District Paid Association Dues and Fees

The **Michigan Association of School Administrators (MASA)** provides the District with access to pertinent legislative information, which allows the District to stay informed of key developments coming out Lansing. MASA's Department of Governmental Relations works to promote the beliefs and priorities of the District to state and federal legislators. The District's MASA membership renewal fee for 2018-2019 was \$877.20.

The **Michigan Association of School Boards (MASB)** advocates on behalf of students, Board members, and public education by creating effective channels of communication with legislators, the media, and community members in order to promote the values, vision and performance of the District. The District's MASB membership renewal fee for 2018-2019 was \$1,189.00.

Since the inception of Michigan's Right-to-Work Law in 2013, union association dues are paid directly by members and are no longer collected by the district.
