## **AGREEMENT**

This Agreement is entered into, by and between the Tahquamenon Area School District, through its Board of Education, hereinafter called the "Board," and the Tahquamenon Area Education Association/Northern Michigan Education Association hereinafter called the "Association."

### **ARTICLE I**

#### **RECOGNITION**

- A. The Board hereby recognizes the Association as the exclusive representative, as defined in Section II of Act 379, Public Acts of 1965, for all certified teaching personnel traditionally included under contract, on leave, on a per-diem basis, employed or to be employed by the Board, but excluding the superintendent, secondary principals, elementary principals, and all other supervisory and executive personnel.
- B. Unless otherwise indicated, the term "teachers" or the term "employees" as used herein, shall refer to all employees in the unit for bargaining as defined above. References to male teachers will include female teachers.
- C. The Board agrees not to negotiate with any teacher organization other than the Association for the duration of this Agreement.
- D. Nothing contained herein shall be construed to deny or restrict to any teacher rights he may have under Michigan Law. The rights granted to teachers hereunder shall be deemed to be in addition to those provided elsewhere.

### **ARTICLE II**

#### **TEACHER RIGHTS**

- A. Pursuant to Act 379 of the Public Acts of 1965, known as the Public Employment Relations Act ("PERA"), the Board hereby agrees that every employee of the Board shall have the right to freely organize, join and support the Association for the purpose of engaging in collective bargaining or negotiation and other lawful concerted activities for mutual aid and protection. As a duly elected body exercising governmental power under the laws of the State of Michigan, the Board undertakes and agrees that it will not directly or indirectly discourage or deprive or coerce any teacher in the enjoyment of any rights conferred by PERA or other laws of Michigan or the Constitutions of Michigan and the United States; that it will not discriminate against any teacher with respect to hours, wages or any terms or conditions of employment by reason of the teacher's membership in the Association, participation in any activities of the Association or collective professional negotiations with the Board, or the institution of any grievance, complaint or proceeding under this Agreement or otherwise with respect to any terms or conditions of employment.
- B. The Board specifically recognizes the right of its employees to appropriately invoke the assistance of the Michigan Employment Relations Commission, or a mediator from such public agency appointed pursuant to the provisions of the Agreement.
- C. The Association and its members shall have the right to use school building facilities and communications equipment at all reasonable hours for meetings as permitted by Board policy. Bulletin boards shall be made available for Association business but not accessible to the students.
- D. The Board agrees to furnish to the Association, in response to reasonable requests, from time to time, all available information concerning the financial resources of the district.

- E. All monitoring or observation of the work performance of a teacher shall be conducted openly and with full knowledge of the teacher.
- F. Each teacher shall have the right, upon request, to review the contents of his own personnel files maintained at the teacher's school or at the Administrative Building. A representative of the Association may, at the teacher's request, accompany the teacher in this review. The review may be made in the presence of the person responsible for the safekeeping of these files.
- G. All communications, including evaluations by administrators, commendations, and validated complaints directed toward the teacher, which are included in the personnel file, shall be called to the teacher's attention at the time of inclusion. Inclusion of these items in the teacher's personnel file is not subject to the grievance process.
- H. Any verbal or written complaint directed toward a teacher shall be promptly and privately called to the teacher's attention unless prohibited by law, within five (5) working days after receipt of the complaint. In those instances where a situation requires a conference between the teacher, parent, administrator or any other parties of interest, the conference will be held within (5) working days from receipt of the complaint at a site separate from the teacher's classroom. The conference will be held at a mutually agreed upon time and when teaching duties will not be interrupted. The board and the Administration shall not address any complaint against a teacher beyond the principal's level unless it is in writing. This paragraph is not intended to limit the district's responsibilities when the health or welfare of a child or other person is endangered or where otherwise required by law.
- I. A teacher shall at all times be entitled to have present a representative of the Association when he is being reprimanded, warned, or disciplined. All such reprimands, warnings, or disciplinary actions shall be made in writing which shall include the date or dates of the alleged actions forming the basis for the complaint- the identity of persons involved and any witnesses if known. If a request for such representation is made, no action shall be taken with respect to the teacher until such representative of the Association is present. Such action must take place within one (1) school week. No bargaining unit member shall be disciplined without just cause.
- J. Standard for Discipline
1. Bargaining Unit Members Not Subject to the Michigan Teacher's Tenure Act  
Bargaining unit members who are not subject to the Michigan Teacher's Tenure Act, including, but not limited to, Occupational Therapists, Physical Therapists, Speech Therapists, Nurses, School Social Workers, or Teacher Consultants (Act IV Public Acts, Extra Session of 1937 of Michigan, as amended), shall not be disciplined, reprimanded, or reduced in rank, compensation, or advantage without just cause. The Board agrees to follow the accepted practice of due process.
  2. Employees Subject to the Michigan Teacher's Tenure Act  
Bargaining unit members who are subject to the Michigan Teacher's Tenure Act shall not be disciplined, reprimanded, or reduced in rank, compensation, or advantage for a reason that is arbitrary or capricious. The board agrees to follow the accepted practice of due process.
- K. The Board recognizes its responsibility to continue to give administrative backing and support to its teachers, although each teacher bears the primary responsibility for maintaining proper control and discipline in the classroom. The teachers recognize that all disciplinary actions and methods invoked by them toward students shall be reasonable and just, and in accordance with established state law. It shall be the responsibility of the teacher to report to his principal the name of any student, who, in the opinion of the teacher, needs particular assistance from skilled personnel. The teacher shall, upon request, be advised by the principal of the disposition of the teacher's report that a particular student needs such assistance.

- L.
  - 1. Any case of alleged assault upon a teacher will be promptly reported to the Board or its designated representative as required by law. This decision will be communicated to the teacher concerned.
  - 2. If the alleged assault occurred on school property by an adult person who is not a pupil, the Administration will promptly report the incident to the proper law enforcement authorities.
  - 3. In either case (pupil or non-pupil adult) the Board will render assistance to the teacher in connection with handling of the incident by law enforcement, legal and medical authorities. "Render assistance" and "handling of the incident" shall not be construed to require financial expenditures by the board.
- M. Teachers shall be expected to exercise reasonable care with respect to the safety of pupils and property of pupils and the Board, but shall not be responsible for loss or damage to any such property when such loss or damage is not due to the negligence of the teacher.
- N. No teacher shall be prevented from wearing insignia, pins, or other identification of membership in the Association either on or off school premises.
- O. In the event a person makes a Freedom of Information (FOIA) request to obtain a copy of the teacher's personnel file or other similar information, the teacher shall, as soon as possible, within the FOIA timelines, be given a copy of the written FOIA request. Every effort will be made, within the FOIA timelines, to give the association member the opportunity to review the materials that will be given.

**ARTICLE III  
SCHOOL BOARD RIGHTS**

- A. The Board, on its own behalf and on behalf of the electors of the District, hereby retains and reserves unto itself, all powers, rights, authority, duties, and responsibilities conferred upon and vested in it by law and the Constitutions of the State of Michigan and of the United States, including, but without limiting the generality of the foregoing right:

- C. The Association and its members agree to notify the Board in writing as soon as possible of their intention to terminate employment with the District. If the parties fail to reach agreement during collective bargaining, either party may petition the Michigan Employment Relations Commission for the implementation of its impasse procedures.

#### **ARTICLE VII TEACHING CONDITIONS**

- A. The parties recognize that the availability of optimum school facilities for both student and teacher is desirable to insure the high quality of education that is the goal of both teachers and the Board. It is also acknowledged that the primary duty and responsibility of the teacher is to teach and that the organization of the school and the school day should be directed toward insuring that the energy of the teacher is primarily utilized to this end.

- B. Because the pupil-teacher ratio is an important aspect of an effective education program, the Board will make a continuing effort to meet the following pupil-teacher ratios:

1. ELEMENTARY SCHOOL

At the request of the individual teacher involved with the alleged overload, the class load will be re-examined by the administration and adjustment considered considering the following possible solutions:

- a. Split grade

- e. Platooning grades
- f. Teacher paraprofessional

A review committee will become operative at such time as a teacher makes a request for a review of an elementary class load. This committee will be composed of: three (3) teachers selected by the T.A.E.A. and three (3) administrators selected by the superintendent, who shall meet to establish appropriate alternatives if merited by the situation, a decision to be rendered within ten (10) working days. - D. The Board recognizes that appropriate texts, library reference facilities, maps, globes, laboratory equipment, audio-visual equipment, art supplies, athletic equipment, current periodicals, standard tests and questionnaires, and similar materials are the tools of the teaching profession. The parties will continue to confer from time to time for the purpose of improving the selection and use of such educational tools and the Board will take under advisement decisions thereon made by its representative and the Association. The Board agrees at all times to keep the schools reasonably and properly equipped and maintained while recognizing that the board's financial limitations will impact all aspects of operations.
- E. When funds are available for this purpose, the Board agrees to engage paraprofessionals in the high school, middle school and elementary schools. These paraprofessionals will work only under the supervision of the teacher in charge.
- F. The Board shall make available in each school adequate rest room and lavatory facilities exclusively for teacher use and at least one room, appropriately furnished, which shall be reserved for use as a faculty lounge.
- G. Telephone facilities shall be made available in teachers' lounges for their exclusive use.
- H. Adequate parking facilities shall be made available to employees for their exclusive use.
- I. If a majority of the teacher faculty in any single school building believe that there exists a problem or situation, which could be construed to be detrimental to the education process, they shall present to the building administrator a prospectus identifying the problem/situation and recommending a solution(s). The administrator shall within fourteen (14) days present to the submitting faculty his/her recommendation for the solution of the problem/situation. If the faculty feels that this solution is inadequate, they may appeal

the decision to the Superintendent, who shall within twenty (20) days present the solution to the faculty. If this solution is inadequate, the faculty may present an appeal to the Board of Education. The Board shall make a decision not later than the second official regularly scheduled meeting following the appeal of the faculty. The decision of the Board will be final and binding on all parties.

- J. Elementary teachers shall not be required to attend to normal clerical responsibilities associated with the grading of standardized tests.
- K. The teaching staff shall be allowed the equivalent of one day per teacher per -year to attend a professional conference in the area of the teacher's teaching responsibility at Board expense. Conference requests require advance approval of the building principal/program administrator. The administration reserves the right to limit the number of teachers attending conferences to ensure school staffing responsibilities.
- L. No regularly assigned teacher will be required to serve as a substitute teacher without his/her consent. If a teacher agrees to serve as a substitute, he will be compensated at the internal substitute rate as specified in Article XII of this Agreement.

- 1. A teacher may receive one (1) hour of banked time in lieu of one (1) hour of substitute pay. Five (5) hours of banked time shall entitle the teacher to one (1) business day. Fractions of a full day of banked time shall be computed as follows:

One (1) hour of banked time equals two-tenths (.2) of one (1) business day. Any banked time accumulated up to two (2) full days and any fraction of a day plus any time accumulated during May or June, may be carried over into the following year. Time carried forward from a previous year must be use as compensation time or be taken as substitute pay by May 1, of the subsequent year.

Reimbursement will be made upon documentation of the expenses incurred with payment to be made on or before the first payday of October or sixty (60) days after said documentation has been submitted to the Board. Administrative approval for reimbursement of expenses must be obtained prior to attendance at a workshop.

O. LEAST RESTRICTIVE ENVIRONMENT

The Board and the Association acknowledge that the policy of least restrictive environment is legally mandated and intended in the best educational interest of the student. Accordingly, the parties who would fit legal requirements which would involve the use of an Individual Educational Planning Team (IEPT) for placement in the regular classroom must be appropriate to the student's unique needs as determined by an IEP on an individual basis. For the purpose of this section, such students shall be referred to as "mainstreamed students."

- 1. Any member who has a reasonable basis to believe that a mainstreamed student assigned to that member has a current IEP report that is not meeting the student's unique needs as required by law

or whose behavior is physically or verbally abusive towards others and disruptive to the learning environment, should promptly notify the administration.

2. The following conditions shall apply to placement of mainstreamed students in general education classrooms:
  - a. Any member who will be providing instructional or other services to a mainstreamed student in a regular education classroom setting shall be invited to participate in the IEPT which may initially place (or continue the placement of) the student in a regular education classroom. When invited to such an IEPT, the member will make a reasonable attempt to attend the IEPT and, when it is requested, will provide written input to the IEP (or the Multi-Disciplinary Evaluation Team Report to be presented to the IEPT).
  - b. In instances where it is not possible to identify in advance of an IEPT general education teachers who ultimately will have mainstreamed student(s) assigned to their classroom(s), meetings will be convened with such general education teachers as soon as possible following the beginning of the school year to explain the conclusion of the IEPT and to provide for the teacher to have input.
  - c. The district shall make every reasonable effort to provide the receiving teacher(s) with necessary support identified in the IEP, including paraprofessionals, materials and other related services.
  - d. The administration shall provide, prior to such placement whenever possible, in-service training and awareness information to the teacher(s) regarding the instruction and behavioral management of such mainstreamed students in the regular education classroom setting, including but not limited to, the differing approaches, problems, and techniques to be utilized with varying physical, mental, emotional, and behavioral conditions as are likely to be faced in the given situation. Such training and information shall be provided at board expense and shall be mutually arranged with the teacher(s) to be involved. If such prior training and information are not possible, the training and/or information will be provided as early as can be arranged after placement has occurred.
- P. Teachers shall be made aware, as soon as possible, as specified by law and with parental consent, of any special needs or medical requirements or considerations of any students assigned to his classroom(s).

## **ARTICLE VIII VACANCIES, PROMOTIONS AND TRANSFERS**

- A. Whenever any vacancy in any professional positions in the district shall occur, the Board shall publicize the same through e-mail.
- B. Any qualified teacher may apply for such vacancy.
- C. Since the frequent transfer of teachers from one teaching assignment or from one school to another is disruptive of the educational process and interferes with optimum teacher performance, the parties agree that unrequested transfers of teachers are to be minimized and avoided whenever possible. This provision will be understood to also apply to special education teachers responsible for co-teaching a regular education classroom.
- D. All teachers shall be given written notice of their schedules for the forthcoming year no later than July 15, if possible. In the event that changes in such schedules are proposed, all teachers affected shall be notified promptly and consulted. The administration will make reasonable efforts to avoid changes in teachers' schedules later than the 15th day of August preceding the commencement of the school year. For example, such changes shall be necessitated by the departure of a faculty member or a change in courses offered in the system or comparably unforeseen emergency.

- E. If, in the opinion of the Board, transfers are found to be necessary, the teacher will be notified and consulted by their principals as soon as practicable. In the event such transfers are necessary, lists of available positions in other schools in the District shall be posted as previously stated.

**ARTICLE IX  
SENIORITY**

- A. For purposes of this Article, seniority is defined as length of continuous teaching service (Continuous teaching service shall be defined as the number of regular paid days under contract) in the Tahquamenon Area Schools. Seniority shall begin with the first day of regular employment within the bargaining unit.
- B. Where years of service and certification are identical, the tie will be broken by lottery. The Association President will set a meeting in which the members' names will be placed in a container. The affected members will be present along with a witness from the District. Another Association Officer will draw names. The first name drawn will be entered on the list first, and so on, until all names are ranked. Such ranking will continue from year to year.
- C. An approved leave will not constitute a break in seniority or continuous years of service. Seniority will accrue during paid leaves. Seniority will not accrue during unpaid leaves or lay-off periods. All seniority is lost when employment with the district is severed by resignation, retirement, or discharge.
- D. Teachers transferring to the administration shall retain full seniority rights earned as members of the Tahquamenon Education Association for a two (2) year period. Their seniority will cease to accrue upon such transfer. Upon returning to a teaching position beyond the two (2) year period the teacher's placement on the salary schedule will reflect their total years of service with the district. However, they will be at the bottom of the Association Seniority list.

**ARTICLE X  
GRIEVANCE PROCEDURE**

- A. Definitions:
  - 1. A "grievance" is a claim based upon an event or condition, which affects the conditions of the circumstances under which a teacher works, allegedly caused by misinterpretation or inadequate application of the terms of this Agreement.
  - 2. The term "teacher" may include any individual teacher, or a group of teachers who are certified and who are members of the bargaining unit.

  - 4. The term "days" when used in this section shall, except where otherwise indicated, means working school days.
  - 5. Any matter involving a prohibited bargaining subject is not grievable.
- B. Purpose:

The primary purpose of the procedure set forth in this section is to secure, at the lowest level possible, equitable solutions to the problems of the parties. construed as limiting the right of either party having a complaint, to discuss the matter informally with the other party.

C. Structure:

1. There shall be one or more Association Representatives for each school building to be selected in a manner determined by the Association.
2. The building principal shall be the administrative representative when the particular grievance arises in one building.

1. Level One

A teacher who has a grievance should promptly, and in no event later than ten (10) days after occurrence or within ten (10) days after the grievance may reasonably be known to exist, discuss the matter with his/her principal either individually or with his Association Representative, with the objective of resolving the matter informally. The principal shall make his decision known within three (3) days.

2. Level Two

In the event the grievance is not satisfactorily resolved at Level One, the grievant or the Association Representative shall file the grievance in writing with the Superintendent of Schools within five (5) days after the decision at Level One. Upon receipt of a request for a Board hearing, the Board shall place the grievance upon its next regularly scheduled agenda or it may, at the convenience of the parties, schedule a special meeting to deal with the grievance. The Board shall announce its decision on the grievance at the conclusion of its hearing unless an alternative time limit is established by the parties.

4. Level Four

In the event that the grievance is not satisfactorily resolved at Level Three within five (5) days or if no disposition has been made within the period provided, the grievance may be submitted to an arbitrator selected by the American Arbitration Association for binding arbitration on the language of the agreement in accord with the rules and procedures of the American Arbitration Association. The cost of the arbitration shall be divided equally between the Board and the Association.

E. Right to Representation:

Any party in interest may be represented at all meetings and hearings at all steps and stages of the Grievance Procedure by another teacher or another person. Provided, however, that any teacher may in no event be

represented by an officer, agent, or other representative of any organization other than the Association. Provided further: when a teacher is not represented by the Association, the Association shall have the right to be present and to state its views at all stages of the grievance process, except where the grievance involves only questions of a fact peculiar to the individual grievant.

F. Miscellaneous:

1. During the pendency of any proceedings and until a final determination has been reached, all grievance proceedings shall be private to the extent required or permitted by law and any preliminary dispositions will not be made public without the agreement of all parties involved. Any grievance proceeding at the Board Level will be subject, however, to the Open Meetings Act.
2. There shall be no reprisals of any kind by administrative personnel taken against any-participant in the grievance procedure.
3. All documents, communications and records dealing with a Grievance Procedure shall be filed separately from the personnel files of the participant.
4. Nothing contained herein shall be construed to prevent any individual teacher from presenting a grievance and having it adjusted without interventions of the Association, if the adjustment is not inconsistent with the terms of this Agreement, provided that the Association has been given opportunity to be present at such adjustment.

- C. No portion of this letter of agreement is intended to replace Article XIV, A (Sick time incentive), or Article XIV, B, 2 (Health insurance allowance).
- D. Within the current master agreement, Article XIV, B, 1 reads:

*For each year of service in the Tahquamenon Area Schools the teacher shall receive an annual stipend of 0.5% of his/her highest salary for each year of teaching. The highest salary is defined as the highest earnings associated with the hours reported on the MPERS Quarterly Detail Wage Report during the fiscal year period of July thru June. This stipend shall be reduced each year after retirement by 1.5% until the employee shall reach the age of 65 or until the employee begins drawing his/her own social security benefits, whichever comes first.*

For example, based on this calculation, a teacher with 30 years of service with TAS, earning \$60,000/year at the time of retirement would be due \$49,500 payable in five installments (to comply with IRS regulations) after retirement.

- E. Teachers taking advantage of this salary increase must agree to the following:
1. Teachers will accept a three-year salary increase payable as vacation days to be used on Spring Break, Christmas Break, and during the month of August.
  2. The annual value of these salaried vacation days will be \$5,000 plus 7.65% FICA and the current effective retirement rate for that year, of which the teacher will pay the entire amount upon retirement from the calculation of Article XIV, B, 1 retirement incentive.
  3. Acceptance of this salary increase does not preclude teachers from also earning any negotiated increase in pay as reflected in the master agreement.
  4. Upon retirement, teachers who have chosen to accept this salary increase will receive a diminished Article XIV, B, 1, retirement incentive payable in five annual installments. *(For example, the aforementioned example teacher would have already received a salary increase worth \$21,898, and would therefore be due only the prior value of the incentive minus the salary increase, or \$27,602.)*
  5. Salaried vacation days will be paid to teachers in an annual lump sum at the teacher’s request, with two weeks’ notice to the business office.
- F. Salaried vacation days will be reported to the Office of Retirement Services (ORS) as used and paid vacation days per Reporting Instruction Manual Section 4.04.08: Vacation/Annual Leave Pay as of 7/1/2019. TAS is not responsible for changes to ORS Reportable and Nonreportable Compensation policies which may affect the acceptance of salaried vacation days as reportable compensation, or for the determination of the ORS relative to the salaried vacation days and the applicability to the retirement of any individual bargaining unit member.

- G. Should an employee be terminated after beginning participation in this agreement, amount paid to employee will be reimbursed from any final payout due to employee.
