1.1 Preamble

This agreement made and entered into by and between the Board of Education of the Ellsworth Community School District, hereinafter referred to as the "Board", and the Northern Michigan Education Association (Representing Ellsworth Education Association)/MEA-NEA, hereinafter referred to as the "Association."

1.2 Recognition

A. The Board hereby recognizes the Association as the sole and exclusive bargaining representatives for all certified and non-certified (as permitted by the school code of the State of Michigan) teaching personnel whether under written contract, on leave, or on a per diem, hourly or class rate basis employed by the Ellsworth Board. Such representation shall cover all personnel assigned to newly created professional positions unless the parties agree in advance that such positions are principally supervisory and administrative. Such representation shall exclude superintendent, principals and assistant principals and any other person engaged at least 50% of the time in the direct administration and supervision of professional personnel. The term "teacher" when used hereinafter in the Agreement shall refer to all professional employees represented by the Association in the bargaining or negotiating unit as above defined.

B. The Board agrees not to negotiate with or recognize any teachers' organization other than the Association for the duration of this agreement.

1.3 Witnesseth

WHEREAS, the Board has a statutory obligation, pursuant to the Public Employment Relations Act, Act 336 of the Public Acts of 1947 as amended, to bargain with the Association as the representative of its teaching personnel with the respect to hours, wages, tenure and conditions of employment, and by Act 379 of the Public Acts of 1965, and

WHEREAS, the parties have reached certain understandings which they desire to confirm in this agreement,

In consideration of the following mutual covenants, it is hereby agreed as follows:

1.4 Extent of Agreement

A. This Agreement shall constitute the full and complete commitments between both parties and may be altered, changed, added to, deleted from, or modified only through the voluntary, mutual consent of the parties in written and signed amendment to this Agreement.

B. Any individual contract between the Board and an individual teacher heretofore executed shall be subject to and consistent with the terms and conditions of this Agreement. If an individual contract contains any language inconsistent with this Agreement, this Agreement, during its duration, shall be controlling. This Agreement shall supersede any rules, regulations or practices of the Board, which shall be contrary to or inconsistent with its terms. The provisions of this Agreement shall be incorporated into and be considered part of the established policies of the Board.

C. If any provision of this Agreement or any application of the Agreement to any employee or group of employees shall be found contrary to the law, then such provision or application shall not be deemed valid and subsisting except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.

1.5 Duration of Agreement

A. This agreement shall be effective as of September 1, 2015, and shall continue in effect until the 31st day of August, 2017. Negotiations between the parties shall begin 60 days prior to the contract expiration date. If, pursuant to such negotiations, an agreement on the renewal or modification is not reached prior to the expiration date, this agreement shall expire at such expiration date unless it is extended for a specific period or periods by mutual written agreement of the parties.

B. Copies of this agreement titled "Master Agreement between the Ellsworth Community School District and the Northern Michigan Education Association (Representing the Ellsworth Education Association), MEA, NEA" shall be printed at the expense of the Board within 30 days after the agreement is signed and presented to all teachers now employed or hereafter employed or considered for employment by the Board. All school district personnel board policies or any changes in said policies shall be distributed to all teachers within 30 days of the commencement of this contract or upon employment. Amendments to policies shall be provided to all teachers within fifteen (15) calendar days of board taking such action. Upon employment, teachers shall be given a copy of the form authorizing check-off for association dues and service fees within 30 days of said employment.

1.6 Continuity of Operations

A. Both parties recognize the desirability of continuous and uninterrupted operation of the instructional program during the normal school year and the avoidance of disputes, which threaten to interfere with such operations. Since the parties have established a comprehensive grievance procedure under which unresolved disputes may be settled by an impartial third party, the parties have removed the basic cause of work interruptions during the period of this agreement. The Association accordingly agrees that it will not, during the period of this Agreement, directly or indirectly engage in or assist in any strike, as said term is defined by the Public Employment Relations Act.

B. The Board and Association also agrees that it will not during this period of this agreement, directly or indirectly engage in or assist in any unfair labor practice as defined by Section 10 of the Public Employment Relations Act.

1.7 and Payroll Information and Deductions

A. Upon request, the district will provide to the association individual salary data and full-time work status for each association member, including mid-year changes.

B. Upon appropriate written authorization from the teacher, the Board shall deduct from the salary of any teacher and make appropriate remittance for annuities, credit union, savings bonds, charitable donations, or any other plans or programs jointly approved by the Association and the Board.

C. This article shall be effective retroactively to the date of the agreement, and all sums payable hereunder shall be determined from said date.

1.8 Calendar

The parties agree that all aspects of the school calendar are negotiable (excluding those aspects governed by Michigan law), including length of the school year, and further agree that the school calendar shall be set forth in this Master Agreement. Any deviation, except in accordance with 1.9, School Closing Provisions, shall be by mutual consent. The school calendar shall be coordinated with the Intermediate School District.

1.9 School Closing Provisions

A. Both Parties recognize that school districts of the state are required by law to meet minimum standards for pupil instruction.

B. Therefore scheduled days of student instruction and/or teacher attendance that are cancelled because of conditions not within the control of school authorities, such as but not limited to, severe storms, fires, epidemics, mechanical failures, or health conditions as defined by health authorities shall be re-scheduled if required by law.

C. Make up days shall be rescheduled at the end of the regular school year on consecutive weekdays unless otherwise agreed to. When possible the last two days of the extended school year shall be one-half day student attendance days and one-half day teacher work days. When make-up days extend the school year the teacher workday will not be rescheduled.

D. Rescheduled days will not require an adjustment in compensation or benefits.

1.10 Grievance Procedure

A. A claim by a teacher of the bargaining unit or by the Ellsworth Education Association that there has been a violation, misinterpretation, or misapplication of any provision of this agreement may be processed as a grievance as hereinafter provided. Written grievances as required herein shall contain the following:

6. It shall specify the relief requested.

Any written grievance not in accordance with the above requirements may be rejected as improper. Such rejection shall not extend the limitations hereinafter set forth.

B. In the event that a teacher believes there is a basis for a grievance, he/she shall first discuss the alleged grievance, with his/her building principal within ten (10) school days of the occurrence or the teacher's knowledge of the occurrence of the alleged cause of the grievance either personally or accompanied by his/her Association representative.

C. If, as a result of the informal discussion with the building principal, a grievance still exists, grievant may invoke the formal grievance procedure by filing the grievance in writing with the principal, within five school days, on a form set forth, signed by the grievant and a representative of the Ellsworth Education Association. The form shall be available from the Association representative in each building. Principal parties to the grievance shall be present at all subsequent meetings.

D. Within five (5) school days of receipt of the grievance, the principal shall meet with the grievant, either personally or accompanied by his/her Association representative, in an effort to resolve the grievance. The principal shall indicate his disposition of grievance in writing within five (5) school days of such meeting, and shall furnish a copy thereof to the grievant.

E. If the grievant is not satisfied with the disposition of the grievance, or if no disposition has been made within five (5) school days of such meeting the grievance shall be transmitted to the superintendent within five (5) school days of such disposition or termination of the waiting period. Within five (5) school days of receipt of the grievance the superintendent or his designee shall meet with the grievant, either personally or accompanied by his/her Association representative. The superintendent shall indicate his disposition of the grievance in writing within five (5) school days of such meeting, and shall furnish a copy thereof to the grievant.

F. If the grievant is not satisfied with the disposition of the grievance by the superintendent or his designee, or if no disposition has been made within five (5) school days of such meeting the grievance shall be transmitted to the Board within five (5) school days of such disposition or termination of the waiting period by filing a written copy thereof with the Secretary or other designee of the Board. The Board, no later than its next regular meeting or two (2) calendar weeks, whichever shall be later, may hold a hearing on the grievance, review such grievance in executive session, or give such other consideration as it shall deem appropriate. Disposition of the grievance in writing by the Board shall be made no later than five (5) days thereafter. A copy of such disposition shall be furnished to the grievant.

G. If the grievant and the Association are not satisfied with the disposition of the grievance by the Board, or if no disposition has been made within the period above provided, the Association may submit the grievance, within twenty (20) school days thereafter, to arbitration before an impartial arbitrator.

H. If parties cannot agree as to the arbitrator, he shall be selected by the American Arbitration Association in accordance with its rules, which shall likewise govern the arbitration proceeding. The arbitrator selected shall be required to begin the hearing within ninety (90) days after his or her selection. The hearing is to be held in a suitable location, either in Charlevoix or Antrim Counties and the arbitrator must render his decision within thirty (30) days of the close of the hearing. The Board and The Association shall not be permitted to assert in such arbitration proceeding on any ground or to rely on any evidence not previously disclosed to the other party. The arbitrator shall have no power to alter, add to or subtract from the terms of this agreement. Both parties agree to be bound by the award of the arbitrator and agree that judgment thereon may be entered in any court of competent jurisdiction.

I. The Costs of arbitration to be borne equally by the parties.

J. The time limits provided in this Article shall be strictly observed but may be extended by written agreement of the parties.

Negotiations shall begin no later than thirty days after receipt of notifications.

B. In the event that court-ordered negotiations are conducted during regular school hours, release time shall be provided for the Association's negotiating committee.

C. There shall be three (3) signed copies of any final agreement. One copy shall be retained by the Board, one by the Association and one by the superintendent.

SECTION II - EMPLOYMENT RELATIONSHIPS

2.1 Notification of Vacancies; and Request for Transfers

A. Requests by a teacher for transfer to different class, building, or position shall be made in-writing on forms furnished by the Board, one copy of which shall be filed with the superintendent, and one-copy shall be filed with the Association. The application shall set forth the reasons for transfer, the school, grade, or position sought, and the applicant's academic qualifications.

B. A “certified and qualified” teacher means a teacher whom the State has determined is certified and qualified to perform the duties of the position to be filled. A teacher shall be presumed to be a “certified-teacher” if the teacher:

Is “certified” to teach all of the subjects of the position to be filled. “Certified” shall be defined as the requirement to hold all certificates, endorsements, and approvals required by law and/or the Michigan Department of Education administrative regulations to service in the position assigned. It is the teacher’s responsibility to file such certificates, endorsements, or approvals with the Board. The certification status of a teacher on file with the board shall be considered conclusive for all purposes under this contract. The teacher shall provide written notice to the Board of any change to his/her certificates, endorsements, or approvals after the original filing of same with the Board. This shall include notice of any additional endorsements, certificates, renewals, approvals, as well as expirations, revocations and any limitations thereon. The teacher shall further notify the Board and the Association, in writing, in the event that s/he petitions the State Board of Education for nullification or limitation of his/her certificate, one or more endorsements thereon, or a grade level certification appearing on the certificate.

2. Is “qualified” to teach all of the subjects of the position to be filled. “Qualified” shall mean that the teacher:

Meets all standards for a highly qualified teacher under the No Child Left Behind Act of 2001, as amended and its implementing regulations as provided and appropriate under Article 3.10 of this contract.

C. A vacancy shall be defined for purposes of this contract as a position presently unfilled, a position currently filled but which will be open in the future, or a new position that is currently not in existence.

D. Whenever a vacancy arises or is anticipated, the-superintendent shall promptly notify the Association so that association members shall be given the opportunity to apply for open positions.

E. The foregoing shall not be construed in such a way as to prohibit the Board of Education from providing a racially or sexually balanced staff in each school building or implementing an affirmative action program.

2.2 Association Rights

A. Upon written notification of the administration, the Association shall have the right to use school buildings between the hours of 7:00 A.M. to 10:00 P.M., (Mon.- Sat.), for meetings, provided that when special custodial service is required, the Board may make customary hourly charge therefore. No charge shall be made for use of schoolrooms before the commencement neither of the school day nor until 6:00 P.M.

B. Duly authorized members of the Association shall be permitted to transact official Association business on school property at the above times, provided that this shall not interrupt normal school operations.

C. The Association shall have the right to use school facilities and equipment, including typewriters, mimeographing machines, other duplicating equipment, calculating machines, and audio-visual equipment at the above times, when such equipment is not otherwise in use. The Association shall pay for the cost of all materials and supplies incidental to such use.

D. The Association shall have the right to post notices of lawful activities and matters of Association concern on the Teacher bulletin boards, at least one of which shall be provided in each school building. The Association may use the interschool mail service and teacher mail boxes for communication to teachers.

E. The Board agrees to furnish the Association, in response to written request, all available public information concerning the financial resources of the district, including but not limited to: annual financial reports and audits, register of certified personnel, tentative budgetary requirements and allocations, (including county allocation board budgets), agendas, minutes of all Board Meetings, treasurer's reports, census and membership data, names and addresses of all teachers, salaries paid thereto and educational background, and such other information as will assist the Association.

F. The rights granted herein to the Association shall not be granted or extended to any competing labor organization.

2.3 Teacher Evaluation

A. The parties recognize the importance and value of a procedure for assisting and evaluating the progress and success of both newly employed and experienced personnel. Therefore, to this end, the board and administration shall assume all responsibility for this process as is in compliance with school and tenure law.

2.4 Personnel Files and Records

A. A teacher will have the right to review, in the presence of an administrator, the contents of all records, excluding initial references, of the district pertaining to said teacher, originating after initial employment and to have a representative of the Association accompany him/her in such review.

B. No material, including but not limited to, student, parental, or school personnel complaints, originating after initial employment, will be placed in his/her personnel file unless the teacher has had an opportunity to review the material. Any such material, which is found to be inappropriate or in error, shall be promptly corrected or expunged, whichever is appropriate, provided cause is shown. Complaints against the teacher shall be put in writing with the names of the complainants, administrative action taken, and remedy clearly stated. Any such negative material shall be expunged from the file after two (2) years following its inclusion in the file if similar incidents have not occurred during such time. It is understood that formal records regarding disciplinary action (written reprimands, etc.) shall only be expunged by mutual consent. The teacher may submit a written notation regarding any material, including complaints, and the same shall be attached to the file copy of the material in question. If the teacher is asked to sign material placed in his/her file, such signature shall be understood to indicate his/her awareness of the material but in no instance shall said signature be interpreted to mean agreement with the content of the material. All recommendations, written or oral, shall be based solely on the contents of the teacher's personnel file.

C. In the event that a Freedom of Information Act (FOIA) request is made for a teacher's personnel file or for individual records, the district will immediately inform the teacher of said request. The district will take the maximum time allowed under the law to respond to such request to allow the teacher the time to access his/her rights under the law.

2.5 Seniority and Notifications

A. Seniority shall be defined as the length of service within the Ellsworth School District as a member of the bargaining unit as of the bargaining unit member's effective date of employment. In the circumstances of more than one individual beginning employment on the same date, all individuals so affected will participate in a drawing to determine position on the seniority list. The Association and teacher(s) so affected will be notified in writing of the date, place and time of the drawing. The drawing shall be conducted openly and at a time and place which will reasonably allow affected teachers and Association representatives to be in attendance.

B. A teacher shall lose seniority rights if he/she retires, resigns, or is discharged for reasons that are not arbitrary and capricious, or leaves the bargaining unit.

C. Seniority but not advancement on the salary schedule shall accrue for teachers on various forms of leave as determined by this agreement.

D. The Board shall give written notice of changes in employment status by sending a registered or certified letter to said teacher at his/her last known address. It shall be the responsibility of the teacher to notify the Board of any change of address. The teacher's address as it appears on the Board's records shall be conclusive when used in connection with notices to the teacher.

E. In the event this district shall be annexed, consolidated, or otherwise reorganized with one or more districts in whole or in part, the Board will use its best efforts to assure the continued employment of the members of the Association.

F. Teachers shall receive tentative notification of their assignment for the next school year by June 1 or the first available date before classes begin.

2.6 Discipline of Teachers

A. Teachers shall be entitled to full rights of citizenship and no religious or political activities of any teacher or lack thereof shall be grounds for any discrimination with respect to the professional employment of such teacher. The private and personal life of any teacher is not within the appropriate concern or the attention of the Board as long as the conduct of the individual teacher is within reasonable bounds of generally understood good professional conduct.

A teacher shall retain his or her right to have Association representation.

2.7 Rights of the Board

Nothing contained herein shall be considered to deny or restrict the Board of its rights, responsibilities, and authority under the laws of the State of Michigan and of the Federal Government of the United States. Except as stated by this agreement, all the rights, powers, and authority the Board had prior to this agreement are retained by the Board, provided that such rights shall be exercised in conformity with the provisions of this agreement.

It is expressly agreed that all rights, which ordinarily vest in and have been exercised by the Board, except those which are relinquished herein by the Board, shall continue to vest exclusively in and be exercised by the Board.

Such rights shall include, by way of illustration and not by way of limitation, the right to:

Manage and control the schools business, the equipment, the operations and to direct the working forces and affairs of the employer.

Continue its rights and past practice of assignment and direction of work of all of its personnel.

2.8 Teacher Rights

A. Complaints directed against a teacher by any individual must be brought to the teacher's attention by the school administrator within five (5) working days or be dropped. No complaint against a teacher shall be reduced to writing and entered into the teacher's personnel file without the name of the complainant identified and the teacher being provided with a copy of such complaint.

B. The Board recognizes the right of its employees appropriately to invoke the assistance of the State Labor Mediation Board, or a mediator from such public agency, or an arbitrator appointed pursuant to the provisions of this agreement.

C. The Association and its members shall have the right to use the building facilities at all reasonable hours for business meetings. Association meetings shall be scheduled with the superintendent at least one week in advance; however, said meetings may be scheduled for the duration of one semester at a time. Further, the parties agree that Association meetings shall not commence until, at least, fifteen (15) minutes after the students are scheduled to depart, provided that, if a bargaining unit member is requested to meet with

a parent, student, or administrator during such meeting, he/she shall be obligated to fulfill such obligation

SECTION III - TEACHING CONDITIONS

3.1 Academic Freedom

A. The parties seek to educate young people in the democratic tradition, to foster a recognition of individual freedom and social responsibility, to inspire meaningful awareness of and respect for the Constitution and the Bill of Rights and to instill appreciation of the values of individual personality. It is recognized that these democratic values can best be transmitted in an atmosphere which is free from censorship and artificial restraints upon free inquiry and learning, and in which academic freedom for teacher and student is encouraged.

B. Academic freedom shall be guaranteed to teachers, and no special limitations shall be placed upon study, investigation, presenting and interpreting facts and ideas concerning man, human society, the physical and biological world and other branches of learning, subject to accepted standards of professional responsibility set forth in the Code of Ethics of the Education Profession. The right to academic freedom herein established shall include the right to support or oppose political causes and issues outside of the normal classroom activities.

C. Freedom of individual expression will be encouraged and fair procedures will be developed to safeguard the legitimate interests of the school and to exhibit by appropriate examples the basic objectives of a democratic society.

3.2 Student Discipline and Teacher Protection

A. Any case of assault, which is school related upon a teacher, shall be promptly reported to the Board or its designated representative. The time lost by a teacher in connection with any incident mentioned in this Article shall not be charged against the teacher.

B. In accordance with current State Law, staff members shall be allowed to use such physical force as is necessary and consistent with such law and Board policy to:

- 1) Protect themselves or others from attack, or injury;
- 2) Remove a dangerous weapon or object from another;
- 3) Protect property from physical damage;
- 4) Remove a disruptive student from the classroom when an administrator is not available.

3.3 Hours and Conditions

A. Teachers are to attend all school assemblies to help maintain student order.

B. All teachers are required to attend faculty meetings.

C. In addition to teaching, each teacher shall be responsible for a portion of the miscellaneous services and activities of the school such as are a part of the normal school operation or are a part of the teachers program of instruction as developed by him/her.

Preparation of programs, exhibitions of work and parent teacher conferences and other major departures from the established calendar shall only be established by mutual agreement. Semester and final exam schedules for the secondary high classes shall be established each year after consultation between the administration and Association.

D. All high school and junior high school teachers will have at least one unassigned preparation period per day. All elementary teachers will have, averaged on a weekly basis, one unassigned preparation time equal to one high school class period per day. Should special classes be canceled because of circumstances such as absence of teacher(s) of such class(es), elementary teachers required to take students during such time and losing preparation time as a result shall be compensated on the same basis as any other teachers substituting during their preparation period(s) as outlined in section VI (D). All teachers shall be entitled to a duty-free, uninterrupted lunch period equivalent to student lunch hour unless there is an emergency.

The superintendent will consult with his/her elementary teaching staff members to structure shared recess supervision and to coordinate the school schedule relative to art, music, lunch, and other special classes. The purpose of this cooperative effort is to enhance the opportunities for planning time, as uniformly as possible and common when practicable. Recess time shall not exceed thirty (30) minutes and must be supervised by a certified teacher.

E. The teacher's prep period is for the preparation to conduct tasks related to their specific teaching assignment. Teachers are expected to be in the building or on the grounds during this time, unless given permission to leave by the administration.

F. (1) The workday for teachers will be from 7:50 a.m. until ten (10) minutes after the buses leave, except on Friday or days preceding vacations when the workday shall be until five (5) minutes after the buses leave.

On days when students are dismissed early, except on contractual in-service or professional development days, the teacher workday will end at 2:55 p.m. provided the teacher is fully prepared for their assignment the next working day. The parties to this agreement shall meet at least thirty (30) days prior to the end of each school year to determine necessary action to be taken to comply with the state requirement regarding

clock hours of instructional time if such action would be outside the Board's authority under Section 2.7.

(2). The parties agree that the District shall comply with such requirements. Only such additional time as required by law shall be so structured by the parties. Should this require additional time to be added to the teacher's existing work day, such time will be compensated at the rate of .1% per hour payable at the last scheduled pay of the school year for a mid-year correction, and by applying the appropriate total amount to each step of the salary schedule for use as the final salary schedule for that contract year and for calculation of the schedule for the next contract year.

(3) If the lunch hour is shortened, the ending time of the day will be shortened the same amount of time unless the parties agree to shorten it as provided herein, above.

G. The Board recognizes that appropriate texts, and workbooks, library reference facilities, maps and globes, laboratory equipment, current periodicals, software, standard tests and questionnaires, and similar materials are the tools of the teaching profession. A committee composed of representatives of the board, administrators, parents, students and teachers will confer from time to time to review the selection, use, and replacement of educational tools. The committee will then forward a report of its recommendations to the Superintendent and Board for consideration. When new classes are being considered for institution, such classes shall only be offered once appropriate books and other necessary materials for the class have been provided through the process outlined herein, above unless by mutual agreement between the teacher and the administration other arrangements are made for appropriate materials.

H. To promote an efficient process for estimating needs and ordering supplies, classroom budget balances will be provided by June 1 when practical. Room budget balances for the second semester will be provided upon request for individual teachers. Tentative fall class lists will be provided by June 1 and tentative spring class lists by January 1 when practical. Teachers will be informed of changes in the tentative fall and spring class lists as they occur to assist in the practical issues of ordering adequate materials.

I. Staff meetings shall be pre-scheduled and posted in the teacher's workroom for each semester by the end of the first week of the semester. Rescheduling of such meetings shall be by mutual consent. All staff meetings shall begin at three o'clock unless mutually agreed otherwise. The parties understand that unusual or emergency conditions may occur that would require that a particular staff meeting would need to be held outside of either the posting or timeframe specified herein. In such limited instances, the superintendent or his/her designee may schedule such meetings by informing the association president of the circumstances requiring the change(s).

J. A teacher work/lunch/prep room (inclusive of bathroom facilities) shall be provided in each building which shall be for the exclusive use of the teaching staff and other staff. This room shall not normally be used for purposes that would make it unavailable for

teaching staff use. A telephone shall be made available for teaching staff use with appropriate limitations on personal calls.

K. Teachers will teach in their major and minor fields as nearly as possible. Teachers shall receive tentative notification of their assignment for the next school year by June 1.

L. The administration and the Board will give all reasonable support and assistance to teachers with respect to the maintenance of student control and discipline, recognizing however, that student discipline is a basic teaching responsibility.

M. When working under normal teaching conditions (not to include the Lancer Leap project term) no full time teacher shall be required to teach without a preparation period. In the event administration requests and a teacher accepts the assignment to teach without a preparation period such teacher shall be compensated at a rate of \$4000 per year for preparation required for such a class.

N. Teachers shall not be required to make home visits with students and/or parents as a part of their duties.

Teachers agreeing to make such visits shall:

- 1) be accompanied by an administrator or other authorized school district or ISD employee;
- 2) be covered by the school liability insurance and/or "errors and omissions" policy with at least \$1,000,000.00 coverage inclusive of his/her automobile;
- 3) be authorized by the appropriate administrator; and
- 4) be reimbursed for mileage and time spent, including travel, at the appropriate IRS and personal hourly rates for the teacher(s).

3.4 Class size

A. The Board agrees to a class load of thirty (30) students for all academic areas other than those restricted by the facilities or equipment such as biology, physics, chemistry, and graphics which shall be limited to 24 students. It is further agreed that subjects such as music, band, physical education and study halls may be larger. The recommended class size for the elementary grades K-2 is twenty-seven (27).

B. In the event a teacher is assigned a class load greater than the recommended limits the teacher shall be compensated using the following formula:

C. For each class period in which a teacher's class load exceeds the recommended maximum, the teacher shall be compensated twenty-five Dollars (\$25) per semester for

each student over the maximum. Days for compensation to be computed from the first day the official class enrollment exceeds the limit until the last day the official enrollment exceeds the class limit. Compensation to be included with the next regularly scheduled paycheck following the end of the overload condition. In grades K - 8 the maximum paid per year for each student shall not exceed three hundred dollars (\$300) or a portion thereof based on a ratio of the individual student attendance days to membership days.

3.5 School Improvement

A. The Board, administration, teachers and association recognize the necessity of maintaining an ongoing district-wide school improvement process and the importance of continued recognition of quality educational services as a fundamental priority and shared goal of the parties.

B. The term school improvement plan as used in this article shall mean a school improvement plan as provided in the Elementary and Secondary Education Act (ESEA/No Child Left Behind Act), as well as, Public Act 197 of 1989 and P.A. 25 of 1990. The provisions contained in this article shall apply to all school improvement plans as provided in the ESEA and Public Acts 197 and 25.

C. The Board recognizes that the terms and conditions of the collective bargaining agreement will govern with respect to wages, hours and other conditions of employment and that those terms shall not be altered or modified through the school improvement process, absent written mutual agreement by the parties. In the event of a conflict between a school improvement plan and the collective bargaining agreement, the collective bargaining agreement shall prevail.

D. The involvement for teachers in school improvement process shall be voluntary. Should school improvement meetings or activities be scheduled during an employee's regular workday, the employee shall be released from duties without loss of pay to attend such meetings or activities.

E. The superintendent shall provide copies of all building level "school improvement plans", annual education reports, other reports, recommendations of the committee, and meeting minutes to the association within a reasonable time upon request.

F. It is understood that school improvement committees will not address grievances of the master agreement, will not evaluate individual employee performance, will not address discipline of employees, and will not address wages or fringe benefits.

3.6 Site Based Decision Making

A. The Board and Association recognize shared benefits in the concept of joint planning and joint problem solving that focuses on the goals of improving the quality and delivery

on educational services, and the work environment. The parties also recognize shared benefits in the concept of participatory management systems that facilitate shared decision making on select issues. The parties recognize that the teaching staff can and does make contributions when sharing in the decision making process at the building level and further recognizes that with decision making authority comes responsibility and accountability.

It is further understood that the site-based decision making process is not intended to extend beyond the scope of the traditional decision making authority of building level administrators and that the focus of approved plans must be consistent with the Board's legal or statutory authority, its mission statement, goals, district wide school improvement plan, and the master agreement.

B. The parties recognize that certain areas of authority must be retained by the Board and administration and will remain out of the scope of plans submitted by a site-based decision making committee.

C. Site-based decision making committees must be comprised of building level administrators and staff. It is understood that building level administrators and staff will be jointly responsible for the development of and, ultimately, implementation of plans approved by the Board.

D. Plans submitted for approval by a site-based management committee must contain at a minimum:

1. Rationale for a plan which is consistent with Board and school improvement committee goals.
2. A statement that the proposed plan is supported by a clear majority of the building staff.

6. Detail of provisions of the collective bargaining agreement that are anticipated to conflict with a proposed plan, and detail of alternative provisions in the form of limited deviations from the agreement for the duration of the plan. Any proposed deviations to be subject to approval by the Board and Association.

8. The proposed duration of the plan.

9. Detail of a building level dispute resolution procedure for disputes arising from implementation of a plan. Such procedure shall be consistent with the process for grieving disputes as outlined in the master agreement.

E. The Board and Association reserve the express authority to reject a proposed plan, to terminate an existing plan, or to reject a request for a continuation of a plan.

In cases when a plan is rejected, terminated, or not renewed, the rejecting party will identify its rationale. It is expressly understood that such a decision to reject a proposal, terminate a plan in place or to not renew or extend a plan is not subject to the grievance procedure outlined in the master agreement.

F. Once a plan is implemented, reports outlining status and impact of the plan must be provided by the committee to the Board and Association at the end of each semester. No site-based plan will continue to a subsequent year unless the plan has been renewed by the association and the Board. Not later than thirty (30) days prior to termination of a plan, a complete report detailing the status, impact and future of the plan is required from the committee to be provided to the Board and Association.

3.7 Least Restrictive Environment

B. In general education classrooms:

1. Any teacher who will be providing instructional or other services to a student with disabilities in a regular education class shall be invited to participate in the student's IEPC. If the teacher is not identified prior to the IEPC, a meeting will be convened with the teacher to review the IEPC. Such a meeting will be arranged through consultation with the teacher as soon as possible.

2. The student's IEPC must specify and provide for all specific support, materials and services deemed necessary by the IEPC. The District shall make every reasonable effort to support the receiving teacher with necessary classroom materials.

3. The student with disabilities 's placement should be determined to the extent permissible by law and through the IEPC in such a way to be sensitive to both the educational process for the student with disabilities and the other students in the classroom to be entered.

4. The administration shall provide, upon the teacher's request, prior to such placement whenever possible, awareness information to the affected teacher(s) and students regarding placement of students with disabilities in the class(es). The activities shall be provided to promote a school climate that is receptive to the placement and to maximize the potential of the student with disabilities while minimizing possible areas of concern. Should prior provision of such information not be possible, the information shall be provided as early as can be arranged after the placement has occurred. At the teacher's request, information and/or training will be provided regarding appropriate instructional techniques and behavioral management for dealing with varying physical, mental, and emotional problems of students with disabilities.

C. If delivery of related school health services is necessary to provide a student with a free appropriate public education as mandated by the Individuals with Disabilities Education Act, those functions shall be performed by a qualified person. Except in life threatening or extenuating circumstances or unless the teacher volunteers, a teacher shall not be required to perform medical, hygienic or other non-instructional specialized medical procedures for or on students with disabilities. Where clean intermittent catheterization, nasal suctioning, tracheotomy care, and similar procedures are necessary to maintain a student in the classroom, for cases of emergency or extenuating circumstance, appropriate training will be provided to each teacher prior to the placement of that special education pupil in the teacher's room. This training shall include an explanation of procedures and emergency procedures for delivery of the school health service, identification of the appropriate persons to whom performance of that function may be permissibly delegated, the extent and availability of supervision for performance of the procedures and the authority for alteration, modification or termination of the procedures. B. Whereas the parties recognize the educational value of technology, including the use of the Internet at school using district equipment, they hereby agree to the following:

D. ANNEXATION/CONSOLIDATION

Agreement between the Board of Education of the Ellsworth Community School District (District) and Ellsworth EA/NMEA/MEA/NEA (Association) relating to any annexation, consolidation or any other form of reorganization that includes or involves the Ellsworth Community School District or all or any part of its geographic territory after the date of this agreement, but prior to December 31, 2020.

While no such annexation, consolidation nor reorganization is currently under consideration, the parties believe that it is in their mutual interests and prudent to agree in the absence of such plan how certain issues would be handled in the event an annexation, consolidation or reorganization of all or any part of the currently existing Ellsworth Community School District or that would impact said district by adding to; subtracting from; consolidating it with other districts or any other form of reorganization that impacts/involves said District or its employees.

In the event that any annexation, consolidation or reorganization is considered in the future, the District and Association agree that all bargaining unit members/employees of Ellsworth Community School will have their seniority, leave and vacation day credits, insurance, pension, benefits, rights, privileges, obligations and status recognized and protected without regard to whether the District does or is annexed, consolidated or reorganized and that the seniority of all employees will be “dove tailed” so that the employees of all affected previously existing governmental entities impacted by the annexation, consolidation or reorganization will be treated as if they had always been employed by whatever entity remains/survives without regard to which entity they were previously employed by.

The parties further agree that neither they nor any one acting for them will support, agree to nor consent to any annexation, consolidation nor reorganization of all nor any part of the Ellsworth Community School District nor any part of the geographic territory encompassed therein if the above conditions protecting employee rights are not incorporated into the plans/agreements providing for such annexation, consolidation, or reorganization.

The parties understand that nothing in the above would prevent the District nor any other newly formed District from determining the number of employees that we be required for it to operate its educational program going forward absent some other contractual or legal prohibition from doing so.

- 4. The parties agree that work traditionally done and exclusively performed by the Association’s bargaining unit members has and will continue to be exclusively performed by the Association’s bargaining unit members.

Any bargaining unit member employed with the Ellsworth School on or before September 1st, 2014 shall have the option to be granted an early severance allowance providing the following criteria are met:

CONDITIONS

The bargaining unit member must have at least twenty-five (25) years of credited service as determined by the Michigan Public School Employees Retirement Service (MPSERS).

The bargaining unit member must have been employed for eight (8) consecutive years or more with the Ellsworth School District.

The bargaining unit member must be at the top of the salary schedule, excluding longevity.

The bargaining unit member must give written notice of severance by at least April 1 prior to the effective date of retirement.

The above conditions may be waived by mutual consent of the parties.

BENEFITS

For bargaining unit members who opt for early retirement, the employer agrees to purchase on behalf of the bargaining unit member up to five (5) years of service credit under the MPSERS as outlined below:

Cost of purchasing

1. 25 years of credited service 5 years service credit
2. 26 years of credited service 4 years service credit
3. 27 years of credited service 3 years service credit
4. 28 years of credited service 2 years service credit
5. 29 years of credited service 1 year service credit
6. 30 years of credited service 0 years service credit

The payment to MPSERS of the full cost of the service credit shall be done by July 15 of the year retiring but after the employee has made application to retire during the designated time period. The full cost is the actuarial cost of purchasing the service credit and does not include the amount the member will have to pay in taxes with respect to FICA and state withholding. Any federal taxes, which may be due on this employer pick-

up of service credit, are the responsibility of the employee. It is understood and agreed that the employee does not have the option of receiving any monies directly in lieu of the above employer pick-up of service credit.

For purposes of this article "retirement" shall mean severance of active employment with the district and verification of an application of the bargaining unit member to the Michigan Public School Employees Retirement System for retirement benefits from said retirement system.
