February 12, 2026

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2024-25 educational progress for Leonard Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Rachelle Parsons for assistance.

The AER is available for you to review electronically by visiting the following web site <https://bit.ly/49WNSKf>, or you may review a copy in the main office at your child's school.

Leonard Elementary currently houses kindergarten, first, and second grade students as well as the federally funded Kids Zone Preschool Program. Ovid-Elsie Little Learners preschool and daycare and after-school programming are also held at Leonard. In a separate wing of the building, the Alternative High School is housed and serves students in grades nine through twelve.

For the 2024-25 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given. Our school was identified as not having a label.

Since Leonard Elementary is a K-2 building there are no state or national tests administered at this time. Leonard uses school improvement planning to ensure all students are prepared for these assessments in later years. Leonard has had great parent involvement with almost 100% attendance of our families attending conferences where teachers present student's progress and collaboratively plan for continued student improvement and success. Leonard has great parent/student participation with grade level music performances, Run for the Roar fitness fundraiser, field trips, and field day. Leonard Elementary also offers afterschool and summer programs targeting math and reading. They also have offered science club and art club.

We will continue working together to help your students grow. Thank you for allowing us to be a partner in your child's education.

Sincerely,

Rachelle Parsons
Principal
Leonard Elementary
