If any provisions of this Agreement or any application of the Agreement to any employee or group of employees shall be found contrary to law, then such provision or application shall not be deemed valid and subsisting except to the full extent permitted by law, but all other provisions or applications shall continue in full force and effect.
- E. An emergency manager appointed under the local government and school district fiscal accountability act is authorized to reject, modify, or terminate this agreement as provided in the local government and school district fiscal accountability act, 2011 public act 4.  1. To the executive management and administrative control of the school system and its properties and facilities, and the employment related activities of its employees;
 2. To hire all employees, and subject to the provisions of the law, and this Agreement, to determine their qualifications and the conditions for their continued employment; to their dismissal or demotions; and to promote, assign, suspend, and transfer all such employees;

3. To establish grades and courses of instruction, including special programs and to provide for the athletic, recreational and social events for the students, all as deemed necessary or advisable by the Board:
 4. To select the textbooks and other teaching materials of every kind and nature in consultation with teachers.
 5. To determine class schedules, and the hours of instruction and the terms and conditions of employment, limited to the terms of the Agreement;
 6. The Board agrees that in all its decisions relating to professional education matters, the Board shall consider carefully and implement where appropriate the recommendations and evaluations of the Association and its members.
- B. The exercise of the foregoing powers, authority, duties and responsibility by the Board, the adoption of policies, rules, regulations, and practices in furtherance thereof, and the use of judgment and discretion in connection therewith shall be limited only by the specific and express terms of this Agreement and then only to the extent such specific and express terms thereof are in conformance with the laws and Constitution of the State of Michigan and of the United States.
- Nothing contained herein shall be considered to deny the Board of its rights, responsibilities, and authority under the Michigan General School Laws or any other national, state, county, district, or local laws or regulations as they pertain to education.
- C. Unless expressly provided otherwise in this Agreement, the Board reserves the right to:
1. Direct the work of its employees.
 2. Maintain the efficiency of the school operations.

SECTION 3.1: PROTECTION OF TEACHERS

The teacher bears the primary responsibility for maintaining proper control and discipline in the classroom and understands that all disciplinary action and methods invoked by him/her shall be reasonable and just. It shall be the responsibility of the teacher to report to the administrator the name of any student who, in the opinion of the teacher, needs particular assistance from skilled personnel. Administrators and teachers will work cooperatively in resolving discipline problems which disrupt good classroom operations. Student discipline shall be in accordance with the adopted student handbook.
- B. Any case of assault upon a teacher shall be promptly reported to the Board of Education or its designated representative. The Board will provide legal counsel to advise the teacher of his/her rights and obligations with respect to such assault and shall render all reasonable assistance to the teacher in connection with the handling of the incident by law enforcement and judicial authorities. It is understood that the Board is not obliged to provide legal counsel to represent said teacher.

- C. A bargaining unit member may, at all times, use such force as is necessary and permissible under the law to protect himself/herself, another person or property from attack, physical abuse or injury. The Employer will further provide such assistance as is outlined in A and B above to teachers acting in accordance with school policy in such situations.
- D. Any complaint made against a teacher by a parent, student, or other person will be called to the attention of the teacher within two school days, absent extenuating circumstances, in which case it shall be done as soon as possible. If the Administration does not feel that the complaint is serious or if there are no grounds for the complaint, such issues will not be communicated to the teacher. No such complaint will be included in the teacher's personnel file unless and until the teacher has been informed of the complaint and the identity of the complainant is made known to the teacher (subject to the requirements of law or appropriate investigative or judicial bodies).
- E. If any material to be placed in the teacher's personnel file is shown to be illegal or in error, the material will be corrected or expunged from the file, whichever is appropriate.
- F. To ensure safety and security for all members of the school family (students, staff and community), it is understood that no employee shall be mandated to train for the purpose of carrying weapons on school property. If an employee decides to opt-out of any training that may be offered, their personal decision will not adversely affect placement, evaluation, or any other aspect of their employment.
- G. The Employer will reimburse teachers for loss of personal property less depreciation, or repair such damaged personal property not covered by insurance, provided that the Employer has determined that the bargaining unit member was acting within the scope of his/her authority, and when such damage was caused through physical assault while on duty or destruction of personal property. Personal property damage shall be limited to a maximum of up to two hundred dollars (\$200) per incident.

SECTION 3.2: INSTRUCTIONAL MATERIALS

- C. Designated parking facilities shall be made available to teachers for their use.
- D. The teachers may make reasonable use of the building facilities for Association business or meetings. It is understood that the teachers will reimburse the Board for any costs incurred.
- E. Pursuant to the Public Employment Relations Act, Act 336 of the Public Acts of 1947, as amended, the Board hereby agrees that every employee of the Board shall have the right freely to organize, join and support the Association for the purpose of engaging in collective bargaining of negotiation and other lawful activities for mutual aid and protection. As a duly elected body exercising governmental power under the law of the State of Michigan, the Board undertakes and agrees that it will not directly or indirectly discourage or deprive or coerce any teacher in the enjoyment of any right conferred by Act 336 or other laws of Michigan or the constitutions of Michigan and the United States; that it will not discriminate against any teacher with respect to hours, wages, or any terms or conditions of employment by reason of his/her membership in the Association, his/her participation in any activities of the Association or collective professional negotiations with the Board or his/her institution of any grievance, complaint or proceeding under this Agreement or otherwise with respect to any terms or conditions of employment.
- F. All Board policies will be posted on the district website which impact the working conditions, evaluation, and discipline of Bargaining Unit Members. After any Board revision of these policies and procedures, notice shall be given by an E-mail to the Association President.

SECTION 3.4: TEACHING HOURS, LOADS AND ASSIGNMENTS

- A. The teacher's working day shall begin 10 minutes before the first bell and end 15 minutes after student dismissal. Teachers shall be outside their assigned classroom monitoring the hallways/classroom from the student's first bell until the start of class. If school is dismissed early because of weather conditions, teachers shall be asked to stay no later than ten (10) minutes after students are dismissed. Teachers will not report for work when school is not in session due to weather. Teachers may leave at the end of the last work day of the school year when they receive check-out clearance from the administrator. The times in this subsection are subject to change under situations as covered under Section 3.4 G, below.
- B. All bargaining unit members shall be given at least a thirty (30) minute duty free lunch period.
- C. Each full-time secondary teacher will be given a preparation period five (5) times a week for a five (5) period day. Each full-time elementary teacher will receive a preparatory time equivalent in length (same number of minutes) to secondary teachers for a normal five (5) day week. Part-time regular teachers will be given preparation time according to the percent of the normal five (5) day week.

- D. Each full-time secondary teacher will be given a preparation period five (5) times a week for a five (5) period day. Each full-time elementary teacher will be provided with a minimum average of 346 minutes of preparation time for a normal five (5) day week. Part-time regular teachers will be given preparation time according to the percent of the normal five (5) day week. Administration will make every effort to work with staff to create an equitable half day schedule including preparation time for all grade levels.
- E. When bi-weekly staff meetings are held after school, they will be no longer than one hour in length. Exceptions may be made for illness or pre-arranged with building administration.
- F. Under no conditions shall a teacher be required to drive a school bus.
- G. If a situation arises that would cause a change in the starting and ending times without changing the number of hours worked, then both parties agree to reopen this issue for negotiation.

Additionally, the parties shall meet at least sixty (60) days prior to the end of each school year to determine necessary action to be taken to comply with the State requirement regarding clock hours of instructional time or instructional days. The parties agree that the District shall comply with such requirements and that additional student contact time, if needed, shall be provided from within the existing student day as was in effect during the immediately preceding school year, if possible. The next option to be considered would be from within the then current existing teacher day as referenced in Section 3.4 A above, if possible. Only such additional time as is required by law shall be so structured by the parties.

- H. To the extent required by law, the parties will add hours of student instruction to the calendar, to make up "ACT OF GOD" hours lost during the school year, in order to meet the minimum requirement of hours of student instruction. Such hours will be scheduled by mutual agreement between the parties, but if no agreement can be reached they will be scheduled on consecutive weekdays beginning on the first scheduled record day in June, with the scheduled record days moved to the end of the calendar. Any hours not required to be made up by law shall not be added as make-up hours. Teachers shall receive no additional compensation for these hours.
- I. Teachers shall maintain responsibility for supervision of students during on-duty time when such students are or could be reasonably be expected to be under their control (e.g., passing times, hallways, etc. when the teacher is present, library research or special projects at the direction of the teacher, athletic contests or student activities when the teacher is witness to student behavior).
- J. Bargaining unit mentor teacher positions shall be developed on an as-needed basis to function as an advisor/resource person to probationary teachers by the employer according to the following guidelines:

SECTION 3.6: LEAST RESTRICTIVE ENVIRONMENT

The general education classroom teachers and appropriate special education teachers, with the administration, are jointly responsible for implementation of the IEP and for attending the educational needs of special education students assigned to the teacher’s class. Teachers agree to cooperate in the delivery of special education and related services as those terms are defined in 34 CFR 300.13.

- A. If any member, in writing, advises the administration of a reasonable basis to believe that a student with disabilities assigned to the member has a current IEPC report that is not meeting the student’s unique needs as required by law, the teacher shall report such concerns to the administration. The member so advising the administration shall be invited to attend the IEPC.
- B. The following conditions shall apply to placement of a student with disabilities in general education classrooms:
 - 1. Any member who will be providing instructional or other services to a student with disabilities in a regular education classroom setting shall be invited, and enabled, to participate in the IEPC which may initially place (or continue the placement of) the student in a regular education classroom.

In such situations, it is expressly understood that should the teacher agree to provide such procedures or services, he/she shall be provided with training appropriate to the situation with all expenses paid by the Board. If an employee decides to opt out of any training offered, their personal decision will not adversely affect placement, evaluation or any other aspect of their employment.
