Motion by Daniel Lasceski, supported by Cindy Prill to renew the Request for Annual Delegation of School Plan Review and Inspection Authority to a Local Unit of Government Enforcing Agency.

Pursuant to the Construction of School Buildings Act, 1937 PA 306, school districts may elect to have a plan review of school construction projects as well as inspections conducted by local building departments. For this to happen, both the school district and the unit of government(s) must complete, sign, and submit the application requesting annual delegation to the Bureau's Administrative Services Division. Completion of this application certifies that full-time code officials, inspectors, and plan reviewers registered under the Skilled Trades Regulation Act, 2016 PA 407, will conduct plan reviews and inspections of buildings.

This certification must be submitted and approved annually. Only those governmental jurisdictions which document full-time inspectors and plan reviewers to enforce the complete range of construction codes, which includes the building, electrical, mechanical, and plumbing codes, may qualify for delegation of school construction authority.
