Within five (5) days of the discussion, the Superintendent or designated agent shall render the decision in writing, transmitting a copy of the same to the grievant, the Association Secretary, the Association President, the Building Principal, Superintendent and President of the Board of Education. Copies of same shall be kept in a permanent file in the office of the Building Principal and Superintendent. If no decision is rendered within five (5) days of the discussion, or the decision is unsatisfactory to the grievant and the Association, the grievant may appeal same to the Board of Education by filing a written grievance along with the decision of the Superintendent with the officer of the Board in charge of drawing up the agenda for the Board's meeting not less than five (5) days prior to the next regularly scheduled Board meeting.

### **Level Three--**

Upon proper application as specified in Level Two, the Board shall allow the teacher or his/her Association representative an opportunity to be heard at the meeting for which the grievance was scheduled. Within five (5) days after its next regularly scheduled meeting, the Board shall render its decision in writing. The Board may hold future hearings therein, may designate one (1) or more of its members to hold future hearings therein or otherwise investigate the grievance, provided, however, that in no event except with express written consent of the Association shall final determination of the grievance be made by the Board more than five (5) days after next regularly scheduled meeting after the initial hearing. A copy of the written decision of the Board shall be forwarded to the Superintendent for permanent filing, the Building Principal for the building in which the grievance arose, the grievant, the Secretary of the Association, and the Association President.

### **Level Four--**

If the grievant and/or Association is not satisfied with the disposition of the grievance by the Board of Education, the parties may request mediation of the issue through the Michigan Employment Relations Commission within thirty (30) business days of the Level Three disposition.

### **Level Five --**

Should the matter not be submitted to mediation or if mediation fails to resolve the grievance within thirty (30) business days it may be submitted to arbitration before an impartial arbitrator. If the parties do not agree as to the arbitrator within five (5) business days from the notification date that the arbitration will be pursued, he shall be selected by the American Arbitration Association in accord with the rules which shall likewise govern the arbitration proceeding. Neither party may rely on any grounds nor any evidence not previously disclosed to the other party. The arbitrator shall have no power to alter, add to or subtract from the terms of this Agreement. Both parties agree to be bound by the award of the arbitrator and agree that judgment thereof may be entered in any court of competent jurisdiction.

The fees and expenses of the arbitration shall be shared equally by the parties.

The time limits provided in the Article shall be strictly observed, but may be extended by written agreement of the parties. In the event a grievance is filed after May 15 of any year and strict adherence to the time limits may result in hardship to any party, the Superintendent shall use his/her best efforts to process such grievance prior to the end of the school terms or as soon thereafter as possible. Notwithstanding the expiration of the Agreement, any claim or grievance arising thereunder may be processed through the grievance procedure until resolution.

## **ARTICLE XVIII PROFESSIONAL DEVELOPMENT**

The district will establish a Professional Development fund annually for PD outside the district in the amount of \$135 times the number of classroom teachers. These monies are to be used for registration fees, travel, food and lodging. It is also understood that the Board is open to investing even more monies should the fund become depleted.

In order to access this money, the teacher must go through the established procedures of requesting to go to conferences, seminars, work sessions, visitations or classes. This function must be directly related to the teacher's current or proposed teaching assignment. The Board of Education will solicit staff input on how the Professional Development funds are to be spent. After the input is received, a district focus will be determined. A teacher, with the approval of their principal and the Superintendent, can deviate from the agreed upon district focus as specified needs arise.

A Professional Development Advisory Committee, composed of one teacher from each building will work with the Superintendent or his representative to review applications for the use of Professional Development funds. This committee will establish procedures and necessary timelines to award these funds, monitor their use and insure that all teachers have equal access to the funds. This committee will make every effort to insure that funds not being used because some teachers may choose not to use them will be used to provide even greater amounts to those teachers who have conferences, etc., which cost more than the minimum provided by this agreement. It is understood that the Superintendent will have final authority within the limits of Paragraph 1.

Both the Marlette Education Association and the Board urge each and every teacher to make good use of these funds by updating his or her professional skills. The students, individual teachers, and the school district will gain from teachers who are up-to-date, enthused and aware of the most current methods and procedures. Principals are directed to encourage teachers to take advantage of any opportunity for professional growth that will be of help in current or proposed teaching assignments.

It is further understood that teachers who participate in these professional activities will share what they have learned with their colleagues, with students or with the administration as appropriate.

A teacher, who attends workshops/conferences for training outside the regular school day, required by the District, will be reimbursed at the same hourly rate as a teacher who works during their conference period. The reimbursement will be based on the number of hours the teacher is in class.

Mileage will be paid at the IRS rate. Meals will be reimbursed as per Board Policy.

**ARTICLE XIX  
MISCELLANEOUS PROVISIONS**

- A. This Agreement shall supersede any rules, regulations or practices of the Board which shall be contrary to or inconsistent with its terms. All future individual teacher contracts shall be made expressly subject to the terms of this agreement.
- B. Duplicated copies of this Agreement shall be printed at the expense of the Board. Additional copies will be available on the district website within 45 days of a signed agreement.
- C. If any provision of this Agreement, or any application of the Agreement to any employee or group of employees shall be found contrary to law, then such provision or application shall not be deemed valid and subsisting except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.
- D. The parties acknowledge that during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. Therefore, the Board and the Association, for the life of this Agreement, each voluntarily and unqualifiedly waives the right and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter not specifically referred to or covered in this Agreement, even though such subjects or matters may not have been within the knowledge or contemplation of either or both of the parties at the time that they negotiated or signed this Agreement upon mutual agreement, any issue may be reopened for negotiation.
- E. The Marlette Education Association and the Marlette Board of Education have agreed that there should be prescribed provisions for the handling of medically fragile students. Medically fragile children's health needs will be attended to, and treated by medically certified personnel.
- F. If an emergency financial manager is appointed by the state under the Fiscal Accountability Act, the emergency manager may reject, modify, or terminate the collective bargaining agreement at his/her sole discretion. ### CODE OF ETHICS OF THE EDUCATION PROFESSION

#### PREAMBLE

The educator, believing in the worth and dignity of each human being, recognizes the supreme importance of the pursuit of truth, devotion to excellence and the nurture of democratic principles. Essential to these goals is the protection of freedom to learn and to teach and the guarantee of equal educational opportunity for all. The educator accepts the responsibility to adhere to the highest ethical standards.

The educator recognizes the magnitude of the responsibility inherent in the teaching process. The desire for the respect and confidence of one's colleagues, of students, of parents and of the members of the community provides the incentive to attain and maintain the highest possible degree of ethical conduct. The Code of Ethics of the Education Profession indicates the aspiration of all educators and provides standards by which to judge conduct.

The remedies specified by the MEA and/or its affiliates for the violation of any provision of this code shall be exclusive, and no such provision shall be enforceable in any form other than once specifically designated by the NEA or its affiliates.

#### PRINCIPLE I - COMMITMENT TO THE STUDENT

The educator strives to help each student realize his or her potential as a worthy and effective member of society. The educator therefore works to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals.

  - b. Deny benefits to any student;
  - c. Grant any advantage to any student;
7. Shall not use professional relationships with students for private advantage;
8. Shall not disclose information about students obtained in the course of professional service, unless disclosure serves a compelling professional purpose or is required by law.

#### PRINCIPLE II - COMMITMENT TO THE PROFESSION

The education profession is vested by the public with a trust and responsibility requiring the highest ideals of professional service.

In the belief that the quality of the services of the education profession directly influences the nation and its citizens, the educator shall exert every effort to raise professional standards to promote a climate that encourages the exercise of professional judgment, to achieve conditions which attract persons worthy of the trust to careers in education and to assist in preventing the practice of the profession by unqualified persons.
