The Board hereby recognizes the Association as the exclusive and sole bargaining representative for all certified and professional personnel including but not limited to teachers, psychologists, social workers, speech and language pathologists, counselors, media specialists, and literacy coaches whether under contract, on leave, employed, or to be employed by the Board, excluding the Superintendent, Assistant Superintendents, Principals, Supervisors, and substitutes within the meaning of the Public Employment Relations Act.
- B. The term “Teacher” when used hereinafter in this Agreement shall refer to all employees in the bargaining unit as above defined.

Nothing contained herein shall prevent the Board from modifying, revising, combining, or eliminating any position of employment in this Article pursuant to the conditions of this Agreement.

- C. Any new position created during the life of this Agreement will be added to the unit providing it fits the description of “Teacher” as used in this Agreement.
- D. The “Board” shall mean Board of Education or anyone the Board designates to act on its behalf.

ARTICLE 2  
Association and Teacher Rights

- A. The Association and its members shall have the privilege of using school building facilities for meetings outside of class hours on the same basis as are civic or political organizations in the District, as established by District policy.
- B. Duly authorized representatives of the Association and their respective affiliates shall be permitted to transact official business of the Association at all reasonable times, provided that this does not interfere with or interrupt normal school operations.
- C. The private and personal life of any teacher is not within the appropriate concern or attention of the Board. However, a teacher should abstain from conduct which adversely affects a teacher’s relationship to the students or the discharge of a teacher’s teaching duties.
- D. The Association may have the right to use school classroom(s), equipment within the building where equipment is located and facilities including computers, duplicating equipment, audio-visual, and multimedia equipment at reasonable times when equipment is not otherwise in use and which use is limited to operation on school property. The Association shall pay for the cost of all materials and supplies incidental to such use.
- E. The Association shall have the right to post notices of its activities and matters of the Association’s concern on teacher bulletin boards as provided in the teacher lounges.
- F. The Board will consult with the Association on any new or modified fiscal, budgetary, or tax problems; construction programs; or major revisions of educational policy and/or programs which are proposed or under consideration, and the Association will be given the opportunity to advise

the Board with respect to said matters prior to their adoption and/or general publication. The time and place for providing such advice will be determined by the Board.

- G. The Association shall be granted ten (10) days to be used by the Association representatives for Association business. These days may be used by any member of the Association designated by the President. The Board will assume the cost for five (5) of the days, and the Association and/or MEA will pay the substitute teacher cost for five (5) of the days. The responsibility of payment will be agreed upon by the Association President and the Board each year.

### ARTICLE 3 Rights of the Board

- A. The Board, on its own behalf and on behalf of the electors of the School District, hereby retains and reserves unto itself all powers, rights, authority, duties, and responsibilities conferred upon it and vested in it by the School Code and the laws of the State, the Constitution of the State of Michigan, and/or the United States. Such rights and duties, etc. shall include, but are not limited to, the right to the following:
  - 1. manage and control its business, its equipment, and its operations of the entire school system;
  - 2. continue its rights, policies and practices of assignment and direction of personnel, and schedule all the foregoing; and
  - 3. determine the services, supplies, and equipment necessary to continue its operation and to determine methods and means of distributing the above.
- B. The Board shall continue to have the right to establish, modify, or change any condition except those covered by the provisions of this Master Agreement.

### ARTICLE 4 Agency Shop and Payroll Deductions

- A. Notwithstanding any other provision of this Agreement, in the event that Michigan law prohibits the employer from assisting in collecting dues or service fees from wages, then the law will supersede any and all provisions to the contrary and collection of dues or service fees shall be within the exclusive province of the Association without any further obligation/liabilities attributable to the employer. The hold harmless provisions of Sections C are hereby specifically incorporated into this Section.
- B. The Association, the Michigan Education Association, and the National Education Association shall indemnify and save the Board harmless against and from all claims, demands, suits, or other forms of liability that may arise out of or by reason of action taken by the Board for the purpose of complying with this Article.

The provisions of any state, federal, or local law or statute which provide that such an indemnification clause or release shall not extend to this Article or to claims, demands, suits, or other forms of actions which are unsuspected to exist at the time to the parties executing such an indemnification and release, are hereby expressly waived by the Association and the employees covered by this Agreement.

## ARTICLE 5

### Teaching and Class Loads

- A. All teachers are to be at their appointed workstations at least ten (10) minutes before classes commence in the morning. Teachers are encouraged to remain for a sufficient period after the close of the pupils' school day to attend to those matters which properly require attention at that time, including consultations with parents when scheduled directly with the teacher, except that on Fridays or on days preceding holidays or vacations, the teacher's day shall end at the close of the pupils' day.

Linden High School teachers shall be required to report for duty fifteen (15) minutes before the opening of the pupils' regular school day in the morning and will be permitted to leave twenty (20) minutes after the close of the pupils' regular day.

Linden Middle School teachers shall be required to report for duty fifteen (15) minutes before the opening of the pupils' regular school day in the morning and will be permitted to leave ten (10) minutes after the close of the pupils' regular day.

Elementary teachers shall be required to report for duty ten (10) minutes before the opening of the pupils' regular day in the morning and will be permitted to leave five (5) minutes after the close of the pupils' regular day.

The normal teacher work day at all levels shall be equalized at no more than seven (7) hours and twenty-one (21) minutes.

Each building principal may have extended staff meetings beyond the regularly scheduled day for no more than a total of five (5) hours annually. Attendance at such extended staff meetings is mandatory. When using this time in addition to the regular work day for staff meetings, the building principal shall give at least one week's prior notification with a written tentative agenda.

- B. The normal weekly teaching load in the middle school and high school will be thirty (30) teaching periods and five (5) unassigned preparation periods or not to exceed an average of twenty-five (25) hours of pupil contact per week. Assignment to a supervised study period shall be considered a teaching period for the purposes of this Article. The normal teaching load in the elementary schools will be thirty (30) teaching periods or not to exceed five (5) hours and thirty-five (35) minutes of pupil contact per day.
- C. Elementary teachers will be provided a total of two hundred seventy (270) minutes relief time per week from recess and/or instructional "specialists." It is the Board's intent to maintain

instructional specialists. However, in the event of a financial crisis, if specialists are reduced or eliminated and state mandated instructional hours are in jeopardy, the time before and after school may be counted toward the two hundred seventy (270) minutes of preparation time.

- D. All teachers shall be entitled to a duty-free uninterrupted lunch period not less than thirty-five (35) minutes. A maximum of 50% of the teachers, without a teaching assignment, within a building may leave the building during the lunch period. Preparation time is to be considered work time and not duty-free. Teachers leaving the building are to sign out at the building office.
- E. Teachers of art, music, librarians, speech therapists, reading consultants, visiting teachers, counselors, and all special education teachers shall be provided with relief and preparation time to the same extent as other teachers in the District.
- F. In the event of any disagreement between the representatives of the Board and the Association as to the need and desirability of such deviations from these norms, the parties shall negotiate such deviations.
- G. Extra period assignments will be paid at 17% of the teacher's personal teaching salary, dependent upon the daily assignment.

## ARTICLE 6 Teaching Conditions

- A. The Board and the Association both recognize that high quality education is possible when the act of educating is performed under optimum conditions. It is also recognized that it is the primary duty of a teacher to teach and that the organization of the school and the teacher's duties should be directed towards this end. Every effort will be made to provide conditions that will provide high quality education to every student in the school district.
- B. It is agreed that the teacher-pupil ratio is an important factor in an educational program and that the class sizes should be lowered whenever possible to meet the following standards:
  - 1. ELEMENTARY

Young Fives	23
Kindergarten	26
1 <sup>st</sup> through 5 <sup>th</sup>	30
  - 2. SECONDARY

6 <sup>th</sup> through 12 <sup>th</sup>	31 (Except physical education, instrumental and vocal music, and study hall)
--	--
- C. Teachers who are assigned to classes which exceed the maximum of twenty-three (23) in Young Fives, twenty-six (26) in Kindergarten and thirty (30) in elementary grades (1-5) shall receive an additional payment of \$210 per student, per semester as of the 4<sup>th</sup> Friday of each semester.

Except for Physical Education and Instrumental and Vocal Music, teachers of Middle School and High School classes who are assigned to classes which exceed thirty-one (31) students shall be paid \$45 per section, per student, per semester, as of the 4<sup>th</sup> Friday of each semester.

The Board of Education will strive to keep class sizes at an equal level and, if increases prove necessary, to make pupil assignments on an equitable basis. The Association pledges to maintain or improve the quality of education in those classrooms where maximum excesses exist.

As a condition of this contract, both parties agree that the dollar amount per student, per semester in excess of the maximums will not be used or referred to as a standard or precedent for establishing additional payment in future contracts.

- D. The Board recognizes that appropriate texts, library reference facilities, maps and globes, laboratory equipment, audio-visual equipment, art supplies, athletic equipment, current periodicals, standard tests and questionnaires, and similar items should be made available to the teachers at all times. The parties will confer from time to time for the purpose of improving the selection and use of such educational tools. The Board agrees also to keep the schools reasonably equipped and maintained. This should include all teachers' facilities such as teachers' lounges and restrooms, if possible.
- E. The Board and the Association mutually recognize the importance of continuous use of adequate teacher reference materials in maintaining a high level of professional performance. In furtherance of that recognition, the Board shall provide a teacher reference library in each school, if possible, and include therein all texts which are reasonably requested by the teachers at that school.
- F. The Board agrees to make available in each school adequate copy machines, a computer, and printer access will be provided for the teachers in each building.
- G. The Board shall make every attempt to provide the following:
  - 1. a separate desk for each teacher in the district with lockable drawer space;
  - 2. a closet space for each teacher to store a coat and personal articles;
  - 3. a chalkboard/whiteboard in every classroom;
  - 4. an information source in every classroom; and
  - 5. adequate storage space in each classroom for instructional materials.
- H. Teachers shall not be required to perform noon-hour, lunch supervision, or recess duty. Teachers who are chosen to voluntarily perform these duties shall be compensated as outlined in Schedule D.
- I. The Board shall make available, if possible, in each school adequate restroom and lunchroom/lounge facilities exclusively for teacher use with appropriate furnishings such as couches, tables, lounge chairs, sink, and refrigerator.
- J. Teachers shall not be required to work under unsafe or hazardous conditions or to perform tasks which endanger their health, safety, or well-being.
- K. School facilities shall be kept clean and available for all planned and approved educational activities.

- L. No teacher shall be required to have completed report cards or CA files before the end of the Records/Check Out day of any semester.
- M. Each of the school counselors, and the position of Special Education Coordinator, shall work up to an additional ten (10) work days, as needed, beyond the normal school year work schedule. Additional time needed, beyond ten (10) days, shall require approval of the Superintendent or the Superintendent's designee, and comp time will be provided for this additional time worked. Notification of work days scheduled shall be made in writing to the counselors, Special Education Coordinator, and the Linden Education Association prior to May 20<sup>th</sup> of each school year by the building principal. Each counselor shall be provided with the opportunity of work. The days are to be equalized within the building.

Pay shall be on a per diem basis with the annual salary divided by the number of teacher contract workdays. When days are worked, additional time sheets with dates listed and authorized signatures included shall be submitted to the central office payroll division.

#### ARTICLE 7 Qualifications and Assignments

- A. No new teacher shall be employed by the Board for a regular teaching assignment who does not have a bachelor's degree from an accredited college or university, if a satisfactory one is available at the time for hiring.
- B. No full-time or emergency substitute teacher serving in a regular position will be hired under the provisions of the State Board of Education special ninety (90) day certificate unless necessary.
- C. Student teachers shall not be used as substitute teachers without the consent of their supervising teacher. Only teachers who meet the university/college/institution's requirements will be eligible to accept student teachers and such assignment will be voluntary.

#### ARTICLE 8 Vacancies, Promotions, and Transfers

- A. An assignment for the purposes of this paragraph shall be defined as a change in teaching position within a building.

A transfer (whether voluntary or involuntary) shall be defined as the movement of a teacher to another building.

#### ARTICLE 9 Layoff and Recall

- A. All personnel decisions shall be based on retaining effective teachers in situations involving a staffing or program reduction or any other personnel decision resulting in the elimination of a position, as well as for hiring after such reductions/position eliminations or recall to vacant positions. Length of service or tenure status may only be considered by the administration when all other factors, as listed below, are considered equal amongst the potentially affected teachers.

For purposes of this section, the term “teachers” shall mean individuals whose employment is regulated by the language of this contract as outlined in Article I.

B. Teacher Effectiveness

For the purpose of layoff and recall, effectiveness shall be measured by the criteria below, which are intended to be consistent with applicable law; and to the extent there are inconsistencies, the current law shall apply.

The teacher's individual performance shall be the majority factor used in making such decisions. Individual performance shall be measured by a composite of the teacher's ratings on an annual year-end performance evaluation using the negotiated staff evaluation tool.

Teachers rated as “Needs Support” on their year-end final evaluation shall not be given preference over a teacher who is evaluated as “Developing” or “Effective.” Due to unique certification status, and with written approval and rationale of the Superintendent, an ineffective teacher may be retained.

Teachers rated as “Developing” on their year-end final evaluation shall not be given preference over a teacher who is evaluated as “Effective,” provided that there are teachers certified to perform the remaining work without creating an undue disruption to other teaching assignments or educational continuity in the opinion of the Superintendent or designee.

Probationary teachers rated as “Effective” shall not be displaced by a teacher on continuing tenure solely because the other teacher has continuing tenure.

In the event that a personnel decision within the scope of this policy involves two or more teachers and all of the above factors, tiebreaker factors, and any other job-related factors identified by the Superintendent or designee are equal, then length of service or tenure status may be considered as the final tiebreaker. This includes situations where teachers may have the same overall rating.

Generally, layoff procedures shall be made in the following order of priority, provided that the teachers remaining are certified to teach in the grades or subject areas being reduced.

1. The District shall identify district class/section needs.
2. The District shall start at top, work down the effectiveness list, and place teachers in district class/section needs.
3. The remaining teachers will be identified as laid off.

C. Selection Process

In the event that it becomes necessary to reduce the number of teachers, the procedures outlined below shall be followed:

1. The Superintendent or designee will identify the teaching positions to be eliminated.
2. Staff effectiveness list will be generated based on the most recent year-end performance evaluation. The effectiveness list will be based on the teacher's effectiveness rating.

3. For the purpose of the staff effectiveness list, staff members who have the same effectiveness rating will use the tiebreaker procedures to determine placement on the staff effectiveness list.

4. The following tiebreaker procedure within the same effectiveness category shall be followed:

- a. Numerical score based on summative evaluation within each effectiveness rating band.

Each indicator for each domain will be totaled based on the point value assigned in the teacher's year-end evaluation. A total score for the domains will be assigned. This domain score will be used to identify the rating for each band (based on #3).

- b. Significant relevant accomplishments and contributions which are above and beyond requirements of the teaching position within the last three (3) years (e.g., School Improvement Team Chair or Co-Chair, obtaining grants for programs that impact instruction, providing formal professional development to staff, consistently providing additional academic/non-academic support to students before/after school).

The District will determine acceptance of significant relevant accomplishments and contributions.

- c. Relevant Training within the last three (3) years (e.g., AP Teacher Summer Training, Formative Assessment Training, Crisis Intervention Prevention (CPI) Training).

The District will determine acceptance of relevant training.

- d. Discipline which required the teacher to be on leave without pay within the last five (5) years.

Teacher(s) who were on leave without pay will be listed lower than the teacher(s) within the tied band who have not been on disciplinary leave without pay.

- e. Attendance.

Teacher(s) who took non-paid time off within the last five (5) years will be ranked lower than the teacher(s) within the tied band who have not had non-paid time off.

- f. If a tiebreaker still exists, the individual with the higher seniority will be placed ahead of the individual with the lower seniority.

#### D. Recall

The District will maintain a recall list of laid off tenured teachers for up to two (2) years following the effective date of layoff by the District. Probationary teachers will remain on a recall list for the period of time equal to their employment by the District, not to exceed two (2) years. After such time, the teacher's name will be removed from the recall list. It is the teacher's

responsibility to maintain the teacher's certification and/or qualifications and to promptly provide documentation of the certification and qualification status to the District.

In the event that the Board determines to recall teachers, the following procedures shall apply:

1. The Superintendent or designee will identify vacancies and/or positions and the certification area for which a vacancy exists.
2. Once the District has identified the position(s) in which a vacancy exists, the Superintendent or designee shall issue a notice of recall to the vacant position. Teachers shall generally be recalled in inverse order of the layoff list with the individual highest on the effectiveness list who is laid off being considered first.
3. Teachers shall not be recalled to positions in which they have not taught within the past five (5) years.

The District has sole discretion to determine the appropriate assignment(s) of recalled teachers.

E. Definitions

Layoff: A staffing reduction for economic or administrative reasons, such as in response to economic necessity, decreased enrollment, program changes, territorial changes, and other operating conditions.

Recall: Written notice to return to work sent by the District to a teacher who (1) has been laid off under this article, (2) is certified and qualified, and (3) retains employment rights under this article.

Relevant special training: A factor in layoff and recall decisions based on the teacher's completion of relevant training other than the professional development or continuing education that is required by the district or by state law and integration of that into instruction in a meaningful way and as specifically defined in the district's performance evaluation system.

Seniority: As defined in the teachers' collective bargaining agreement.

Significant, relevant accomplishments and contributions: A factor in making layoff and recall decisions based on the teacher's contribution to the overall performance of the school by making clear, significant, and relevant contributions above the normal expectations for an individual in the teacher's peer group and by demonstrating a record of exceptional performance.

Student Growth: Measured using multiple measures as defined in Article 20.

Termination: Severance from employment for reasons, such as absence without leave, resignation, layoff, dismissal, or nonrenewal; this does not include approved leaves of absence.

F. Repeal and/or Amendments

Should any language within MCL ACT 451 of 1976, Sec. 380.1249.amended be repealed or amended, this provision shall be null, void, and removed from the master agreement effective immediately.

ARTICLE 10  
Leaves of Absence - General

- A. All teaching employees of the Linden Community Schools will be at their stations every day for which they are paid, except as provided in the following paragraphs.
- B. It is the teacher's responsibility to follow district procedures for the absence management system to be eligible for "absence without loss of salary" and the reason for absence. If this procedure is not followed, deductions from salary could be automatically made.

Except in cases of emergency, teachers shall make every effort to follow district procedures for the absence management system at least one (1) hour before the employee's work start time to request a substitute when they are absent.

ARTICLE 11  
Paid Leaves of Absence

A. Sick Leave

- 1. At the beginning of each school year, all teachers of the Linden Community Schools will be credited with a twelve (12) day sick leave allowance used for absences caused by personal illness or serious illness in the teacher's immediate family. Serious illness in the immediate family is interpreted to include father, father-in-law, mother, mother-in-law, brother, sister, spouse, children, grandparents, or grandchildren. The Board of Education may require a doctor's statement.

Sick leave may be used for additional bereavement leave if granted by the Superintendent. Such exceptions shall not be used as precedent and shall not be subject to the grievance procedure.

- 2. Of the twelve (12) days allowed above in Section A1, four (4) days may be used as personal days upon request with at least forty-eight (48) hours' notice (except in emergency situations) to the immediate supervisor. Personal days may not be used to extend a vacation, holiday, or travel time except as described below. Personal days may be used immediately preceding or following a holiday or vacation when the necessity for the day clearly falls beyond the control of the teacher. Teachers, when giving notice for use of personal day(s), will do so as per the absence management system. Unused personal days shall accumulate as sick days.
- 3. There shall be no maximum on accumulated sick days.

The use of three (3) or more consecutive days will require either prior approval from the building administrator and/or an excuse from a medical professional.

- 4. At the end of each school year, a teacher shall be compensated by the Board at the rate of 30% of the teacher's daily pay as per Schedule A for sick days accumulated over seventy-five (75), not to exceed twelve (12) days per year; or a teacher may elect not to receive compensation at the end of the year for that year but may apply them toward accumulation of sick days.
- 5. Teachers will not suffer loss of pay or sick leave for the following reasons:

- a. absence when a teacher is called for jury duty or is subpoenaed to appear in any court proceedings on school business or is authorized by the Superintendent to participate in a judicial proceeding,
- b. administration approval for visitation at other schools or for attending educational conferences or conventions, or
- c. time necessary to take the selective service physical examination.

B. Personal Day/Comp Time Attachment

Bargaining unit members working eight (8) hours of approved extracurricular events or activities (both elementary and secondary) may use one personal/comp time day attached to a vacation or holiday period. Holiday periods shall be defined as Labor Day Weekend, Memorial Weekend, and Thanksgiving Break. Vacation periods shall be defined as Winter Break, Spring Break, and Summer Break. Time worked and benefits used in conjunction with this provision must be in the same school year, except time accrued after May 1<sup>st</sup> will be carried over one school year. Approved events or activities must be earned prior to attaching personal/comp time days to a vacation or holiday period.

Any approved extracurricular events or activities must fulfill the following requirements:

- a. be uncompensated,

  - Working four (4) hours does not earn the right to attach a half day.
- **Only *one*** attachment day can be used per vacation/holiday period.
  - Comp time 6 hours (or 3), or
  - Personal day 7.25 hours
- Working a minimum of eight (8) hours of extracurricular events/activities only earns the *right* to attach personal time or comp time to a vacation/holiday period.
  - ***It does not earn any additional time.***
- Pre-approval in writing from the administrator with oversight over the event is needed to work time for attachment.
  - A teacher should never assume the teacher will be provided attachment hours for the work.
- Hours need to be worked and recorded in the central office ***prior to*** putting in for the time off.

C. Bereavement Days

A maximum of three (3) bereavement days with pay shall be granted to any teacher in connection with the death of a member of the teacher's immediate family. Immediate family is not limited to those listed in Section A 1, Sick Leave. Exceptions for additional bereavement leave may be granted by the Superintendent. Such exceptions for additional bereavement shall not be used as precedent setting and shall not be subject to the grievance procedure.

## ARTICLE 12

### Unpaid Leaves of Absence

- A. The Board of Education may grant a long-term leave of absence without pay upon request of a teacher who has been employed in the Linden Schools for at least three (3) years. This long-term leave will not be granted for more than one (1) school year. A teacher who has been granted long-term leave shall notify the Superintendent of the teacher's intent to return by April 1 for the following school year and will be assigned a position if available. Failure to notify the Superintendent in writing by the required date will constitute a voluntary quit. Long-term leave of absence shall be defined as those leaves not covered under FMLA or extensions to FMLA.
- B. Any teacher having exhausted accumulated sick leave shall be placed on unpaid medical leave (subject to insurance coverage) until the teacher is medically qualified to return to work. After the MESSA waiver of premiums ceases (if one exists), fringe benefits for the teacher shall be paid by the Board on the basis of one month's coverage for each year of service in the district up to a maximum of twelve (12) months coverage to the same extent as an active teacher.

- C. Any teacher who is inducted into any branch of the armed forces shall be granted a military leave, without pay, for the duration of their inducted service.
1. Any teacher who receives an honorable discharge from the armed forces and applies for re-employment within ninety (90) days of receipt of said discharge, may be re-employed at the beginning of the semester following application or as soon as a position for which the teacher is certified and qualified is available.
  2. Teachers so re-employed shall be reinstated without loss of status or seniority.
- D. A leave of absence without pay shall be granted to any teacher for the purpose of childcare. The object child of the leave must be a newborn infant or a newly adopted child.
1. The teacher may renew said leave beyond the term allowed in Article 12, Section A, not to exceed three (3) years. Return from said leave beyond that provided for in Article 12, Section A above shall be to the same or equivalent position when available.
  2. Formal request for said leave shall be made in writing. Other reasonable details regarding the nature of the leave shall be furnished upon request of the Superintendent. Such leave will commence at a date mutually agreeable to the teacher and the administration.
- A teacher adopting a child shall file a written request for leave to commence at any time during the first year after receiving de facto custody of said child or prior to receiving such custody, if necessary, to fulfill the requirements for adoption.
3. Return from said leave will be permitted when the teacher submits a written physician's statement indicating health standards permitting return to normal duties.
  4. A teacher must notify the Superintendent at least sixty (60) days prior to the beginning of the semester in which the teacher intends to return, provided that in the case of a teacher who is returning at the beginning of a school year, such written notice must be received no later than April 1. Failure to notify the Superintendent in writing by the required date will constitute a voluntary quit.
- E. Members will not accrue seniority unless it is medically documented, and any return to work will require a new request for leave.

### ARTICLE 13 Academic Freedom

- A. The parties seek to educate young people in the democratic tradition, to foster a recognition of individual freedom and social responsibility to inspire meaningful awareness of and respect for the Constitution and the Bill of Rights, and to instill appreciation of the values of individual personality. It is recognized that these democratic values can best be transmitted in an atmosphere which is free from censorship and artificial restraints upon free inquiry and learning and in which academic freedom for teacher and student is encouraged.
- B. Academic freedom shall be guaranteed to students and teachers; and no special limitations shall be placed upon study, investigation, presenting, and interpreting facts and ideas concerning man,

human society, the physical and biological world, and other branches of learning subject only to accepted standards of professional educational responsibility as determined by a committee of the Linden Education Association and administrative staff members. Academic freedom does not infer or guarantee a license to say or do what one feels without the responsibility for having done so.

1. Freedom of individual conscience, association, and expression will be encouraged; and fairness in procedures will be observed both to safeguard the legitimate interests of the schools and to exhibit by appropriate examples the basic objectives of a democratic society.

The teacher must exercise responsibility and prudence and must realize that teaching in an elementary or a secondary school places special responsibility upon the teacher to carefully consider the maturity level of the student and the special circumstances that surround the teacher/learning relationship.

#### ARTICLE 14 Grade Change

- A. No student's grade will be changed without the approval of the teacher who assigned the grade at the end of the semester. In the case of a grade change request, the following procedure shall be followed:

1. If the teacher does not concur with the request for the grade change, the Principal may convene a review panel consisting of three (3) members, other than the teacher involved, of the Linden Education Association, a Board of Education member, and the Superintendent. The Panel will review the request and the teacher's reasons for non-concurrence and will reach a decision.
- ~~2.~~—The Review Panel will invite the student and their parents to the meeting and provide them with the opportunity to make a written or oral presentation to the Panel.
3. If the Review Panel's decision is that the grade be changed, the teacher may within thirty (30) days appeal the decision to the Board of Education. If the decision of the Panel is that the grade should not be changed, the student and/or parents may appeal within thirty (30) days to the Board. The Board shall review the reasons for and against changing the grade and either approve or disapprove the Review Panel's decision. Its decision shall be made in open session and will be final.

The final decision is to be communicated to the teacher, student, and parents. If the grade is changed, it will be noted in the student's record that the change was made by a decision of the Review Panel and/or Board of Education.

#### ARTICLE 15 Professional Behavior

- A. Teachers will dress appropriately avoiding fashion trends that are not accepted in the community or may cause a disruption to the educational environment.

- B. The Association recognizes that abuse of sick leave or other leaves, chronic tardiness or absence, willful deficiencies in professional performance, or other violations of discipline by a teacher reflect adversely upon the teaching profession and create undesirable conditions in the school building.
- C. A teacher shall at all times be entitled to have present a representative of the Association when being reprimanded, warned, or disciplined for any infraction of rules or delinquency in professional performance. When a request for such representation is made, no action shall be taken with respect to the teacher until such representative of the Association is present.
- D. No teacher shall be disciplined for a reason that is arbitrary or capricious.
- E. Any case of assault upon a pupil or other employee by a teacher shall be reported promptly by that teacher or any other teacher having observed or having knowledge of the assault to the Board or its designee.
  - 1. Teachers shall not leave their class unattended except in case of emergency.

#### ARTICLE 16 Professional Improvement

- A. The parties support the principle of continuing training through participation by teachers in professional organizations in the areas of their specialization, leaves for work on advanced degrees or special studies, and participation in community educational projects.
- B. It is the Board's intent to encourage staff to attend professional development conferences. The Board agrees to reimburse the necessary funds for teachers who attend a pre-approved selected professional conference. Travel, lodging, and registration shall be deemed as appropriate expenses of the conference; and up to \$400 per teacher per school year (7/1-6/30) shall be underwritten by the Board. A teacher attending such a conference shall be granted at least two (2) days annually for the conference without loss of compensation or deduction from sick leave or personal business leave. If requested, the teacher who attended the conference may be asked to give a short report to staff.
- C. At the request of the Association and subject to the Board's approval or on the Board's initiative, arrangements shall be made for courses, workshops, conferences, and programs designed to improve the quality of instruction. Every effort will be made to obtain people of the highest qualification to participate in the presentation of such programs.
- D. All teachers employed in elementary, middle, and high schools are expected to keep themselves informed of essential instructional improvements through professional reading, study, group discussion, school visitations, advanced study, and travel.
- E. Section 380.1527 of Michigan's Revised School Code requires school districts to provide five (5) days of professional development to all teachers each year. A "day" is defined as at least six (6) hours, for a total of thirty (30) hours to be provided in a year. The "year" is considered to begin on July 1 and end on June 30, coinciding with the school year.

In addition to the professional development provided to all teachers, new teachers in their first three (3) years of employment under MCL 380.1526 must complete thirty (30) additional hours

each year and should be documented separately. DPPD must be recorded in the Days and Clock Hours Report.

A minimum of one (1) professional development day will be held during the summer of each school year. The length of the day will be the equivalent of one school day. The professional development day(s) shall be planned and coordinated by the Director of Curriculum, Instruction, & Assessment with input from district administration and teacher leader groups.

1. Attendance at the summer professional development day(s) is voluntary. Teachers may attend more than one (1) summer professional development day at their option. The District agrees to pay teachers per diem rate of their salary for attendance equivalent to one complete school day.

- F. Newly hired teachers are required to participate in one (1) day of new teacher orientation/mentor time prior to the start of the school year. Absences due to extenuating circumstances may be approved by district administration.

Pursuant to Section 1526 of the Revised School Code, school districts are required to provide fifteen (15) days of professional development to newly hired teachers across the teacher's first three (3) years of employment (aligned with the individual development plan and mentor's advice). This includes providing training in a Michigan Department of Education approved First Aid/CPR program for all first-year teachers who do not already hold a valid First Aid/CPR card. These days are in addition to the five (5) days the district is required to provide to all teachers and should be documented separately from the regular, annual, five-day offering of professional development under MCL 380.1527.

However, this requirement expressly does not apply to a teacher who already holds a valid First Aid and CPR certification. Therefore, if a teacher in the teacher's first year of teaching already holds a valid first aid and CPR certification from the American Red Cross, American Heart Association, or a comparable organization approved by MDE, the teacher is already in compliance with Section 1526.

#### ARTICLE 17 Mentor Teachers

- A. A mentor teacher shall be defined as a master teacher as set forth in Section 1526 of the Michigan School Code. Ancillary staff members (e.g., counselors, social workers, speech and language pathologists, and psychologists) who serve as mentors for other ancillary staff members shall be provided with the same compensation and provisions set forth below as well as expectations as a mentor.

The district agrees to give first consideration to qualified bargaining unit members in making mentor assignments. It is further agreed that the assignment as a mentor is voluntary. The final decision relative to the assignment rests with the district. Mentor teachers shall not be assigned to more than one bargaining unit mentee if qualified mentors are available.

- B. It is understood that the responsibility to evaluate teacher performance rests with the administration and, therefore, mentor teachers will not serve in that capacity.

- C. In general, the role of a mentor will be for the entire duration of the period required by statute. The parties further agree that nothing in this Agreement will be construed to prevent the use of the provisions contained herein for a period in excess of three (3) years.

Mentors wanting to be relieved of an assignment or new teachers wanting a change in assigned mentors will make their request in writing to the Principal. Changes will be made for good cause shown by the initiating party (mentor, administration, new teacher).

- D. The full year compensation of mentors will be issued at the end of each school year and will be paid in accordance with the following schedule:

Track 1: Probationary Teachers

Third-year	\$250

This track includes teachers in their first three (3) years of teaching.

First-year	\$250

This track includes previously tenured teachers, non-tenured teachers, and ancillary staff with three (3) or more years' experience from other districts who are serving a two-year probationary period.

The experience of teachers assigned on Track 2 will receive the same mentoring experience as teachers in the third year of Track 1. Teachers on this track may be assigned a mentor for multiple years, as needed and indicated in an IDP, which will result in compensation for the mentor at the First-year rate.

Track 3: IDP Improvement Track

Second-year	\$750

This track includes any teachers who are being placed on an IDP due to deficiencies/areas of improvement as determined by the teacher evaluation tool.

Student Discipline and Teacher Protection

- A. The teacher's authority and effectiveness in the teacher's classroom is at an optimum when the administration provides sufficient backing and support to the teacher. Therefore, the Board recognizes its responsibility to give all reasonable support and assistance to teachers with respect to the maintenance of control and discipline in the classroom. Whenever it appears that a particular pupil requires the attention of special counselors, social workers, law enforcement personnel, physicians, or other professional persons, the Board will take steps to assist the teacher with respect to such pupil.

Provided, however, in cases where the teacher is the sole defendant and has elected Board provided counsel, the Board will be responsible for legal fees and costs involving an appeal only when such an appeal is taken upon the advice of said counsel.
- E. Time lost by a teacher in connection with any incident mentioned in this Article shall not be charged against the teacher.
- F. Complaints against a teacher which are considered serious enough to be recorded in the teacher's file shall first be reported to the teacher.

2. If a conference between the teacher and parent is warranted, it should be set at a time and place mutually agreeable to the parent and the teacher, no later than three (3) days following the report of the complaint, unless mutually agreed upon. The teacher may, upon request, have the principal and/or designee present at this meeting.
3. If the situation is still unresolved and the principal and/or designee was not present at the parent/teacher meeting, a meeting of the three (3) parties shall be scheduled by the principal and/or designee at a time which is mutually agreeable to the three (3) parties.
4. If further attention to the situation is necessary, the principal and/or designee may have the flexibility to take further steps toward resolution prior to referring the matter to the Superintendent or designee.
5. When brought to the Superintendent or designee, the Superintendent or designee shall meet with the principal and/or designee, teacher, parent(s) and Association Representatives. The Superintendent and/or designee shall have latitude in meeting with the parties as a whole or separately and shall use the Superintendent's or designee's best efforts to bring the matter to closure.

If, because of parental complaint, it is proposed that a student be placed in another classroom, prior to a final decision, both sending and receiving teachers shall be given the opportunity to share their views regarding the benefits of such a move.

1. The calendar will be deemed to include additional uncompensated work time for teachers associated with Individual Development Plans or the time new teachers spend with mentors as is required under the provisions of the Tenure act and Michigan School Code.
2. In the event any provision of this Agreement creates a condition whereby the district is deficient in terms of meeting the number of days and hours of student instruction, the student and staff schedules will be subject to renegotiations between the parties following verification of the deficiency.
3. Days on which school is closed due to inclement weather will be scheduled at the end of the school year to assure a sufficient number of days and hours to receive full state aid payments with the last day for teachers to immediately follow.

In the event the law changes in such a fashion that the make-up of such time is not required in order to receive full state aid payments, section 3 will be deemed null and void.

4. A total of eight (8) hours of parent teacher conferences will be established for each teacher per school year. Conferences shall be scheduled at the building level with consideration of convenience to parents and district wide schedules. Teacher attendance is mandatory; however, when extenuating circumstances exist where the teacher cannot attend, the teacher shall find an alternative date for parents to meet with the classroom teacher. The teacher is responsible for keeping a log of a total of eight (8) hours to document that the teacher has completed this obligation, which shall be submitted to the building principal.
5. One (1) Open House for each teacher per school year will be scheduled on a date mutually agreeable between the administration and the teachers. Teachers are required to attend their building Open House as scheduled, unless extenuating circumstances exist where the teacher cannot attend. If a teacher is unable to attend, the teacher shall notify the building principal as soon as possible and ensure appropriate materials are available in the classroom for parent review during the scheduled Open House. Appropriate materials shall include providing notification to parents to contact the teacher by phone for further information or to schedule a meeting with the teacher to discuss Open House materials.
6. Of the calendar dates prior to the start of student days up to 50% of the time may be used at the discretion of administration.

APPENDIX A  
PROHIBITED SUBJECTS – EXCLUDES K-12 PROBATIONARY AND TENURED TEACHERS

Items contained in this Appendix, except those duplicated in previous Articles, shall apply only to those members whose employment is not regulated by the 1937 (Ex Sess) PA 4, MCL 38.71 to 38.191 (Michigan Teacher Tenure Act) and are considered unenforceable to those members whose employment is regulated by 1937 (Ex Sess) PA 4, MCL 38.71 to 38.191 (Michigan Teacher Tenure Act.)

SECTION 21  
Layoff, Recall and Seniority

- A. The Board of Education and Association, realizing that education, curriculum and staff to a large degree depend upon the economic facilities available to the Board as provided by the public and the State of Michigan, understand that in some instances it may be economically necessary to reduce the educational program, curriculum and staff when funds are not available or programs are reduced, hereby agree the following procedure will be implemented:
1. A list of displaced teachers will be developed composed of all probationary teachers who will preliminarily be scheduled for layoff and those non-probationary teachers in affected positions.
  2. Following the completion of the schedule, the displaced teachers referenced in Section 1 above will be aligned based upon seniority and will be assigned as follows:
    - a. To a vacancy based upon seniority, certification and qualifications.
    - b. If there are no vacancies for which the displaced teacher(s) are certified and qualified, the most seniored displaced teacher will be assigned as follows:
      1. To the position in the schedule which is occupied by the least seniored teacher for which the displaced teacher is certified and qualified; provided
      2. The displaced teacher has greater seniority.

A teacher displaced through the process set forth in Section 2-b will be added to the displaced teacher list in order of seniority.
    - c. If no position exists following the continued implementation of the procedure set forth in Section 2-b, the least seniored displaced teacher(s) will be laid off.
  3. Qualified for purposes of this Article shall be defined as the appropriate State of Michigan certification for a specific position.

The Board will continue to provide letters of recommendation and other similar forms of assistance to teachers scheduled for layoff in an attempt to assist the teachers in finding alternative employment.

Bargaining unit members who are laid off may, subject to the rules and regulations of the insurance underwriters and/or carriers, continue their insurance benefits by paying the monthly premium payments through the procedures established by the Business Office.

- B. The bargaining unit members shall have the sole responsibility to keep their State certification, State license, qualifications information, address and phone number on file with the Central Office up to date. Any assignments (including recall) made based upon the most recent information on file from the employee, will be deemed correct.

Teachers are required to maintain the education endorsements and grade level certification for positions in which they are hired or assigned. Should a teacher remove or nullify an endorsement on a teaching certificate or a grade level certification included in the teaching certificate, the teacher's accrued seniority shall be nullified. The teacher will be placed at the bottom of the seniority list and will thereafter begin accruing seniority.

- C. Employees who are not subject to the provisions of the Michigan Teacher Tenure Act will serve a four (4) year probationary period.
- D. This Agreement shall not be interpreted to convey tenure in position to an employee in any position covered by this Agreement.
- E. It is expressly understood that the Association shall have the right to review the layoff list prior to notification of the bargaining unit members scheduled for layoff.

In the event an entire department is scheduled for layoff, a committee of teachers and administrators will convene to determine how essential departmental services will be maintained.

- F. 1. Except as set forth in Section 3 below, seniority shall be defined as the length of continuous service to the district within the bargaining unit from the employee's first day of work. Seniority for part-time employees will be prorated.

Employees who are rehired and those employees who provided substitute service to the district prior to being hired as a regular teacher within the bargaining unit, will not receive seniority for such periods of employment. Seniority will be credited to laid off employees serving as term substitutes as set forth in section G below.

In the event of a tie in seniority, the tie will be broken first by the greatest number of graduate credits submitted as of March 1st and if still tied, by coin toss.

2. Except as set forth below, seniority shall not accrue while on layoff or during any unpaid leave of absence nor will such periods be construed as a break in continuous service.

Teachers absent and continuing to use accumulated sick leave due to an illness or disability shall continue to accrue seniority through the end of the semester in which the teacher's individual sick leave accumulation is exhausted.

3. Any teacher transferred to a supervisory/administrative position shall not accrue seniority while in the supervisory/administrative position but will, however, retain the seniority previously accrued while in the unit prior to the transfer.

The right to return to a position will be limited to available vacancies or positions occupied by probationary teachers if the administrator/supervisory employee is certified and qualified for the position occupied by the probationary employee and has acquired tenure as a classroom teacher within the district.

- G.
1. Employees will be eligible for recall for a period of four (4) years from the last day worked prior to being laid off.
  2. The recall of teachers shall be made in accordance with the following procedures:
    - a. Teachers will be recalled in inverse order of layoff to positions for which they are certified (licensed, etc.) and qualified (See Section 2 A).

It is expressly understood that the recall provisions detailed herein supersede the posting of vacancies set forth in Section 1.

It is further understood that changes in assignments and transfers (voluntary or involuntary) of teachers on staff may be necessary to facilitate the recall of a laid off teacher.
    - b. When a teacher qualifies for a leave of absence which will last for more than fifty (50) school days or where a teacher whose return from layoff is delayed under those conditions set forth in c (4) below, the substitute assignment will be made first to certified (licensed, etc.) employees eligible for recall in order of seniority, prior to utilizing a non-bargaining unit substitute.
    - c.
      1. Except as set forth in Section 3(b) below, teachers who fail to report within fourteen (14) calendar days of receipt of a recall notice by certified mail to a vacancy or a term substitute assignment, will be considered a voluntary resignation and shall surrender further employment rights.

2. Bargaining unit members employed under the terms of an individual employment contract with another Michigan public school district at the time of receipt of the recall notice, will be required at the end of the fiscal year, to accept the position to which they were recalled or will surrender further recall and employment rights.
3. In the event the bargaining unit member is employed under the terms of an individual employment contract as set forth above, the position will be filled on an interim basis by the next most senior, certified (licensed, etc.) teacher who is on layoff or in the absence of such an individual, a non-bargaining unit substitute.
4. In the event a non-bargaining unit substitute is utilized to fill the position for sixty (60) or more consecutive days, the substitute will be entitled to salary and benefits consistent with the requirements of section 1236 of the Michigan School Code.

### SECTION 3 Teacher Evaluation

- A. The work performance of all teachers shall be evaluated in writing. Evaluation shall consist of the total process from initial observation through preparation of the written report and the follow-up conference with the teacher. An evaluation report may incorporate the findings from several separate current observations.

Probationary teachers shall be provided with an annual year-end performance evaluation. This evaluation shall be based on at least two (2) classroom observations held at least sixty (60) days apart, unless a shorter period is agreed to by the teacher and the administrator. Each classroom observation will include a pre-observation conference, classroom visits totaling at least thirty (30) minutes, and a post-observation conference which will include a written observation assessment by the administrator. The first observation should occur after October 1 during the first semester. The annual evaluation process will be completed by March 1. Where the observation assessment indicates the performance of the probationary teacher is unsatisfactory, the administrator shall conduct at least one additional evaluation of the probationary teacher with observations thirty (30) days apart before the end of the school year.

An Individualized Development Plan (IDP) will be created for all probationary teachers by appropriate administrative personnel in consultation with the individual teacher by the end of the first year of probation and each year of the probationary period thereafter.

Tenured teachers may be evaluated every year but shall be evaluated at least once every three years. The final evaluation shall be based on at least two (2) classroom observations held at least

sixty (60) days apart, unless a shorter period is agreed to by the teacher and the administrator. Each classroom observation will include a pre-observation conference, classroom visits totaling at least thirty (30) minutes, and a post-observation conference which will include a written observation assessment by the administrator. When an evaluation of a tenured teacher is unsatisfactory, the teacher will be given specific suggestions and assistance toward improvement through an Individual Development Plan (IDP) to be created at that time.

When a tenure teacher has been involuntarily transferred and/or assigned outside her/his major or minor field, s/he shall not be evaluated formally in that area for at least one year.

Evaluations shall be based on observations of a balance of activities appropriate to the teaching assignment and shall be completed no later than two weeks before the end of the school year.

- B. Evaluations shall be conducted by supervisor(s) familiar with the teacher's work, who shall be designated by the Board. If a teacher is in more than one building, the evaluation shall be a collaborative result between the administrators involved.
- C. All monitoring or observation of the work of a teacher shall be conducted openly and with full knowledge of the teacher. The use of test results, eavesdropping, closed circuit television, public address or audio systems, and similar surveillance devices shall be strictly prohibited.
- D. A copy of the written evaluation shall be submitted to the teacher within ten (10) school days of the observation, and the teacher shall have the opportunity to review the evaluation report. A sheet attached to the report will be available for the teacher's response pertaining only to the evaluation. Such response shall be made within five (5) days of the receipt of the evaluation. All evaluations shall be based upon valid criteria for evaluating professional growth. A copy of each written evaluation shall be furnished to the teacher for the teacher's personal record.
- E. The final written evaluation report will be furnished to the Superintendent and the teacher. If requested by the teacher, a copy shall also be sent to the Association. If the report contains any information not previously made known and discussed with the teacher, the teacher shall have the opportunity to submit additional information to the Superintendent. In the event a teacher is not continued in employment, the Board will advise the teacher of the reasons therefore in writing and provide a hearing, where requested.

Each teacher shall have the right, upon request, to review the contents of his/her own personnel file. A representative of the Association may, at the teacher's request, accompany the teacher in such review. The review will be made in the presence of the administrator responsible for the safekeeping of such a file. Privileged information such as confidential credentials and related personal references normally sought at the time of such employment are specifically exempt from such review. The administrator shall remove such credentials and confidential reports from the file prior to the review of the file by the teacher. However, the teacher's evaluation reports relative to the teacher since coming to the Linden system and tenure recommendations will be available.

There shall be only one (1) official file kept in the Central Office to be used for each individual teacher's evaluation. This official file shall be regularly updated by the principal to correspond to the principal's file. No material may be placed therein without the teacher's knowledge and the teacher shall be allowed an opportunity to file a response thereto, which shall become a part of said file. If the teacher is asked to sign material placed in his/her file, such signature shall be understood to indicate his/her awareness of the material but in no instance shall said signature be interpreted to mean agreement with the content of the material.

#### Evaluation Form

1. Examples of strengths in narrative form
2. Areas needing improvement in narrative form (if suggestions for improvement are made, they will be made in writing and a copy furnished to the teacher.)
3. General comments
4. Remarks by teacher

#### SECTION 4 Professional Behavior

- A. Teachers are expected to comply with reasonable rules, regulations, and directions from time to time adopted by the Board or its representatives which are consistent with the provisions of this Agreement, provided that a teacher may reasonably refuse to carry out an order which threatens physical safety or well-being or is professionally demeaning.  
  
Teachers will dress appropriately avoiding fashion trends that are not accepted in the community.
- B. The Association recognizes that abuse of sick leave or other leaves, chronic tardiness or absence, willful deficiencies in professional performance, or other violations of discipline by a teacher reflect adversely upon the teaching profession and create undesirable conditions in the school building. Alleged breaches of discipline or the Code of Ethics of the Education Profession shall promptly be reported to the offending teacher and the Association. It is further recognized by the teacher that if, after warnings in writing by the administrator, such practices continue, the Board may institute proceedings against said teacher which may result in that teacher's dismissal.
- C. A teacher shall at all times be entitled to have present a representative of the Association when being reprimanded, warned, or disciplined for any infraction of rules or delinquency in professional performance. When a request for such representation is made, no action shall be taken with respect to the teacher until such representative of the Association is present.

- D.
  - 1. No teacher shall be disciplined, reprimanded, reduced in rank, or compensation or deprived of any professional advantage without just cause. Any such discipline, reprimand, or reduction in rank, compensation or advantage, including adverse evaluation of teacher performance asserted by the Board or representative thereof, shall be subject to the professional grievance procedure hereinafter set forth. All information forming the basis for disciplinary action will be made available to the teacher.
  - 2. The Board agrees to follow a policy of progressive discipline which includes verbal warning, written warning, reprimand, suspension with pay, suspension without pay, and discharge. Any disciplinary action taken against a teacher shall be appropriate to the behavior which precipitated such action.
- E. Any case of assault upon a pupil or other employee by the teacher shall be reported promptly by that teacher or any other teacher having observed or having knowledge of the assault to the Board or its designee. Any teacher guilty of such assault may be suspended immediately without pay.
- F. Teachers shall not leave their class unattended except in case of emergency.
