INDEPENDENT AUDITOR'S REPORT

October 25, 2022

Board of Education
Coleman Community Schools
Coleman, Michigan

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Coleman Community Schools (School District), as of and for the year ended June 30, 2022 and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Coleman Community Schools as of June 30, 2022 and the respective changes in financial position for the year then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinions

We conducted our audit in accordance with U.S. generally accepted auditing standards (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles; and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

WEINLANDER FITZHUGH

Certified Public Accountants & Advisors

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards*, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Coleman Community Schools' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Coleman Community Schools' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

WEINLANDER FITZHUGH

Certified Public Accountants & Advisors

Required Supplementary Information

U.S. generally accepted accounting principles requires that the management's discussion and analysis, budgetary comparison information and pension and OPEB schedules, as noted in the table of contents to be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School District's basic financial statements. The combining non-major fund financial statements, schedules of bonded indebtedness and schedule of expenditures of federal awards as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly for the underlying accounting and other records used to prepare the basis financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining non-major fund financial statements, schedules of bonded indebtedness and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 25, 2022, on our consideration of the School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

Weinlander Fitzhugh

COLEMAN COMMUNITY SCHOOLS
Management's Discussion and Analysis
For the Year Ended June 30, 2022

Our discussion and analysis of Coleman Community Schools' (School District) financial performance provides an overview of the School District's financial activities for the fiscal year ended June 30, 2022.

Financial Highlights

The School District's net position increased by \$1,628,462 or 16%. Program revenues were \$3,712,666 or 37% of total revenues, and general revenues were \$6,408,506 or 63%.

The General Fund reported a positive fund balance of \$2,224,871.

Using this Annual Financial Report

This annual financial report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the School District financially as a whole. The *District-wide Financial Statements* provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. The fund financial statements provide the next level of detail. For governmental activities, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements look at the School District's operations in more detail than the district-wide financial statements by providing information about the School District's most significant fund - the General Fund with all other funds presented in one column as nonmajor funds. The following summarizes the presentation included in this annual financial report.

Management's Discussion and Analysis (MD&A) (Required Supplemental Information)

COLEMAN COMMUNITY SCHOOLS
Management's Discussion and Analysis
For the Year Ended June 30, 2022

Reporting the District as a Whole

The Statement of Net Position and Statement of Activities

One of the most important questions asked about the School District's finances is: "Is the School District better or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the School District as a whole and about its activities in a manner that helps to answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by private sector companies. All of the current year's revenues and expenses are taken into consideration regardless of when cash is received or paid.

These two statements report the School District's net position as a way to measure the School District's financial position. The change in net position provides the reader a tool to assist in determining whether the School District's financial health is improving or deteriorating. The reader will need to consider other nonfinancial factors such as property tax base, student enrollment growth and facility conditions in arriving at their conclusion regarding the overall health of the School District.

Reporting the District's Most Significant Funds

Fund Financial Statements

The School District's fund financial statements provide detailed information about the most significant funds - not the School District as a whole. Some funds are required to be established by State law and by bond covenants. Other funds are established to help it control and manage money for particular purposes or to meet legal responsibilities for using certain taxes, grants and other sources of revenue. The School District's type of fund, governmental, use different accounting approaches as further described in the notes to the financial statements.

Governmental Funds

Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources available to spend in the near future to finance the School District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the basic financial statements.

COLEMAN COMMUNITY SCHOOLS
Management's Discussion and Analysis
For the Year Ended June 30, 2022

District-wide Financial Analysis

The statement of net position provides the perspective of the School District as a whole. Exhibit A provides a summary of the School District's net position as of June 30, 2022 and 2021:

Exhibit A	Governmental Activities	
	2022	2021
Assets		
Current and other assets	\$ 4,072,630	\$ 3,849,762
Capital assets - net of accumulated depreciation	8,194,364	8,634,977
Total assets	12,266,994	12,484,739
Deferred Outflows of Resources		
Related to pensions	1,728,270	2,711,196
Related to OPEB	664,914	903,806
Total deferred outflows of resources	2,393,184	3,615,002
Liabilities		
Current liabilities	1,530,505	1,755,027
Long-term liabilities	15,272,555	21,886,110
Total liabilities	16,803,060	23,641,137
Deferred Inflows of Resources		
Related to pensions	4,238,154	1,080,737
Related to OPEB	2,393,521	1,780,886
Total deferred inflows of resources	6,631,675	2,861,623
Net Position		
Net investment in capital assets	1,982,980	2,006,905
Restricted	537,876	663,681
Unrestricted	(11,295,413)	(13,073,605)
Total net position	\$ (8,774,557)	\$ (10,403,019)

This analysis focuses on net position (see Exhibit A). The School District's net position is \$(8,774,557) at June 30, 2022. Net investment in capital assets totaling \$1,982,980, compares the original costs less depreciation of the School District's capital assets to long-term debt used to finance the acquisition of those assets. Most of the debt will be repaid from voter-approved property taxes collected as the debt service comes due. Restricted net position is reported separately to show legal constraints from debt requirements and legislation that limit the School District's ability to use those net position for day-to-day operations.

The \$(11,295,413) in unrestricted net position of governmental activities represents the *accumulated* results of all past years' operations. The operating results of the General Fund will have a significant impact on the change in unrestricted net position from year to year.

COLEMAN COMMUNITY SCHOOLS
Management's Discussion and Analysis
For the Year Ended June 30, 2022

The School District implemented GASB Statement No. 68 in 2015. The effect of this Statement required the School District to report in the summary of net position, a liability of \$8,813,582 for 2022 and \$13,463,253 for 2021.

The School District implemented GASB Statement No. 75 in 2018. The effect of this Statement required the School District to report in the summary of net position, a liability of \$555,064 for 2022 and \$2,075,204 for 2021.

The results of this year's operations for the School District as a whole are reported in the statement of activities. Exhibit B provides a summary of the changes in net position for the years ended June 30, 2022 and 2021.

	Governmental Activities	
	2022	2021
Revenues		
Program revenue:		
Charges for services	\$ 664,040	\$ 537,481
Grants and categoricals	3,048,626	2,552,548
General revenue:		
Property taxes	1,620,663	1,463,541
State aid	4,434,709	4,535,302
Other	353,134	329,708
Total revenues	10,121,172	9,418,580
Function/Program Expenses		
Instruction	3,781,312	4,532,103
Support services	3,059,119	3,284,453
Community services	19,185	19,823
Food services	457,312	363,913
Student/school activities	148,461	93,682
Athletics	223,718	201,382
Interest on long-term debt	205,879	219,734
Payments to other schools	77,606	0
Depreciation (unallocated)	520,118	575,813
Adjustments to prior period revenue accounts	0	3,683
Total expenses	8,492,710	9,294,586
Change in Net Position	\$ 1,628,462	\$ 123,994

As reported in the statement of activities, the cost of all of our governmental activities this year was \$8,492,710. Certain activities were partially funded from those who benefited from the programs, \$664,040, or by the other governments and organizations that subsidized certain programs with grants and categoricals of \$3,048,626. We paid for the remaining "public benefit" portion of our governmental activities with \$1,620,663 in taxes, \$4,434,709 in State aid and with our other revenues, such as interest and entitlements.

COLEMAN COMMUNITY SCHOOLS
Management's Discussion and Analysis
For the Year Ended June 30, 2022

The School District had an increase in net position of \$1,628,462. The major reason for the increase was the increase in state aid and federal revenues, most of which are one-time funds due to COVID. The decrease in net position differs from the change in fund balance and a reconciliation appears in the financial statements.

The School District's Funds

The School District uses funds to help it control and manage money for particular purposes. Looking at funds helps the reader consider whether the School District is being accountable for the resources taxpayers and other provide to it and may provide more insight into the School District's overall financial health.

The School District's governmental funds reported a combined fund balance of \$2,973,730, which is greater than last year's total of \$2,518,680. The schedule below indicates the fund balance and the total change in fund balances as of June 30, 2022 and 2021.

	Fund Balance 6/30/2022	Fund Balance 6/30/2021	Increase (Decrease)
General	\$ 2,224,871	\$ 1,663,843	\$ 561,028
Capital Projects	0	110,201	(110,201)
Special Revenue	572,575	552,822	19,753
Debt Service	176,284	191,814	(15,530)
	<u>\$ 2,973,730</u>	<u>\$ 2,518,680</u>	<u>\$ 455,050</u>

- Our General Fund increase is mainly attributable to additional state-aid and one-time federal revenues.
- Our Capital Projects Funds decrease is due to the completion of our 2018 series 1 bond.
- Our Special Revenue Funds increased mainly due to more student activity fundraiser and event transactions.
- Our Debt Service Funds decrease is mainly due to the difference is taxes collected and the bond and interest payments made during the year.

COLEMAN COMMUNITY SCHOOLS
Management's Discussion and Analysis
For the Year Ended June 30, 2022

As the graph below illustrates, the largest portions of General Fund expenditures are for salaries and fringe benefits. The School District by nature is a labor intensive organization.

Expenditures

Expenditures by Object	2022	2021
Salaries and wages	\$ 3,525,206	\$ 3,359,574
Fringe benefits	2,590,738	2,562,349
Purchased services	1,047,354	809,411
Supplies	471,963	436,699
Capital outlay	45,605	150,337
Other	635,982	537,466
Total	<u>\$ 8,316,848</u>	<u>\$ 7,855,836</u>

COLEMAN COMMUNITY SCHOOLS
Management's Discussion and Analysis
For the Year Ended June 30, 2022

Expenditures have increased by \$461,012 from the prior year. Salaries and benefits increased due to additional programs which include before and after school programs, summer school programs for credit recovery and learning loss. In addition, we were able to add some additional services which included a nurse, a COVID tracing aide, and math, reading and behavioral interventionists. Purchased services increased due to additional contracted personnel services such as subs for teachers. Supplies increased due to additional COVID supply needs. Capital outlay decreased from prior year, security enhancements were purchased last year, additional capital outlay needs this year involved additional sanitizing equipment which included, two floor scrubbers for the Elementary and High School buildings. A greenhouse to enhance our Agriscience program was also purchased. All of these expenses were purchased through state and federal grants.

General Fund Budgetary Highlights

Over the course of the year, the School District revises its budget to reflect changes in revenues and expenditures. State law requires that the budget be amended to ensure that expenditures do not exceed appropriations. A schedule showing the School District's original and final budget amounts compared with amounts actually paid and received is provided in required supplemental information of these financial statements. Changes to the General Fund original budget were as follows:

- Budgeted revenues were increased \$549,175 due to an increase in state, federal, local and inter-district/other sources.
- Budgeted expenditures were increased \$99,690 mainly due to personnel changes and utilizing grant funds to offset wages and benefits.
- Actual revenues were under final budgeted revenues by \$542,162 due to a decrease in property taxes, a decrease in state revenues which consist of our Marshall Plan and ESSER grants. Expenses were overstated for the current fiscal year, thus the revenue was also overstated. All remaining ESSER grant funds must be expended by 2023.
- Actual expenditures were under final budgeted expenditures by \$785,182 due to administrative conservativeness with the budget.

COLEMAN COMMUNITY SCHOOLS
Management's Discussion and Analysis
For the Year Ended June 30, 2022

Capital Assets

At June 30, 2022, the School District had \$8,194,364 invested in a broad range of capital assets, including land, buildings, furniture and equipment. This amount represents a net decrease (including additions and disposals) of 5% from last year.

	<u>2022</u>	<u>2021</u>
Land	\$ 28,235	\$ 28,235
CIP greenhouse	6,656	0
Buildings and improvements	15,060,678	15,060,678
Buses and other vehicles	981,368	1,093,694
Furniture and equipment	<u>1,666,085</u>	<u>1,611,236</u>
Total capital assets	17,743,022	17,793,843
Less accumulated depreciation	<u>9,548,658</u>	<u>9,158,866</u>
Net capital assets	<u>\$ 8,194,364</u>	<u>\$ 8,634,977</u>

This year's additions of \$79,505 was due to the purchase of a greenhouse, two floor scrubbers, two dishwashers, two serving counters and a walk-in freezer.

We present more detailed information about our capital assets in the notes to the financial statements.

Debt

At the end of this year, the School District had \$5,810,000 in bonds outstanding versus \$6,195,000 in the previous year due to the issuance of bonds.

The School District's General Obligation Bond rating continues to be equivalent to the State's credit rating. The State limits the amount of general obligation debt that schools can issue to 15% of the assessed value of all taxable property within the School District's boundaries. If the School District issues "qualified debt," i.e., debt backed by the State of Michigan, such obligations are not subject to this debt limit. The School District's outstanding unqualified general obligation debt is significantly below the statutorily imposed limit.

	<u>2022</u>	<u>2021</u>
2015 bonds	\$ 4,805,000	\$ 5,120,000
2018 bonds	<u>1,005,000</u>	<u>1,075,000</u>
	<u>\$ 5,810,000</u>	<u>\$ 6,195,000</u>

COLEMAN COMMUNITY SCHOOLS
Management's Discussion and Analysis
For the Year Ended June 30, 2022

Factors Expected to have an Effect on Future Operations

Our elected Board and administration consider many factors when setting the School District's 2023 fiscal year budget. One of the most important factors affecting the budget is our student count. The State foundation revenue is determined by multiplying the blended student count by the foundation allowance per pupil. The 2023 fiscal year budget was adopted in June 2022, based on actual students enrolled in February 2021 and an estimate of students that will be enrolled in September 2022. Under State law, the School District cannot access additional property tax revenue for general operations. As a result, district funding is heavily dependent on the State's ability to fund local school operations. Based on early enrollment data at the start of the 2022-2023 school year, we anticipate that the fall student count will be above the estimates used in creating the 2023 fiscal year budget. Once the final student count and related per pupil funding is validated, State law requires the School District to amend the budget if actual district resources are not sufficient to fund original appropriations.

COLEMAN COMMUNITY SCHOOLS
Management's Discussion and Analysis
For the Year Ended June 30, 2022

Since the School District's revenue is heavily dependent on State funding and the health of the State's School Aid Fund, the actual revenue received depends on the State's ability to collect revenues to fund its appropriation to school districts. The State periodically holds a revenue-estimating conference to estimate revenues. Based on the results of the most recent conference, the State estimates funds are sufficient to fund the appropriation until 2022-2023.

The School District also passed a new bond renewal in 2018 for the purpose of: "remodeling, furnishing and refurbishing, and equipping and re equipping school facilities, including the high school and elementary school building; acquiring and installing instructional technology, instructional technology equipment and security equipment for school building; erecting, furnishing and equipping additions to school facilities; purchasing school buses; and acquiring, preparing, developing and improving sites." Pursuant to State law, expenditure of bond proceeds must be audited, and the proceeds cannot be used for repair and maintenance costs, teacher, administrator or employee salaries or other operating expenses. This is a 3 Series bond, with the majority of the remodeling, furnishing and refurbishing taking place in Series 1 and acquisition of technology and school buses occurring during Series 1, 2 (2027), and 3 (2031).

The District was recently awarded the Marshall Plan for Talent Grant of \$469,886 in conjunction with its consortium partners and is the fiscal agent for the grant. Funds for the grant were included in the August 2019 State Aid payment and spending began that year with the Talent Equipment and Curriculum Section 297 (a) 2&3 purchases. Due to COVID, some of the equipment and curriculum purchases were slowed due to lack of availability of services, training and equipment, but work in those areas has resumed. The District continues to seek additional grant funding in order to support new courses and programming for the students of Coleman Community Schools, to supplement State Aid payments.

It is of note that while the fund balance percentage has increased, the overall spending of that fund balance has turned around. The increase/decrease in Fund Balance for the past eight years is listed below.

•	2014	\$	(97,401)
•	2015	\$	(15,107)
•	2016	\$	(271,641)
•	2017	\$	(257,698)
•	2018	\$	67,480
•	2019	\$	(35,940)
•	2020	\$	(140,304)
•	2021	\$	447,602
•	2022	\$	561,028

For this 2022 audit, the General Fund had an increase to the fund balance of \$561,028 due to a conservative budget approval and additional one time Federal funding due to COVID along with some retirements. All contracts are currently settled and are multi-year contracts with a conservative bent with per pupil funding and enrollment in mind.

COLEMAN COMMUNITY SCHOOLS
Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balance of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2022

Net change in fund balance - total governmental funds	\$ 455,050
Amounts reported for governmental activities in the statements of activities are different because:	
Governmental funds report capital outlays as expenditures; in the statement of activities, these costs are allocated over their estimated useful lives as depreciation	
Depreciation expense	(520,118)
Capital outlay	79,505
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	385,000
The issuance of long-term debt (e.g. bonds) provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transactions, however, has any effect of premiums, discounts, and similar items when debt is first issued, where as these amounts are deferred and amortized in the statement of activities. The effect of these differences is the treatment of long-term debt and related items as follows:	
Amortization of bond premium	31,688
Changes in compensated absences are reported as an addition in expenditures when financial resources are used in the governmental fund in accordance with GASB Interpretation No. 6	17,056
Interest expense is reported as a reduction in expenses on the Statement of Activities	2,340
Some revenue and expenses reported in the statement of activities are not recognized or require the use of current financial resources and, therefore, are not reported in the governmental funds	
Pension related items	509,328
OPEB related items	668,613
Change in net position of governmental activities	<u>\$ 1,628,462</u>

See accompanying notes to financial statements.

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Coleman Community Schools (School District) conform to U.S. generally accepted accounting principles (GAAP) as applicable to governmental units. The following is a summary of the significant accounting policies used by the School District:

Reporting Entity

The School District is governed by an elected Board of Education. The accompanying financial statements have been prepared in accordance with criteria established by the Governmental Accounting Standards Board for determining the various governmental organizations to be included in the reporting entity. These criteria include significant operational financial relationships that determine which of the governmental organizations are a part of the School District's reporting entity, and which organizations are legally separate component units of the School District. The School District has no component units.

District-wide and Fund Financial Statements

The district-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All of the School District's government-wide activities are considered governmental activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenue includes (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, intergovernmental payments and other items are not properly included among program revenues are reported as general revenue.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the district-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting and Financial Statement Presentation

District-wide Statements - The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants, categorical aid and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule, the effect of interfund activity has been eliminated from the district-wide financial statements.

Amounts reported as program revenue include (1) charges to customers or applicants for goods, services or privileges provided; (2) operating grants and contributions. Internally dedicated resources are reported as general revenue rather than as program revenue. Likewise, general revenue includes all taxes and unrestricted State aid.

Fund-based Statements - Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenue to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, unrestricted state aid, intergovernmental grants and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be available only when cash is received by the government.

The School District reports the following major governmental fund:

General Fund - The General Fund is used to record the general operations of the School District pertaining to education and those operations not provided for in other funds. Included are all transactions related to the approved current operating budget.

Assets, Liabilities, and Net Position or Equity

Cash and Investments - Cash and cash equivalents include cash on hand, demand deposits and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value.

Receivables and Payables - In general, outstanding balances between funds are reported as "due to/from other funds." Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "advances to/from other funds."

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Inventory and Prepaid Items - Inventories are valued at cost, on a first-in, first-out basis. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future fiscal years and is recorded as prepaid items in both district-wide and fund financial statements.

Capital Assets - Capital assets, which include land, buildings, equipment and vehicles, are reported in the applicable governmental activities column in the district-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$5,000 and any asset susceptible to theft. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Costs of normal repair and maintenance that do not add to the value or materially extend asset lives are not capitalized. The School District does not have infrastructure-type assets.

Buildings, equipment and vehicles are depreciated using the straight-line method over the following useful lives:

Buildings and improvements	20-50 years
Buses and other vehicles	8 years
Furniture and equipment	5-20 years

Compensated Absences - The liability for compensated absences reported in the district-wide statements consists of unpaid, accumulated annual and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who are currently eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

Long-term Obligations - In the district-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net assets.

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Defined Benefit Plan - For purposes of measuring the net pension and other postemployment benefit liability, deferred outflows of resources and deferred inflows of resources related to pensions and other postemployment benefits and pension and other postemployment benefits expense, information about the fiduciary net position of the Michigan Public School Employees Retirement Systems (MPERS) and additions to/deductions from MPERS fiduciary net position have been determined on the same basis as they are reported by MPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Fund Equity - The fund balance classifications are reported on the extent to which a government is bound to observe constraints imposed on the use of the resources in governmental funds. The fund balances are classified as nonspendable, restricted, committed, assigned and unassigned.

Nonspendable fund balance represents amounts that are not in a spendable form. The School District's nonspendable fund balance represents inventories and prepaid expenditures. In the fund financial statements, governmental funds report restrictions on fund balances for amounts that are legally restricted by outside parties for a specific purpose. Committed fund balance represents funds formally set aside by the School District for a particular purpose. The use of committed funds would be approved by the Board of Education through the budget process or official board action.

Assigned fund balance would represent tentative management plans that are subject to change which at the present time the School District does not have any assigned fund balance. The School District's intent would be to spend uncommitted/unassigned funds prior to the use of committed funds. When both restricted and unrestricted resources are available for use, it is the School District's policy to use restricted resources first, then unrestricted resources as they are needed.

Deferred Outflows and Inflows of Resources

Deferred outflows - In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. For district-wide financial statements, the School District reports deferred outflows of resources related to pensions and other postemployment benefits. This amount is the result of a difference between what the plan expected to earn from plan investments and what is actually earned. This amount will be amortized over the next four years and included in pension and other postemployment benefits expense. Changes in assumptions relating to the net pension and other postemployment benefits liability are deferred and amortized over the expected remaining service lives of the employees and retirees in the plan. The School District also reported deferred outflows of resources for pension and other postemployment benefits contributions made after the measurement date. This amount will reduce the net pension and other postemployment benefits liability in the following year.

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Inflows - In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. For district-wide financial statements, the School District reports deferred inflows of resources related to pensions and other postemployment benefits. This amount is the result of a difference between what the plan expected to earn from the plan investments and what the plan actually earned. This amount will be amortized over the next four years and included in pension and other postemployment benefits expense. Changes in assumptions relating to the net pension liability are deferred and amortized over the expected remaining service lives of the employees and retirees in the plan. Deferred inflows of resources also includes revenue received relating to Section 147c state aid deferred to offset the deferred outflows related to Section 147c pension contributions subsequent to the measurement period.

Use of Estimates - The process of preparing the basic financial statements in conformity with U.S. generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenditures. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Property taxes - For the taxpayers of the School District, properties are assessed as of December 31 and the related property taxes are levied and become a lien on July 1. The final collection date is February 28, after which uncollected taxes are added to the County delinquent tax rolls.

State Aid - For the fiscal year ended June 30, 2022, the State of Michigan adopted a foundation grant approach which provides for a specific annual amount of revenue per student based on a state-wide formula. The foundation is funded from state and local sources. Revenues from state sources are primarily governed by the School Aid Act and the School Code of Michigan. The Michigan Department of Education administers the allocation of state funds to school districts based on information supplied by the districts. For the year ended June 30, 2022, the foundation allowance was based on the average pupil membership counts taken in February of 2021 and October of 2021.

The state portion of the foundation is provided primarily by a state education property tax millage of 6 mills and an allocated portion of state sales and other taxes. The local portion of the foundation is funded primarily by non-homestead property taxes which may be levied at a rate of up to 18 mills. The state revenue is recognized during the foundation period (currently the fiscal year) and is funded through payments from October 2021 - August 2022. The local revenue is recognized as outlined in Note 1. Amounts receivable from the State of Michigan at June 30, 2022 relating to state aid is \$1,040,095.

The School District also receives revenue from the state to administer certain categorical education programs. State rules require that revenue earmarked for these programs be used for its specific purpose. Certain categorical funds require an accounting to the state of the expenditures incurred. For categorical funds meeting this requirement, funds received, which are not expended by the close of the fiscal year are recorded as deferred revenue. Other categorical funding is recognized when the appropriation is received.

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Events Occurring After Reporting Date

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through the date of the accompanying independent auditor's report, which is the date the financial statements were available to be issued.

NOTE 2 - BUDGETS

The State of Michigan adopted a Uniform Budgeting and Accounting Act (Act) applicable to all local governmental entities in the state. The law requires appropriation acts to be adopted for General and Special Revenue Funds of school districts prior to the expenditure of monies in a fiscal year.

Coleman Community Schools follows these procedures in establishing the budgetary data reflected in the financial statements.

1. The School District's Superintendent submits to the Board of Education a proposed budget prior to July 1 of each year. The budget includes proposed expenditures and the means of financing them.
2. A public hearing is conducted to obtain taxpayer comments.
3. Budgeted amounts are as originally adopted, or as amended by the Board of Education throughout the year. Budgets are adopted to the functional level.
4. Appropriations lapse at year-end and therefore cancels all encumbrances. These appropriations are re-established at the beginning of the following year.

A comparison of actual results of operations to the budgeted amounts (at the level of control adopted by the Board of Education) for the General Fund is presented as Required Supplemental Information.

Expenditures shall not be made or incurred, unless authorized in the budget, in excess of the amount appropriated. Violations, if any, in the general fund are noted in the required supplementary information section.

NOTE 3 - CASH AND INVESTMENTS

In accordance with Michigan Compiled Laws, the District is authorized to invest in the following investment vehicles:

1. Bonds, securities, and other obligations of the United States or an agency or instrumentality of the United States.

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

2. Certificates of deposit, savings accounts, deposit accounts, or depository receipts of a bank which is a member of the Federal Deposit Insurance Corporation (FDIC) or a savings and loan association which is a member of the Federal Savings and Loan Insurance Corporation (FSLIC) or a credit union which is insured by the National Credit Union Administration (NCUA), but only if the bank, savings and loan association, or credit union is eligible to be a depository of surplus funds belonging to the State under section 5 or 6 of Act No. 105 of the Public Acts of 1855, as amended, being Section 21.145 and 21.146 of the Michigan Compiled Laws.
3. Commercial paper rated at the time of purchase within the three (3) highest classifications established by not less than two (2) standard rating services and which matures not more than 270 days after the date of purchase.
4. The United States government or federal agency obligations repurchase agreements.
5. Bankers acceptances of United States banks.
6. Mutual funds composed of investment vehicles, which are legal for direct investment by local units of government in Michigan.

Michigan Compiled Laws allow for collateralization of government deposits, if the assets for pledging are acceptable to the State Treasurer under Section 3 of 1855 PA 105, MCL 21.143, to secure deposits of State surplus funds, securities issued by the Federal Loan Mortgage Corporation, Federal National Mortgage Association, or Government National Mortgage Association.

At year-end, the School District's deposits and investments were reported in the basic financial statements in the following categories:

	Primary Government
	<u>\$ 1,941,090</u>
Cash and cash equivalents	

As of June 30, 2022 the School District had deposits and investments subject to the following risk:

Custodial credit risk - deposits. In the case of deposits, this is the risk that in the event of a bank failure, the School District's deposits may not be returned to it. As of June 30, 2022, \$1,950,797 of the School District's bank balance of \$2,200,797 was exposed to custodial credit risk because it was uninsured and uncollateralized.

Custodial credit risk - investments. For an investment, this is the risk that, in the event of the failure of the counterparty, the School District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

The School District will minimize custodial credit risk, which is the risk of loss due to the failure of the security issuer or backer, by; limiting investments to the types of securities allowed by law; and pre-qualifying the financial institutions, broker/dealers, intermediaries and advisors with which the School District will do business.

Interest rate risk. In accordance with its investment policy, the School District will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by; structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the open market; and, investing operating funds primarily in shorter-term securities, liquid asset funds, money market mutual funds, or similar investment pools and limiting the average maturity in accordance with the School District's cash requirements.

Concentration of credit risk. The School District will minimize concentration of credit risk, which is the risk of loss attributed to the magnitude of the School District's investment in a single issuer, by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized. Obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk and do not require disclosure by credit quality.

Foreign currency risk. The School District is not authorized to invest in investments which have this type of risk.

Fair value measurement. The School District is required to disclose amounts within a framework established for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Quoted prices in active markets for identical securities.

Level 2: Prices determined using other significant observable inputs. Observable inputs are inputs that other market participants may use in pricing a security. These may include prices for similar securities, interest rates, prepayment speeds, credit risk and others.

Level 3: Prices determined using significant unobservable inputs. In situations where quoted prices or observable inputs are unavailable or deemed less relevant, unobservable inputs may be used. Unobservable inputs reflect the School District's own assumptions about the factors market participants would use in pricing an investment and would be based on the best information available.

The School District does not have any investments subject to the fair value hierarchy.

NOTE 5 - INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

A summary of interfund transfers made during the year ended June 30, 2022 are as follows:

		<u>Transfers Out</u>		
		<u>General</u>	<u>Food Service</u>	<u>Total</u>
Transfers In	General Fund	\$ 0	\$ 5,000	\$ 5,000
	Food Service	4	0	4
		<u>\$ 4</u>	<u>\$ 5,000</u>	<u>\$ 5,004</u>

Interfund transfers between the Food Service Fund and the General Fund were made to cover overhead costs reimbursements and at-risk food transfers.

NOTE 6 - RECEIVABLES

Receivables at June 30, 2022 consist of accounts (fees), intergovernmental grants and interest.

A summary of the intergovernmental receivables (due from other governmental units) follows:

State aid and grants	\$ 1,040,095
Federal grants	<u>1,051,510</u>
	<u>\$ 2,091,605</u>

NOTE 7 - UNEARNED REVENUE

Governmental funds report unearned revenue in connection with receivables for revenue that are not considered to be available to liquidate liabilities of the current period. Governmental funds also reflect unearned revenue in connection with resources that have been received but not yet earned. At the end of the current fiscal year, grant and categorical aid payments received prior to meeting all eligibility requirements amounted to \$415,641.

NOTE 8 - LONG-TERM OBLIGATIONS

The following is a summary of governmental long-term obligations for the School District for the year ended June 30, 2022:

	<u>Balance</u> <u>June 30, 2021</u>	<u>Additions</u>	<u>Retirements</u> <u>and Payments</u>	<u>Balance</u> <u>June 30, 2022</u>	<u>Amount Due</u> <u>Within One</u> <u>Year</u>
General obligation bonds	\$ 6,628,072	\$ 0	\$ 416,688	\$ 6,211,384	\$ 395,000
Compensated absences	<u>104,581</u>	<u>0</u>	<u>17,056</u>	<u>87,525</u>	<u>0</u>
	<u>\$ 6,732,653</u>	<u>\$ 0</u>	<u>\$ 433,744</u>	<u>\$ 6,298,909</u>	<u>\$ 395,000</u>

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 8 - LONG-TERM OBLIGATIONS (CONTINUED)

Long-term obligations at June 30, 2022 is comprised of the following issues:

General obligation bonds:

\$6,005,000 2015 School Building & Site bonds due in annual installments of \$50,000 to \$480,000 through May 1, 2034; interest at 4.00%	\$ 4,805,000
\$1,190,000 2018 School Building & Site bonds due in annual installments of \$50,000 to \$85,000 through May 1, 2035; interest at 2.30% 3.65%	<u>1,005,000</u>
Total bonded debt	5,810,000
Premium	<u>401,384</u>
Total bonded debt	<u>\$ 6,211,384</u>

Under the terms of the present contracts between the Board of Education of Coleman Community Schools and the various employee groups, including teachers, administration, custodians, bus drivers and extra support personnel, the School District is contingently liable for compensated absences (sick pay). The amount of compensated absences, calculated based on years of service, amounted to \$87,525 at June 30, 2022.

The annual debt service requirements on long-term debt as of June 30, 2022, including interest payments are as follows:

<u>Year Ended June 30</u>	<u>General Obligation Bonds</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 395,000	\$ 224,533	\$ 619,533
2024	410,000	209,713	619,713
2025	420,000	194,188	614,188
2026	440,000	178,193	618,193
2027	455,000	161,343	616,343
2028 - 2032	2,490,000	532,433	3,022,433
2033 - 2035	1,200,000	75,315	1,275,315
	<u>\$ 5,810,000</u>	<u>\$ 1,575,718</u>	<u>\$ 7,385,718</u>

For the Year Ended June 30, 2022

NOTE 9 - RISK MANAGEMENT

The School District is exposed to various risks of loss related to property loss, torts, errors and omissions, and employee injuries (workers' compensation), as well as medical benefits provided to employees. The School District has purchased commercial insurance for medical claims and participates in the SET-SEG risk pool for claims relating to workers' compensation, general liability, and property/casualty claims. Settled claims relating to the commercial insurance did not exceed the amount of insurance coverage in any of the past three fiscal years.

The SET-SEG shared-risk pool program in which the School District participates operates as a common risk-sharing management program for school districts in Michigan; member premiums are used to purchase commercial excess insurance coverage and to pay member claims in excess of deductible amounts.

NOTE 10 - DEFINED BENEFIT PENSION PLAN AND POSTEMPLOYMENT BENEFITS

Plan Description

The Michigan Public School Employees' Retirement System (MPSERS) (System) is a cost-sharing, multiple employer, state-wide, defined benefit public employee retirement plan governed by the State of Michigan (State) originally created under Public Act 136 of 1945, recodified and currently operating under the provisions of Public Act 300 of 1980, as amended. Section 25 of this act establishes the board's authority to promulgate or amend the provisions of the System. MPSERS issues a publicly available Comprehensive Annual Financial Report that can be obtained at www.michigan.gov/orsschools.

The System's pension plan was established by the State to provide retirement, survivor and disability benefits to public school employees. In addition, the System's health plan provides all retirees with option of receiving health, prescription drug, dental and vision coverage under the Michigan Public School Employees' Retirement Act.

The System is administered by the Office of Retirement Services (ORS) within the Michigan Department of Technology, Management & Budget. The Department Director appoints the Office Director, with whom the general oversight of the System resides. The State of Michigan Investment Board serves as the investment fiduciary and custodian for the system.

Benefits Provided - Overall

Participants are enrolled in one of multiple plans based on date of hire and certain voluntary elections. A summary of the pension plans offered by MPSERS is as follows:

<u>Plan Name</u>	<u>Plan Type</u>	<u>Plan Status</u>
Basic	Defined Benefit	Closed
Member Investment Plan (MIP)	Defined Benefit	Closed
Pension Plus	Hybrid	Closed
Pension Plus 2	Hybrid	Open
Defined Contribution	Defined Contribution	Open

COLEMAN COMMUNITY SCHOOLS

For the Year Ended June 30, 2022

NOTE 10 - DEFINED BENEFIT PENSION PLAN AND POSTEMPLOYMENT BENEFITS
(CONTINUED)

Benefits Provided - Pension

Benefit provisions of the defined benefit pension plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions for the defined benefit (DB) pension plan. Retirement benefits for DB plan members are determined by final average compensation and years of service. DB members are eligible to receive a monthly benefit when they meet certain age and service requirements. The System also provides disability and survivor benefits to DB plan members.

Prior to Pension reform of 2010 there were two plans commonly referred to as Basic and the Member Investment Plan (MIP). Basic Plan member's contributions range from 0% - 4%. On January 1, 1987, the Member Investment Plan (MIP) was enacted. MIP members enrolled prior to January 1, 1990, contribute at a permanently fixed rate of 3.9% of gross wages. Members first hired January 1, 1990, or later including Pension Plus Plan members, contribute at various graduated permanently fixed contribution rates from 3.0% - 7.0%.

Pension Reform 2010

On May 19, 2010, the Governor signed Public Act 75 of 2010 into law. As a result, any member of the Michigan Public School Employees' Retirement System (MPERS) who became a member of MPERS after June 30, 2010 is a Pension Plus member. Pension Plus is a hybrid plan that contains a pension component with an employee contribution (graded, up to 6.4% of salary) and a flexible and transferable defined contribution (DC) tax-deferred investment account that earns an employer match of 50% (up to 1% of salary) on employee contributions. Retirement benefits for Pension Plus members are determined by final average compensation and years of service. Disability and survivor benefits are available to Pension Plus members.

Pension Reform 2012

On September 4, 2012, the Governor signed Public Act 300 of 2012 into law. The legislation grants all active members who first became a member before July 1, 2010 and who earned service credit in the 12 months ending September 3, 2012, or were on an approved professional services or military leave of absence on September 3, 2012, a voluntary election regarding their pension. Any changes to a member's pension are effective as of the member's transition date, which is defined as the first day of the pay period that begins on or after February 1, 2013.

Under the reform, members voluntarily chose to increase, maintain, or stop their contributions to the pension fund.

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 10 - DEFINED BENEFIT PENSION PLAN AND POSTEMPLOYMENT BENEFITS
(CONTINUED)

An amount determined by the member's election of Option 1, 2, 3, or 4 described below:

Option 1 – Members voluntarily elected to increase their contributions to the pension fund as noted below, and retain the 1.5% pension factor in their pension formula. The increased contribution would begin as of their transition date and continue until they terminate public school employment.

- Basic plan members: 4% contribution
- Member Investment Plan (MIP)-Fixed, MIP-Graded, and MIP-Plus members: a flat 7% contribution

Option 2 – Members voluntarily elected to increase their contribution to the pension fund as stated in Option 1 and retain the 1.5% pension factor in their pension formula. The increased contribution would begin as of their transition date and continue until they reach 30 years of service. If and when they reach 30 years of service, their contribution rates will return to the previous level in place as of the day before their transition date (0% for Basic plan members, 3.9% for MIP-Fixed, up to 4.3% for MIP-Graded, or up to 6.4% for MIP-Plus). The pension formula for any service thereafter would include a 1.25% pension factor.

Option 3 – Members voluntarily elected not to increase their contribution to the pension fund and maintain their current level of contribution to the pension fund. The pension formula for their years of service as of the day before their transition date will include a 1.5% pension factor. The pension formula for any service thereafter will include a 1.25% pension factor.

Option 4 – Members voluntarily elected to no longer contribute to the pension fund and therefore are switched to the Defined Contribution plan for future service as of their transition date. As a DC participant they receive a 4% employer contribution to the tax-deferred 401(k) account and can choose to contribute up to the maximum amounts permitted by the IRS to a 457 account. They vest in employer contributions and related earnings in their 401(k) account based on the following schedule: 50% at 2 years, 75% at 3 years, and 100% at 4 years of service. They are 100% vested in any personal contributions and related earnings in their 457 account. Upon retirement, if they meet age and service requirements (including their total years of service), they would also receive a pension (calculated based on years of service and final average compensation as of the day before their transition date and a 1.5% pension factor).

Members who did not make an election before the deadline defaulted to Option 3 as described above. Deferred or nonvested public school employees on September 3, 2012, who return to public school employment on or after September 4, 2012, will be considered as if they had elected Option 3 above. Returning members who made the retirement plan election will retain whichever option they chose.

Employees who first worked on or after September 4, 2012 choose between two retirement plans: the Pension Plus Plan and a Defined Contribution that provides a 50% employer match up to 3% of salary on employee contributions.

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 10 - DEFINED BENEFIT PENSION PLAN AND POSTEMPLOYMENT BENEFITS
(CONTINUED)

Final Average Compensation (FAC) - Average of highest 60 consecutive months for Basic Plan members and Pension Plus members (36 months for MIP members). FAC is calculated as of the last day worked unless the member elected Option 4, in which case the FAC is calculated at the transition date.

Pension Reform of 2017

On July 13, 2017, the Governor signed Public Act 92 of 2017 into law. The legislation closed the Pension Plus plan to newly hired employees as of February 1, 2018 and created a new, optional Pension Plus 2 plan with similar plan benefit calculations but containing a 50/50 contribution share between the employee and the employer, including the cost of future unfunded liabilities. The assumed rate of return on the Pension Plus 2 plan is 6%. Further, under certain adverse actuarial conditions, the Pension Plus 2 plan will close to new employees if the actuarial funded ratio falls below 85% for two consecutive years. The law included other provisions to the retirement eligibility age, plan assumptions, and unfunded liability payment methods.

Benefits Provided – Other postemployment benefit (OPEB)

Benefit provisions of the postemployment healthcare plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions. Retirees have the option of health coverage, which, through 2012, was funded on a cash disbursement basis. Beginning fiscal year 2013, it is funded on a prefunded basis. The System has contracted to provide the comprehensive group medical, prescription drug, dental and vision coverage for retirees and beneficiaries. A subsidized portion of the premium is paid by the System with the balance deducted from the monthly pension of each retiree health care recipient. For members who first worked before July 1, 2008, (Basic, MIP-Fixed, and MIP-Graded plan members), the subsidy is the maximum allowed by statute. To limit future liabilities of Other Postemployment Benefits, members who first worked on or after July 1, 2008, (MIP-Plus plan members), have a graded premium subsidy based on career length where they accrue credit towards their insurance premiums in retirement, not to exceed the maximum allowable by statute. Public Act 300 of 2012 sets the maximum subsidy at 80% beginning January 1, 2013; 90% for those Medicare eligible and enrolled in the insurances as of that date.

Retiree Healthcare Reform of 2012

Public Act 300 of 2012 granted all active members of the Michigan Public School Employees Retirement System, who earned service credit in the 12 months ending September 3, 2012, or were on an approved professional services or military leave of absence on September 3, 2012, a voluntary election regarding their retirement healthcare. Any changes to a member's healthcare benefit are effective as of the member's transition date, which is defined as the first day of the pay period that begins on or after February 1, 2013.

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 10 - DEFINED BENEFIT PENSION PLAN AND POSTEMPLOYMENT BENEFITS
(CONTINUED)

Under Public Act 300 of 2012, members were given the choice between continuing the 3% contribution to retiree healthcare and keeping the premium subsidy benefit described above, or choosing not to pay the 3% contribution and instead opting out of the subsidy benefit and becoming a participant in the Personal Healthcare Fund (PHF), a portable, tax-deferred fund that can be used to pay healthcare expenses in retirement. Participants in the PHF are automatically enrolled in a 2% employee contribution into their 457 account as of their transition date, earning them a 2% employer match into a 401(k) account. Members who selected this option stop paying the 3% contribution to retiree healthcare as of the day before their transition date, and their prior contributions will be deposited into their 401(k) accounts.

Regular Retirement (no reduction factor for age)

Eligibility – A Basic plan member may retire at age 55 with 30 years credited service; or age 60 with 10 years credited service. For Member Investment Plan (MIP) members, age 46 with 30 years credited service; or age 60 with 10 years credited service; or age 60 with 5 years of credited service provided member worked through 60th birthday and has credited service in each of the last 5 years. For Pension Plus Plan (PPP) members, age 60 with 10 years of credited service.

Annual Amount – The annual pension is paid monthly for the lifetime of a retiree. The calculation of a member's pension is determined by their pension election under PA 300 of 2012.

Member Contributions

Depending on the plan selected, member contributions range from 0% - 7% for pension and 0% - 3% for other postemployment benefits. Plan members electing the defined contribution plan are not required to make additional contributions.

Employer Contributions

Employers are required by Public Act 300 of 1980, as amended, to contribute amounts necessary to finance the coverage of pension benefits and OPEB. Contribution provisions are specified by State statute and may be amended only by action of the State Legislature.

Employer contributions to the System are determined on an actuarial basis using the entry age normal actuarial cost method. Under this method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the service of the individual between entry age and assumed exit age. The normal cost is the annual cost assigned under the actuarial funding method, to the current and subsequent plan years. The remainder is called the actuarial accrued liability. Normal cost is funded on a current basis.

Pension and OPEB contributions made in the fiscal year ending September 30, 2021 were determined as of the September 30, 2018 actuarial valuations. The pension and OPEB benefits, the unfunded (overfunded) actuarial accrued liabilities as of September 30, 2018, are amortized over a 18-year period beginning October 1, 2020 and ending September 30, 2038.

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 10 - DEFINED BENEFIT PENSION PLAN AND POSTEMPLOYMENT BENEFITS
(CONTINUED)

The School District's contributions are determined based on employee elections. There are several different benefit options included in the plan available to employees based on date of hire. Contribution rates are adjusted annually by the ORS. The range of rates is as follows:

	<u>Pension</u>	<u>Other Postemployment Benefit</u>
October 1, 2020 - September 30, 2021	13.39% - 19.78%	7.57% - 8.43%
October 1, 2021 - September 30, 2022	13.73% - 20.14%	7.23% - 8.09%

The School District's pension contributions for the year ended June 30, 2022 were equal to the required contribution total. Total pension contributions were approximately \$1,244,000. Of the total pension contributions approximately \$1,194,000 was contributed to fund the Defined Benefit Plan and approximately \$50,000 was contributed to fund the Defined Contribution Plan.

The School District's OPEB contributions for the year ended June 30, 2022 were equal to the required contribution total. Total OPEB contributions were approximately \$294,000. Of the total OPEB contributions approximately \$267,000 was contributed to fund the Defined Benefit Plan and approximately \$27,000 was contributed to fund the Defined Contribution Plan.

These amounts, for both pension and OPEB benefits, include contributions funded from State Revenue Section 147c restricted to fund the MPSERS Unfunded Actuarial Accrued Liability (UAAL) Stabilization Rate (100% for pension and 0% for OPEB).

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liabilities

The net pension liability was measured as of September 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation date of September 30, 2020 and rolled-forward using generally accepted actuarial procedures. The School District's proportion of the net pension liability was based on a projection of its long-term share of contributions to the pension plan relative to the projected contributions of all participating reporting units, actuarially determined.

MPERS (Plan) Non-University Employers:	September 30, 2021	September 30, 2020
Total Pension Liability	\$ 86,392,473,395	\$ 85,290,583,799
Plan Fiduciary Net Position	\$ 62,717,060,920	\$ 50,939,496,006
Net Pension Liability	\$ 23,675,412,475	\$ 34,351,087,793
Proportionate share	0.03723 %	0.03919 %
Net Pension liability for the School District	\$ 8,813,582	\$ 13,463,253

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2022, the School District recognized pension expense of approximately \$101,000.

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements

Investment rate of return for OPEB - 6.95% a year, compounded annually net of investment and administrative expenses.

Salary increases - The rate of pay increase used for individual members is 2.75% - 11.55%, including wage inflation at 2.75%..

Inflation - 3.0%

Mortality assumptions -

Retirees: RP-2014 Male and Female Healthy Annuitant Mortality Tables scaled by 82% for males and 78% for females and adjusted for mortality improvements using projection scale MP-2017 from 2006.

Active: RP-2014 Male and Female Employee Annuitant Mortality Tables scaled 100% and adjusted for mortality improvements using projection scale MP-2017 from 2006.

Disabled Retirees: RP-2014 Male and Female Disabled Annuitant Mortality Tables scaled 100% and adjusted for mortality improvements using projection scale MP-2017 from 2006.

Experience study - The annual actuarial valuation report of the System used for these statements is dated September 30, 2020. Assumption changes as a result of an experience study for the periods 2012 through 2017 have been adopted by the System for use in the determination of the total pension and OPEB liability beginning with the September 30, 2018 Comprehensive Annual Financial Report.

The long-term expected rate of return on pension and other postemployment benefit plan investments - The pension rate was 6.80% (MIP, Basic, and Pension Plus Plan) and 6.00% for the Pension Plus 2 Plan, and the other postemployment benefit rate was 6.95%, net of investment and administrative expenses was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan and OPEB investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Cost of Living Pension Adjustments – 3.0% annual non-compounded for MIP members.

Healthcare cost trend rate for other postemployment benefit – Pre 65, 7.75% for year one and graded to 3.5% for year fifteen. Post 65, 5.25% for year one and graded to 3.5% in year fifteen.

Additional assumptions for other postemployment benefit only – Applies to individuals hired before September 4, 2012:

Opt Out Assumption - 21% of eligible participants hired before July 1, 2008 and 30% of those hired after June 30, 2008 are assumed to opt out of the retiree health plan.

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 10 - DEFINED BENEFIT PENSION PLAN AND POSTEMPLOYMENT BENEFITS
(CONTINUED)

Survivor Coverage - 80% of male retirees and 67% of female retirees are assumed to have coverage continuing after the retiree's death.

Coverage Election at Retirement - 75% of male and 60% of female future retirees are assumed to elect coverage for 1 or more dependents.

The target asset allocation at September 30, 2021 and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Investment Category	Target Allocation*	Long-Term Expected Real Rate of Return*
Domestic Equity Pools	25.0%	5.4%
Private Equity Pools	16.0%	9.1%
International Equity Pools	15.0%	7.5%
Fixed Income Pools	10.5%	(0.7)%
Real Estate and Infrastructure Pools	10.0%	5.4%
Absolute Return Pools	9.0%	2.6%
Real Return/Opportunistic Pools	12.5%	6.1%
Short Term Investment Pools	2.0%	(1.3)%
Total	100.0%	

*Long term rate of return are net of administrative expenses and 2.0% inflation.

Rate of return - For fiscal year ended September 30, 2021, the annual money-weighted rate of return on pension and OPEB plan investments, net of pension and OPEB plan investment expense, was 27.3% and 27.14% respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amount actually invested.

Pension discount rate - A single discount rate of 6.80% was used to measure the total pension liability (6.00% for the Pension Plus 2 Plan). This discount rate was based on the long-term rate of return on pension plan investments of 6.80% (6.00% for the Pension Plus 2 Plan). The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that contributions from school districts will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 10 - DEFINED BENEFIT PENSION PLAN AND POSTEMPLOYMENT BENEFITS
(CONTINUED)

OPEB discount rate - A single discount rate of 6.95% was used to measure the total OPEB liability. This discount rate was based on the long-term expected rate of return on OPEB plan investments of 6.95%. The projection of cash flows used to determine this discount rate assumed that plan member contributions will be made at the current contribution rate and that school districts contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Sensitivity of the net pension liability to changes in the discount rate - The following presents the School District's proportionate share of the net pension liability calculated using a single discount rate of 6.80% (6.00% for the Pension Plus 2 Plan), as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	Pension		
	<u>1% Decrease</u>	<u>Discount Rate</u>	<u>1% Increase</u>
School District's proportionate share of the net pension liability	<u>\$12,601,032</u>	<u>\$8,813,582</u>	<u>\$5,673,537</u>

Sensitivity of the net OPEB liability to changes in the discount rate - The following presents the School District's proportionate share of the net OPEB liability calculated using the discount rate of 6.95%, as well as what the Reporting Unit's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	Other postemployment benefit		
	<u>1% Decrease</u>	<u>Discount Rate</u>	<u>1% Increase</u>
School District's proportionate share of the net OPEB liability	<u>\$1,031,410</u>	<u>\$555,064</u>	<u>\$150,817</u>

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 10 - DEFINED BENEFIT PENSION PLAN AND POSTEMPLOYMENT BENEFITS
(CONTINUED)

Sensitivity to the net OPEB liability to changes in the healthcare cost trend rates - The following presents the School District's proportionate share of the net other postemployment benefit liability calculated using the healthcare cost trend rate of 7.0% (decreasing to 3.0%), as well as what the School District's proportionate share of the net other postemployment benefit liability would be if it were calculated using a healthcare cost trend rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	Other postemployment benefit		
	1% Decrease	Current Healthcare cost trend rates	1% Increase
School District's proportionate share of the net OPEB liability	<u>\$135,098</u>	<u>\$555,064</u>	<u>\$1,027,577</u>

Pension and OPEB Plan Fiduciary Net Position - Detailed information about the pension and OPEB plan's fiduciary net position is available in the separately issued Michigan Public School Employees Retirement System 2021 valuation.

Payable to the Pension and OPEB Plan - At year end the School District is current on all required pension and other postemployment benefit plan payments. Amounts accrued at year end for accounting purposes are included in the financial statements as a liability titled accrued payroll and payroll liabilities. These amounts represent current payments for June paid in July, accruals for summer pay primarily for teachers and the contributions due funded from State Revenue Section 147c restricted to fund the MPSERS Unfunded Actuarial Accrued Liability (UAAL) Stabilization Rate.

NOTE 11 - GRANTS

The School District receives significant financial assistance from federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally require compliance with terms and conditions specified in the grant agreements and are subject to audit by the School District's independent auditors and other governmental auditors. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable fund. Based on prior experience, the School District administration believes such disallowance, if any, would be immaterial.

COLEMAN COMMUNITY SCHOOLS
Notes to Financial Statements
For the Year Ended June 30, 2022

NOTE 12 - ECONOMIC DEPENDENCY

The School District received approximately 66% of their General Fund revenue from the Michigan Department of Education. Due to the significance of this revenue source to the School District, the School District is considered to be economically dependent.

NOTE 13 - BOND COMPLIANCE

The Capital Projects Fund includes capital project activities funded with bonds issued after May 1, 1994. For this capital project, the school district has complied with the applicable provisions of Section 1351a of the Revised School Code.

NOTE 14 - RELATED PARTY TRANSACTION

The School District purchased supplies from a business who is also related to the Business Manager in the amount of \$4,865 for the year ended June 30, 2022.

NOTE 15 - TAX ABATEMENTS

The School District receives reduced property tax revenues as a result of Industrial Facilities Tax exemptions, Brownfield Redevelopment Agreements, and Payments in Lieu of Taxes (PILOT) granted by cities, villages and townships. Industrial facility exemptions are intended to promote construction of new industrial facilities, or to rehabilitate historical facilities; Brownfield Redevelopment Agreements are intended to reimburse taxpayers that remediate environmental contamination on their properties; PILOT programs apply to multiple unit housing for citizens of low income and the elderly.

The taxes abated for the General Fund operating millage is considered by the State of Michigan when determining the School District's section 22 funding of the State School Aid Act.

There are no significant abatements made by the School District.

NOTE 16 - UPCOMING ACCOUNTING PRONOUNCEMENT

In May 2020, the GASB issued Statement No. 96, *Subscription-based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset - an intangible asset - and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. The School District is currently evaluating the impact this standard will have on the financial statements when adopted during the 2022-2023 fiscal year.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING
STANDARDS

October 25, 2022

Board of Education
Coleman Community Schools
Coleman, Michigan

We have audited, in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Coleman Community Schools (School District), as of and for the year ended June 30, 2022 and the related notes to the financial statements, which collectively comprise Coleman Community Schools' basic financial statements and have issued our report thereon dated October 25, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Coleman Community Schools' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of Coleman Community Schools' internal control. Accordingly, we do not express an opinion on the effectiveness of Coleman Community Schools' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the School District's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

WEINLANDER FITZHUGH

Certified Public Accountants & Advisors

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Coleman Community Schools' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE

October 25, 2022

Board of Education
Coleman Community Schools
Coleman, Michigan

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Coleman Community Schools' compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Coleman Community Schools' major federal programs for the year ended June 30, 2022. Coleman Community Schools' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Coleman Community Schools complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Coleman Community Schools and to meet our ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Coleman Community Schools' compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Coleman Community Schools' federal programs.

Auditor's Responsibility for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Coleman Community Schools' compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Coleman Community Schools' compliance with the requirements for each major federal program as a whole.

In performing an audit in accordance with U.S. generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Coleman Community Schools' compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Coleman Community Schools' internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Coleman Community Schools' internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

WEINLANDER FITZHUGH

Certified Public Accountants & Advisors

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

COLEMAN COMMUNITY SCHOOLS
Notes to the Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying schedule of expenditures of federal awards (Schedule) includes the federal grant activity of Coleman Community Schools under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Coleman Community Schools, it is not intended to and does not present the financial position or changes in net position of Coleman Community Schools.

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts (if any) shown on the Schedule represent adjustments or credit made in the normal course of business to amounts reported as expenditures.

The School District has elected not to use the 10 percent de minimus indirect cost rate to recover costs as allowed under the Uniform Guidance.

The School District does not have any subrecipients.

NOTE 2 - OTHER DISCLOSURES

Management has utilized the Cash Management System Grant Auditor Report in preparing the Schedule of Expenditures of Federal Awards.

NOTE 3 - (UNAUDITED) DONATED PERSONAL PROTECTIVE EQUIPMENT

For the year ended June 30, 2022, the School District did not receive any personal protective equipment.

Board of Education
Coleman Community Schools
Coleman, Michigan

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Coleman Community Schools (School District) for the year ended June 30, 2022. Professional standards require that we provide you with information about our responsibilities under U.S. generally accepted auditing standards, Government Auditing Standards and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 7, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Coleman Community Schools are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022. We noted no transactions entered into by the School District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the School District' financial statements were:

Estimates have been used to calculate the net pension liability and the net other postemployment benefit liability.

Management's estimate of depreciation is based on the estimated useful life of fixed assets. We evaluated the key factors and assumptions used to develop the estimated useful life of fixed assets in determining that depreciation is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

WEINLANDER FITZHUGH

Certified Public Accountants & Advisors

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 25, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to Coleman Community Schools' financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as Coleman Community Schools' auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to management's discussion and analysis, budgetary comparison information and pension and OPEB schedules, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

WEINLANDER FITZHUGH

Certified Public Accountants & Advisors

We were engaged to report on combining non-major financial statements, schedules of bonded indebtedness and schedule of expenditures of federal awards, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content and methods of preparing the information to determine that the information complies with U.S. generally accepted accounting principles, the method of preparing it has not changed from the prior period and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

A separate management letter was not issued.

Restriction on Use

This information is intended solely for the information and use of Board of Education and management of Coleman Community Schools and is not intended to be and should not be, used by anyone other than these specified parties.

Very truly yours

Weinlander Fitzhugh
