationship (or differences) between governmental *activities* (reported in the Statement of Net Assets and the Statement of Activities) and governmental *funds in a* reconciliation.

The School District as Trustee - Reporting the School District's Fiduciary Responsibilities

The School District is the trustee, or *fiduciary* for its student activity funds. All of the School District's fiduciary activities are reported in separate Statements of Fiduciary Net Assets. We exclude these activities from the School District's other financial statements because the School District cannot use these assets to finance its operations. The School District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Belding Area Schools
Management's Discussion and Analysis
June 30, 2010

The School District As A Whole

The Statement of Net Assets provides the perspective of the School District as a whole. Table 1 provides a summary of the School District's net assets as of June 30, 2010 and 2009:

Table 1:

	Net Assets Summary	
	<u>Governmental Activities</u>	
	<u>2010</u>	<u>2009</u>
Current and other assets	\$ 44,023,162	\$ 5,820,309
Capital assets	<u>17,165,352</u>	<u>17,185,871</u>
Total assets	<u>61,188,514</u>	<u>23,006,180</u>
Current and other liabilities	\$ 3,672,183	\$ 2,696,498
Long-term liabilities	<u>56,376,567</u>	<u>19,453,542</u>
Total liabilities	<u>60,048,750</u>	<u>22,150,040</u>
Net assets		
Invested in capital assets, net of related debt	(40,586,128)	(3,043,596)
Restricted for debt service	38,149,834	50,981
Unrestricted	<u>3,576,058</u>	<u>3,848,755</u>
Total expenses	<u>\$ 1,139,764</u>	<u>\$ 856,140</u>

The above analysis focuses on the net assets (see Table 1). The change in net assets (see Table 2) of the School District's governmental activities is discussed below. The School District's net assets were \$1,139,764 at June 30, 2010. Invested in capital assets, net of related debt totaling \$(40,586,128) compares the original cost, less depreciation of the School District's capital assets to long-term debt, used to finance the acquisition of those assets. Most of the debt will be repaid from voter-approval property taxes collected as the debt service comes due. Restricted net assets are reported separately to show legal constraints from debt covenants and enabling legislation that limit the School District's ability to use those net assets for day-to-day operations. Net assets restricted for debt service totaled \$38,149,834. The remaining amount of net assets, \$3,576,058, was unrestricted.

Belding Area Schools
Management's Discussion and Analysis
June 30, 2010

The \$3,576,058 in unrestricted net assets of governmental activities represents the *accumulated* results of all past years' operations. The operating results of the General Fund will have a significant impact on the change in unrestricted net assets from year to year.

The results of this year's operations for the School District as a whole are reported in the Statement of Activities (Table 2), which shows the changes in net assets for fiscal year 2010 and 2009.

Table 2:

	Governmental Activities	
	2010	2009
Revenues		
Program revenues		
Charges for services	\$ 541,850	\$ 548,178
Grants and Categoricals	5,172,763	4,754,892
General Revenues		
Property taxes	3,855,393	3,673,544
State foundation allowance	13,328,855	13,725,571
Other general revenues	124,760	150,108
Total revenues	23,023,621	22,852,293
Functions/Program Expenses		
Instruction	12,436,979	12,356,941
Support services	7,048,977	6,899,041
Food services	994,311	951,479
Athletics	607,766	592,026
Community service	94,242	83,563
Interest on long-term debt	912,575	953,026
Depreciation (unallocated)	645,147	595,073
Total expenses	22,739,997	22,431,149
Increase (decrease) in net assets	\$ 283,624	\$ 421,144

As reported in the Statement of Activities, the cost of all of our *governmental* activities this year was \$22,739,997. Certain activities were partially funded from those who benefited from the program (\$541,850) or by governments and organizations that subsidized certain programs with grants and categorical (\$5,172,763). We paid for the remaining "public benefit" portion of our governmental activities with \$3,855,393 in taxes, \$13,328,855 in state Foundation Allowance, and with our other revenues, like interest and general entitlements.

Belding Area Schools
Management's Discussion and Analysis
June 30, 2010

The School District experienced an increase in net assets of \$283,624. The key reason for the change in net assets was continued expenditure management.

As discussed above, the net cost shows the financial burden that was placed on the State and the School District's taxpayers by each of these functions. Since property taxes for operations and unrestricted State aid constitute the vast majority of School District operating revenue sources, the Board of Education and Administration must annually evaluate the needs of the School District and balance those needs with State-prescribed available unrestricted resources.

The School District's Funds

As we noted earlier, the School District uses funds to help it control and manage money for particular purposes. Looking at funds helps you consider whether the School District is being accountable for the resources taxpayers and others provide to it but may also give you more insight into the School District's overall financial health.

As the School District completed this year; our governmental funds reported a combined fund balance of \$42,361,394 which is an increase of \$37,814,110 from last year. The primary reasons for these are:

Our general fund is our principal operating fund. The fund balance in the general fund decreased \$507,266 to \$4,169,114. The decrease is due to revenues not increasing sufficiently to offset increasing expenditures. Retirement incentives in the amount of \$150,000 were paid out and health insurance increased on an average of 15%.

Our special revenue funds showed a net increase of \$41,401, due to food services' breakfast program.

The debt service funds showed an increase of \$178,969. Millage rates are determined annually to ensure that the School District accumulates sufficient resources to pay annual bond issue-related debt service. Debt Service Funds fund balances are reserved since they can only be used to pay debt service obligations.

The capital projects fund sold bonds totaling \$38,800,000 for additions and renovations to existing school facilities. These projects were just beginning and resulted in excess revenues of \$38,101,006.

General Fund Budgetary Highlights

The Uniform Budget Act requires that the local Board of Education approve the original budget for the upcoming year prior to July 1.

Over the course of the year, the district's practice is to revise the budget as it attempts to deal with changes in revenues and expenditures. State law requires that the budget be amended to ensure expenditures do not exceed appropriations.

Budget revenues were decreased \$61,300 from the original budget. Interest earnings, funding from ISD special education millage and declining enrollment funds were down from the original budget.

Belding Area Schools
Management's Discussion and Analysis
June 30, 2010

Budget expenditures were decreased \$39,000 to more closely reflect program expenditures.

Capital Asset and Debt Administration

Capital Assets

At June 30, 2010, the School District had \$16,044,171 invested in a broad range of capital assets, including land, buildings, furniture and equipment. This amount represents a net decrease (including additions, deductions and depreciation) of \$674,852, or 4.0%, from last year.

Capital Assets at Year-End

	June 30, 2010	June 30, 2009
Land	\$ 243,585	\$ 188,726
Construction in process	150,436	0
Buildings	14,716,753	15,378,576
Buses and other vehicles	393,778	540,604
Furniture and equipment	539,619	611,117
Total capital assets	\$ 16,044,171	\$ 16,719,023

This year's additions of \$250,957 included energy upgrades, a land purchase, and the beginning of the 2010 bond projects. \$38,800,000 of bonds were issued to fund building renovations that will begin in the 2010-2011 fiscal year.

Debt

At the end of this year, the School District had \$57,295,639 in bonds outstanding versus \$15,597,846 last year - an increase of \$41,697,793. Those bonds consisted of:

Outstanding Debt at Year-End

	June 30, 2010	June 30, 2009
General obligation bonds	\$ 57,295,639	\$ 15,597,846

Belding Area Schools
Management's Discussion and Analysis
June 30, 2010

The School District's general obligation bond rating was increased to A+ rating in 2009. The state limits the amount of general obligation debt that schools can issue to 15 percent of the assessed value of all taxable property within the School District's boundaries. If the School District issues "qualified debt," i.e. debt backed by the State of Michigan, such obligations are not subject to this debt limit. The School District's outstanding general obligation debt of \$57,295,639 is below the statutory imposed limit. Other obligations include termination benefits.

The borrowings and accrued interest owed to the School Bond Loan fund were paid off during the year. This was done through the issuance of \$4,380,000 of new bonds.

We present more detailed information about our long-term liabilities in the Notes to the Financial Statements.

Economic Factors and Next Year's Budgets and Rates

Our elected officials and administration consider many factors when setting the School District's 2010-2011 fiscal year budget and tax rates. One of the most important factors affecting the budget is our student count. The state foundation revenue is determined by multiplying the blended student count by the foundation allowance per pupil. The blended count for the 2010 fiscal year is 25% and 75% of the February 2010 and September 2010 student counts, respectively. The 2010-2011 budget was adopted in June 2010, based on an estimate of students that will be enrolled in September 2010. Approximately 90% of total general fund revenue is from the Foundation Allowance.

Under State law, the School District cannot access additional property tax revenue for general operations. As a result, the district funding is heavily dependent on the State's ability to fund local school operations. Based on early enrollment data, we anticipate that the fall student count will be approximately the same as included in the 2010-2011 budget. However, due to education jobs funding and declining property values, a budget amendment will be required.

Personnel levels have been reduced for the 2010-2011 budget. One teaching staff position in elementary, two middle school positions and two alternative education positions were eliminated. These positions were eliminated through a state retirement incentive program. An administrative position was also eliminated.

Since the School District's revenue is heavily dependent on State funding and the health of the State's School Aid Fund, the actual revenue received depends on the State's ability to collect revenues to fund its appropriation to school districts. The State of Michigan's economy continues to struggle. The District has currently planned for a foundation allowance of \$7,162 per pupil, which is unchanged from the previous year. The District has also budgeted for a reduction of 50 students from the 2009-2010 school year. The State of Michigan legislature is considering one-time education jobs federal funding to increase the state aid foundation. The district has been notified by the local ISD that since property values have declined to anticipate approximately \$360,000 less in special education millage funding.

The District has a contract with the Belding Education Support Personnel Association that expires June 30, 2012. The District is currently negotiating with the Belding Education Association which expired August 2010.

 Reconciliation of the Statement of Revenues, Expenditures, and
 Changes in Fund Balances of Governmental Funds to Statement of Activities
 Year Ended June 30, 2010

Net Change in fund Balances- Total Governmental funds **\$ 37,814,110**

Amount reported for governmental activities in the statement of activities are different because:

Governmental funds reported capital outlays as expenditures; in the statement of activities, these costs are allocated over their estimated useful lives as depreciation.

Depreciation expense	(925,809)
Capital outlay	250,957

Accrued interest is recorded in the statement of activities when incurred; it is not reported in governmental funds until paid	(181,122)
--	-----------

Proceeds and repayments of principal on long-term debt are other financing sources and expenditures in the governmental funds, but not in the statement of activities (where they are additions and reductions of liabilities)

Principal repayment/transfer to escrow agent	7,950,674
Proceeds from debt issuances	(45,830,000)
Premium/discount on debt issuances	(121,330)
Amortization of premiums on debt issuances	56,716
Amortization of bond issuance costs	(37,475)
Amortization of deferred amounts on bond refundings	(35,116)
Bond issuance costs	660,115
Accrued interest on school bond loan fund	488,736

Compensated absences/voluntary severance plans are reported on the accrual method in the statement of activities, and recorded as an expenditure when financial resources are used in the governmental funds:

Change in accrued compensated absences	43,168
Change in accrued voluntary severance plan liability	150,000

Net Change in Net Assets- Governmental Activities	<u><u>\$ 283,624</u></u>

Notes to Financial Statements

June 30, 2010

Note 1 – Summary of Significant Accounting Policies

The accounting policies of Belding Area Schools conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The following is a summary of the significant accounting policies used by the School District:

Reporting Entity

The School District is governed by an elected Board of Education. The accompanying financial statements have been prepared in accordance with criteria established by the Governmental Accounting Standards Board for determining the various governmental organizations to be included in the reporting entity. These criteria include significant operational financial relationships that determine which of the governmental organizations are a part of the School Districts' reporting entity, and which organizations are legally separate, component units of the school district. Based on the application of the criteria, the district does not contain any component units.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All the district's government wide activities are considered governmental activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenue includes (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, intergovernmental payments, and other items not properly included among program revenues are reported instead as general revenue.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Belding Area Schools

Notes to Financial Statements

June 30, 2010

Note 1 – Summary of Significant Accounting Policies (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation

Government-Wide Statements – The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants, categorical aid and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The district does not allocate indirect costs.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

The District first utilizes restricted resources to finance qualifying activities.

Fund Based Statements – Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and severance pay, are recorded only when payment is due.

Property taxes, unrestricted state aid, intergovernmental grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be available only when cash is received by the government.

The fiduciary fund statement is also reported using the economic resources measurement focus and the accrual basis of accounting.

The school district reports the following major governmental funds:

The General Fund is the school district's primary operating fund. It accounts for all financial resources of the district, except those required to be accounted for in another fund.

The government reports the following fund types:

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes.

Belding Area Schools

Notes to Financial Statements

June 30, 2010

Note 1 – Summary of Significant Accounting Policies (Continued)

The School Service Funds are Special Revenue Funds that segregate, for administrative purposes, the transactions of a particular activity from regular revenue and expenditure accounts. The School District maintains full control of these funds. The School Service Funds maintained by the School District are the Athletic Fund and Food Services Fund.

Debt Retirement Funds are used to account for the accumulation of resources for, and the payment of general long-term debt principal, interest, and related costs.

Capital Projects funds are used to account for the construction of fixed assets.

Fiduciary Funds are used to account for assets held by the School District in a trustee capacity or as an agent. Fiduciary Fund net assets and results of operations are not included in government-wide statements. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

The School District presently maintains a Student Activities Fund to record the transactions of student and parent groups for school and school-related purposes. The funds are segregated and held in trust for the students and parents.

Assets, Liabilities, and Net Assets or Equity

Deposits and Investments – Cash and cash equivalents include cash on hand, demand deposits, and short-term investments. Investments are stated at fair value.

Receivables and Payables – In general, outstanding balances between funds are reported as “due to/from other funds.” Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as “advances to/from other funds.”

Property tax and other trade receivables are shown net of an allowance for uncollectible amounts. Property taxes assessed as of December 31 and the related property taxes are levied and become a lien on December 1. These taxes are billed on December 1st and are due February 15th. The final collection date is February 28, after which uncollected taxes are added to the County delinquent tax rolls.

The State of Michigan utilizes a foundation allowance approach, which provides for a specific annual amount of revenue per student based on a state-wide formula. The foundation allowance is funded from a combination of state and local sources. Revenues from state sources are primarily governed by the School

Belding Area Schools

Notes to Financial Statements

June 30, 2010

Note 1 – Summary of Significant Accounting Policies (Continued)

Aid Act and the School Code of Michigan. The state portion of the foundation is provided from the state's School Aid Fund and is recognized as revenue in accordance with state law and accounting principles generally accepted in the United States of America.

The District also receives revenue from the state to administer certain categorical education programs. State rules require that revenue earmarked for these programs be used for its specific purpose. Certain categorical funds require an accounting to the state of the expenditures incurred. For categorical funds meeting this requirement, funds received, which are not expended by the close of the fiscal year are recorded as deferred revenue. Other categorical funding is recognized when the appropriation is received.

Inventories and Prepaid Items – Inventories are valued at cost, on a first-in, first-out basis. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. United States Department of Agriculture Commodities inventory received by the Food Service Fund are recorded as revenue and expensed when received. Certain payments to vendors reflect costs applicable to future fiscal years and are recorded as prepaid items in both government-wide and fund financial statements.

The General Fund inventory also includes the construction cost of any unsold trade skills homes and street improvement costs allocated to unused building sites, which are held for sale by the district. The amount at June 30, 2010 is \$697,484.

Capital Assets – Capital assets, which include land, buildings, equipment, and vehicles are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Cost of normal repair and maintenance that do not add to the value or materially extend asset life are not capitalized. The school district does not have infrastructure type assets.

Buildings, equipments, and vehicles are depreciated using the straight-line method over the following useful lives:

Buildings and additions	20-50 years
Buses and other vehicles	5-10 years
Furniture and other equipment	5-20 years

Long-Term Obligations – In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net assets.

Belding Area Schools

Notes to Financial Statements

June 30, 2010

Note 1 – Summary of Significant Accounting Policies (Continued)

Compensated Absences – The liability for compensated absences reported in the government-wide statements consist of unpaid, accumulated annual vacation and sick pay balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who are currently eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

Fund Equity – In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Comparative Data/Reclassifications – Comparative data is not included in the district's financial statements.

Use of Estimates- The preparation of financial statements requires estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 2 – Stewardship, Compliance and Accountability

Budgetary Information – Annual budgets are adopted on a basis consistent with generally accepted accounting principles and state law for the general and special revenue funds. All annual appropriations lapse at fiscal year end.

The budget document presents information by fund and function. The legal level of budgetary control adopted by the governing body (i.e., the level at which expenditures may not legally exceed appropriations) is the function level. State law requires the district to have its budget in place by July 1. Expenditures in excess of amounts budgeted is a violation of Michigan Law. State law permits districts to amend its budgets during the year. There were no significant amendments during the year.

Excess of Expenditures Over Appropriations in Budgeted Funds – The school district did not have significant expenditure budget variances.

Belding Area Schools

Notes to Financial Statements

June 30, 2010

Note 3 – Deposits and Investments

As of June 30, 2010, the District had the following investments:

Investment type	Fair Value	Weighted Average Maturity (days)	Standard & Poor's Rating	Portfolio %
Government Money Market funds	\$ 10,075,754	1	AAAm	27.29%
Government National Mortgage Assoc(GNMA)	4,025,878	9415	AAAm	10.90%
Federal Home Loan Bank Notes (FHLB)	8,256,742	867	AAAm	22.36%
Federal Home Loan Mortgage Corp Notes (FHLMC)	12,028,805	4445	AAAm	32.58%
Federal National Mortgage Assoc Notes (FNMA)	2,536,951	6576	AAAm	6.87%
Total Fair Value	\$ 36,924,130			100.00%
Portfolio weighted average maturity		<u>3121</u>		

Interest rate risk. In accordance with its investment policy, the District will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by; structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the open market; and, investing operating funds primarily in shorter-term securities, liquid asset funds, money market mutual funds, or similar investment pools and limiting the average maturity in accordance with the District's cash requirements.

Credit risk. State law limits investments in commercial paper and corporate bonds to a prime or better rating issued by nationally recognized statistical rating organizations (NRSROs).

Concentration of credit risk. The District will minimize concentration of credit risk, which is the risk of loss attributed to the magnitude of the District's investment in a single issuer, by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized.

Custodial credit risk- deposits. In the case of deposits, this is the risk that in the event of a bank failure, the School District's deposits may not be returned to it. As of June 30, 2010, \$3,792,599 of the School District's bank balance of \$3,792,599 was exposed to custodial credit risk because it was uninsured and uncollateralized with securities held by the pledging financial institution's trust department or agent, but not in the School District's name.

Custodial credit risk- investments. For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

Belding Area Schools

Notes to Financial Statements

June 30, 2010

Note 3 – Deposits and Investments (Continued)

The District will minimize custodial control credit risk, which is the risk of loss due to the failure of the security issuer or backer, by; limiting investments to the types of securities allowed by law; and pre-qualifying the financial institutions, broker/dealers, intermediaries and advisors with which the District will do business.

Foreign currency risk. The School District is not authorized to invest in investments which have this type of risk.

Reconciliation of cash and investments:

Deposits-including Fiduciary Funds of \$160,876	\$ 2,903,882
Petty cash	200
Investments	36,924,130
Total	<u>\$ 39,828,212</u>

The above amounts are reported in the financial statements as follows:

Cash-Fiduciary Fund	\$ 160,876
Cash and investments-District Wide	39,667,336
Total	<u>\$ 39,828,212</u>

Note 4 – Receivables

Receivables as of year-end for the school district's individual major funds and the non-major and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General Fund	Non-major and Other Funds	Total
Receivables:			
Various	\$ 47,169	\$ 50,930	\$ 98,099
Intergovernmental	3,154,974	5,717	3,160,691
Net Receivables	<u>\$ 3,202,143</u>	<u>\$ 56,647</u>	<u>\$ 3,258,790</u>

Governmental funds report deferred revenue in connection with receivables for revenue that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received but not yet earned. At the end of the current fiscal year, the various components of deferred revenue are as follows:

Payments received prior to meeting all eligibility requirements:	<u>Unearned</u> <u>\$4,322</u>
--	-----------------------------------

Belding Area Schools

Notes to Financial Statements

June 30, 2010

Note 5 – Capital Assets

Capital asset activity of the school district's Governmental activities was as follows:

	Balance July 1, 2008	Additions	Disposals and Adjustments	Balance June 30, 2009
Assets not being depreciated:				
Land	\$ 188,726	\$ 54,859	\$ 0	\$ 243,585

Note 7 – Long-Term Debt

The school district issues bonds, notes, and other contractual commitments to provide for the acquisition and construction of major capital facilities and the acquisition of certain equipment. General obligation bonds are direct obligations and pledge the full faith and credit of the school district. Other long-term obligations include severance pay, school bond loan fund payable and two leases.

Long-term obligation activity can be summarized as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental Activities					
Bonds	\$ 15,989,074	\$ 45,830,000	\$ 4,067,594	\$ 57,751,480	\$ 1,663,027
Total bonds payable	<u>15,989,074</u>	<u>45,830,000</u>	<u>4,067,594</u>	<u>57,751,480</u>	<u>1,663,027</u>
School Bond Loan Fund	4,240,393	0	4,240,393	0	0
Severance Plan	210,000	0	150,000	60,000	60,000
Compensated Absences	331,282	0	43,168	288,114	0
Total other obligation	<u>4,781,675</u>	<u>0</u>	<u>4,433,561</u>	<u>348,114</u>	<u>0</u>
Total	<u>\$ 20,770,749</u>	<u>\$ 45,830,000</u>	<u>\$ 8,501,155</u>	<u>\$ 58,099,594</u>	<u>\$ 1,663,027</u>

Annual debt service requirements, to maturity for the above bond obligations are as follows:

	Governmental Activities		
	Principal	Interest	Total
2011	\$ 1,663,027	\$ 1,762,639	\$ 3,425,666
2012	1,798,884	1,736,074	3,534,958
2013	2,018,728	1,699,440	3,718,168
2014	2,045,000	1,602,767	3,647,767
2015	2,190,000	1,533,762	3,723,762
2016-2020	8,490,000	6,561,050	15,051,050
2021-2025	13,390,000	4,965,714	18,355,714

Notes to Financial Statements
June 30, 2010

Note 7 – Long-Term Debt (Continued)

General obligation bonds and leases payable consist of:

\$9,370,000 bonded debt of February 19, 2008, due in annual installments of \$550,000 to \$1,090,000 through May 1, 2026, interest at 3.25% to 5.0%	\$ 9,370,000
\$3,725,000 bonded debt of March 2, 2006, due in annual installments of \$175,000 to \$295,000 through May 1, 2026; interest at 3.5% to 4.2%.	3,010,000
\$4,380,000 bonded debt of September 29, 2009, due in annual installments of \$170,000 to \$1,360,000 through May 1, 2016; interest at 1.38% to 4.29%.	4,210,000
\$2,650,000 bonded debt of September 23, 2009, due in annual installments of \$865,000 to \$900,000 through November 1, 2012; interest at 3.0% to 5.0%.	1,765,000
\$15,000,000 bonded debt of May 13, 2010, due in annual installments of \$5,000,000 beginning May 1, 2025 through May 1, 2027; interest at 6.5% to 6.7%.	15,000,000
\$23,800,000 bonded debt of May 13, 2010, due in annual installments of \$700,000 to \$1,000,000 beginning May 1, 2016 through May 1, 2040; interest at 4.41% to 6	23,800,000
Durant School Improvement Bonds of 1999 due in annual installments of \$13,104 to \$103,728 through May, 2013; variable interest rate. The State of Michigan is the only revenue source for making the annual debt service payment on the bonds. On or about, May 10, 2007, the State of Michigan refinanced these bonds to eliminate the annual payments due May 2007 through May 2008. A lump sum payment of \$103,728 is now scheduled for 2013.	<u>140,639</u>
Subtotal - Bonds Payable	57,295,639
Plus: Premiums on bond issuances (net)	<u>455,841</u>
Subtotal - Bonds Payable	57,751,480
Severance Plan	60,000
Compensated Absences	<u>288,114</u>
Total Long-term Debt	<u><u>\$ 58,099,594</u></u>

Durant Non-Plaintiff Bond – Included in Governmental Activities General Obligation Bonds is the Durant Non-Plaintiff Bond. Annual total payments (principal and interest) of \$16,426 to \$103,728 associated with this Bond are funded by the State of Michigan via specifically appropriated State Aid and will not require any District debt levy or utilization of any other District financial resources.

Notes to Financial Statements

June 30, 2010

Note 8 – Risk Management

The School District is exposed to various risks of loss related to property loss, torts, errors and omissions, employee injuries (workers' compensation) as well as medical benefits provided to employees. The School District has purchased commercial insurance for all risks. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

Note 9 – Defined Benefit Pension Plan and Post Retirement Benefits

Plan Description – The School District participates in the Michigan Public School Employees' Retirement System (MPSERS), a statewide, cost-sharing, multiple-employer defined benefit public employee retirement system governed by the State of Michigan that covers substantially all employees of the District. The system provides retirement, survivor, and disability benefits to plan members and their beneficiaries. The Michigan Public School Employees' Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the system. That report may be obtained by writing to the system at 7150 Harris Drive, P.O. Box 30673, Lansing, MI 48909-8103.

Funding Policy – Employer contributions to the system result from the implementing effects of the School Finance Reform Act. Under these procedures, each school district is required to contribute the full actuarial funding contribution amount to fund pension benefits, plus an additional amount to fund retiree health care benefit amounts on a cash disbursement basis.

The pension benefit rate totaled 16.54 percent for the period from July 1, 2009 to September 30, 2009, and 16.94 percent from October 1, 2009 through June 30, 2010, for the covered payroll to the plan. Basic plan members make no contributions, but Member Investment Plan members contribute at rates ranging from 3 percent to 6.4 percent of gross wages. The District's contributions to the MPSERS plan for the years ended June 30, 2010, 2009, and 2008 were \$1,858,468, \$1,830,646 and \$1,806,304, respectively.

Post Employment Benefits – Under the MPSERS Act, all retirees participating in the MPSERS Pension Plan have the option of continuing health, dental, and vision coverage. Retirees having these coverages contribute an amount equivalent to the monthly cost for Part B Medicare and 10 percent of the monthly premium amount for the health, dental, and vision overages. Required contributions for post employment health care benefits are included as part of the District's total contribution to the MPSERS plan discussed above.

Notes to Financial Statements

June 30, 2010

Note 10 – Contingencies

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District believes such amounts, if any to be minimal.

The School District is involved in lawsuits from time to time. The ultimate outcome of any of these lawsuits cannot be presently determined; and the amount of damages, if any, cannot be determined at this time.

Note 11 – Capital Projects

The Capital Projects Fund includes capital project activities funded with bonds issued after May 1, 1994. For this capital project, the school district has complied with the applicable provisions of Sec. 1351a of the Revised School Code. The following is a summary of the revenue and expenditures in the Capital Projects Fund from the inception of the fund through the current fiscal year.

Revenue:	\$38,782,459
Expenditures	\$681,453

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

Board of Education
Belding Area Schools
Belding, Michigan

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Belding Area Schools, as of and for the year ended June 30, 2010, which collectively comprise the Belding Area Schools basic financial statements and have issued our report thereon dated November 3, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Belding Area School's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Belding Area Schools' internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Belding Area Schools' internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Board of Education
Belding Area Schools

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Belding Area School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Board of Education, and the federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS
THAT COULD HAVE A DIRECT OR MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Education
Belding Area Schools
Belding, Michigan

Compliance

We have audited the compliance of Belding Area Schools with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Belding Area Schools' major federal programs for the year ended June 30, 2010. Belding Area Schools' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Belding Area Schools' management. Our responsibility is to express an opinion on Belding Area Schools' compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Belding Area Schools' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Belding Area Schools' compliance with those requirements.

In our opinion, Belding Area Schools complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

Management of Belding Area Schools is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Belding Area Schools' internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Belding Area Schools' internal control over compliance.

Board of Education
Belding Area Schools

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, Board of Education, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Belding Area Schools
Schedule of Findings and Questioned Costs
Year Ended June 30, 2010

A. Summary of Audit Results

1. The auditor's report expresses an unqualified opinion on the general purpose financial statements of Belding Area Schools.
2. No material weakness or significant deficiencies relating to the audit of the financial statements are reported in the Independent Auditor's Report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with Government Auditing Standards.
3. No instances of noncompliance material to the financial statements of Belding Area Schools, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
4. No material weakness or significant deficiencies relating to the audit of the major federal award programs is reported in the Independent Auditor's Report on compliance with requirements applicable to each major program and internal control over compliance in accordance with OMB Circular A-133.
5. The auditor's report on compliance for the major federal award programs for Belding Area Schools expresses an unqualified opinion on all major programs.
6. Audit findings that are required to be reported in accordance with OMB Circular A-133 are reported in Part C of this Schedule. There are no findings for the year ended June 30, 2010.
7. The program tested as a major program include: CFDA # 84.010, #84.389, #84.391 and #84.394. Total expenditures were \$1,564,050.
8. The threshold for distinguishing Types A and B programs was \$300,000.
9. Belding Area Schools was determined to be a low-risk auditee.

B. Findings--Financial Statement Audit

None

C. Findings and Questioned Costs - Major Federal Award Programs Audit

None

Belding Area Schools
Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2010

NOTE A: *Designates a major program.

NOTE B: The accompanying Schedule of Expenditures of Federal Awards is prepared on the modified accrual basis of accounting.

NOTE C: Management has reported the expenditures in the Schedule of Expenditures of Federal Awards equal to these amounts reported in the annual or final cost reports.

NOTE D: Management has utilized the Grants Section Auditors Report (Form R7120) and the Grant Audit Report in preparing the Schedule of Expenditures of Federal Awards. Some timing differences occurred between amounts reported on the Form R7120 and the actual receipt of funds.

NOTE E: U.S.D.A. commodities are recorded as revenues and expenditures when received. Amounts are based on U.S.D.A. value for donated food commodities. Reported commodity receipts values were computed using the Recipient Entitlement Balance Report and other district records. Spoilage or pilferage, if any, is included in expenditures.

Belding Area Schools
Schedule of Prior Audit Findings
June 30, 2010

Prior Audit Findings

None

To the Board of Education
Belding Area Schools
Belding, Michigan

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Belding Area Schools for the year ended June 30, 2010, and have issued our report thereon dated November 3, 2010. Professional standards require that we provide you with the following information related to our audit.

Our Responsibilities under U.S. Generally Accepted Auditing Standards and *Government Auditing Standards*

As stated in our engagement letter dated June 9, 2010, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

As part of our audit, we considered the internal control of Belding Area Schools. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed test of Belding Area Schools' compliance with certain provisions of laws, regulations, contracts, and grants. However, the objective of our tests was not to provide an opinion on compliance with such provisions.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our conversations about planning matters on June 9, 2010.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Belding Area Schools are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2010. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive estimates affecting the financial statements were management's estimated lives of capital assets and their estimate of the liability of the payout of employee compensated absences. We evaluated the key factors and assumptions used to develop the estimated life span of capital assets and the estimated value of compensated absences in determining that they are reasonable in relation to the financial statements taken as a whole.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated November 3, 2010.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Education and management of Belding Area Schools and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Biggs, Hausserman, Thompson & Dickinson, P.C.
