

Superior Central Schools Bylaws & Policies

6320 - PURCHASING

It is the policy of the Board of Education that the Superintendent seek at least three (3) price quotations on purchases of more than \$1500.00 for a single item, except in cases of emergency or when the materials purchased are of such a nature that price negotiations would not result in a savings to the District.

When the purchase of, and contract for, single items of supplies, materials, or equipment amounts to \$5000.00 or more, the Superintendent shall obtain competitive bids.

Bids shall be sealed and shall be opened by the Superintendent in the presence of at least one (1) witness. All orders or contracts should be awarded to the lowest responsible bidder, however, consideration can be given to:

- A. the quality of the item(s) to be supplied;
- B. its conformity with specifications;
- C. suitability to the requirements of the District;
- D. delivery terms;
- E. past performance of the vendor.

The Board reserves the right to reject any and all bids.

Contracts can be awarded by the Superintendent without Board approval for any single item or group of identical items costing less than \$5000.00. All other contracts require Board approval prior to purchase.

The Board shall be informed of the terms and conditions of all competitive bids and shall award contracts as a consequence of such bids.

The Superintendent is authorized to purchase all items within budget allocations.

The Board should be advised, for prior approval, of all purchases of equipment, materials, and services when the purchase was not contemplated during the budgeting process exceeds \$1500.00.

The Superintendent is authorized to make emergency purchases, without prior approval, of those goods and/or services needed to keep the schools in operation. Such purchases shall be brought to the Board's attention at the next regular meeting.

In order to promote efficiency and economy in the operation of the District, the Board requires that the administration periodically estimate requirements for standard items or classes of items and make quantity purchases on a bid basis to procure the lowest cost consistent with good quality.

Before an administrator places a purchase order, s/he shall have the Business Manager check as to whether the proposed purchase is subject to bid, whether sufficient funds exist in the budget, and whether the material might be available elsewhere in the District. All purchase orders shall be numbered consecutively.

In the interests of economy, fairness, and efficiency in its business dealings, the Board requires that:

- A. items commonly used in the various schools or units thereof, be standardized whenever consistency with educational goals can be maintained;
- B. opportunity be provided to as many responsible suppliers as possible to do business with the School District;
- C. a prompt and courteous reception, insofar as conditions permit, be given to all who call on legitimate business matters;
- D. where the requisitioner has recommended a supplier, the Business Manager may make alternate suggestions to the requisitioner if, in his/her judgment, better service, delivery, economy, or utility can be achieved by changing the proposed order;
- E. upon the placement of a purchase order, the Business Manager shall commit the expenditure against a specific line item to guard against the creation of liabilities in excess of appropriations.

The Board may acquire office equipment as defined in law by lease, by installment payments, by entering into lease-purchase agreements, or by lease with an option to purchase, provided the contract sets forth the terms of such a purchase.

Procurement – Federal Grants

The Superintendent shall maintain a procurement and contract administration system in accordance with the USDOE requirements (34 CFR 80.36) for the administration and management of Federal grants and federally-funded programs. The District shall maintain a compliance system that requires contractors to perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. Except as otherwise noted, procurement transactions shall conform to the provisions of this policy and administrative guidelines (AG 6320).
