To Whom It May Concern,

This letter has been written to verify that Three Oaks Public School Academy is currently utilizing a Cuda 610 web filter, Serial # 648108. The Barracuda Web Filter is ideally suited to help protect public schools and libraries enforce CIPA policies in an easy and cost-effective manner. When used in combination with the Barracuda Spam Firewall to manage email use, Barracuda Networks products can enable CIPA compliance for nearly all facets of a network.

Please contact me if you have any additional questions.

Sincerely,

Benjamin A. Kuncaitis
Senior Account Manager
K Data Systems
