# INDEPENDENT AUDITORS' REPORT

September 30, 2019

Board of Education Melvindale-Northern Allen Park Public Schools

## **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Melvindale-Northern Allen Park Public Schools as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Taylor & Morgan, C.P.A, P.C.

# Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Melvindale-Northern Allen Park Public Schools as of June 30, 2019 and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension plan information on pages 4-8 and 35-37 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Melvindale-Northern Allen Park Public Schools' basic financial statements. The introductory, combining individual nonmajor fund financial statements, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statement themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2019 on our consideration of the Melvindale-Northern Allen Park Public Schools' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Melvindale-Northern Allen Park Public Schools' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Melvindale-Northern Allen Park Public Schools' internal control over financial reporting and reporting and compliance.

Sincerely, Taylor & Morgan, P.C.

Taylor & Morgan, P.C. Certified Public Accountants MANAGEMENT'S DISCUSSION AND ANALYSIS (MD & A)

#### MELVINDALE-NORTHERN ALLEN PARK PUBLIC SCHOOLS – Melvindale, Michigan Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

Our discussion and analysis of Melvindale-Northern Allen Park Public Schools' financial performance provides an overview of the School District's financial activities for the fiscal year ended June 30, 2019.

## FINANCIAL POSITION AND RESULTS OF OPERATIONS

The District's *net position* – the difference between assets and liabilities, as reported in the Statement of Net Position, is one way to measure the School District's financial health, or *financial position*. Over time, *increases or decreases* in the District's net position, as reported in the Statement of Activities, is one indicator of whether its *financial health* is improving or deteriorating. The relationship between revenues and expenses indicates the School District's *operating results*. However, the School District's goal is to provide services to its students, not to generate profits as commercial entities do. Many other non-financial factors, such as the quality of the education provided and the safeness of the schools, must also be considered when assessing the *overall health* of the School District.

The School District's net position totaled \$(33,727,524) at June 30, 2019 and \$(29,862,524) at June 30, 2018. At June 30, 2019, \$(48,459,728) was unrestricted. Restricted net position is reported separately to show legal constraints from debt covenants and legislation that limits the School District's ability to use those net positions for day-to-day operations.

| Total net position                              | \$ | (33,727,524) \$  | (29,862,524)     |

The \$(48,459,728) in unrestricted net position of governmental activities represents District funds that have not been committed contractually or for debt obligations and are available for future use.

Total net position decreased by \$3,865,000 during the fiscal year ended June 30, 2019. The major components of the change are as follows:

Capital acquisitions

Capital outlay for the year ended June 30, 2019 totaled \$289,677. Combined with current year depreciation and the effect of capital asset disposals, the decrease in net capital assets totaled \$516,969.

> Debt repayment

The repayment of debt decreases the District's long-term principal obligations and, as a result, the net assets of the district increase. The District repaid \$720,000 of long-term debt in the current fiscal year.

GASB No. 68 Adjustment

Adjustments to the government-wide statements include an increase in pension expenses totaling \$2,242,036.

GASB No. 75 Adjustment

Adjustments to the government-wide statements include a decrease in OPEB expenses totaling \$446,630.

The results of this year's operations for the School District as a whole are reported in the Statement of Activities. Below is a summary of the Government-wide results of operations for the year ended June 30, 2019 and June 30, 2018:

|     | June 30,        | June 30,   |

|     | \$              | 2019<br>\$ 4,667,807 \$<br>20,170,767<br>1,924,833<br>26,763,407<br>40,249<br>9,728,977<br>36,532,633<br>22,018,311<br>16,263,636<br>73,640<br>1,747,758<br>294,288<br>40,397,633<br>(3,865,000)<br>(29,862,524) |

GASB Statement No. 68 required the District to include its share of the Michigan Public School Retirees (MPSERS) Net Pension Liability on the government-wide statements. The District's share of this liability equaled \$54,356,085 and \$45,500,240 as of September 30, 2018 and 2017, respectively.

GASB Statement No. 75 required the District to include its share of the Michigan Public School Retirees (MPSERS) Net OPEB Liability on the government-wide statements. The District's share of this liability equaled \$14,704,465 and \$15,544,391 as of September 30, 2018 and 2017, respectively.

## **GOVERNMENTAL FUNDS FINANCIAL HIGHLIGHTS**

The financial statements provide the following insight about the result of this year's operations. The financial condition of the governmental funds decreased by \$2,214,911 from the prior year. The General Fund decreased by \$2,285,407. The Food Service Fund increased by \$70,496.

## MAJOR GOVERNMENTAL FUNDS BUDGETING AND OPERATING HIGHLIGHTS

The School District's budgets are prepared according to Michigan law and are initially adopted prior to July 1 of each year, before student enrollment counts are known. Therefore, it is expected that there will be changes between the initial budget and subsequent budgets, as actual enrollments and resultant staffing requirements are known. Currently, the most significant budgeted fund is the General Fund. During the fiscal year ended June 30, 2019, the School District amended the General Fund budget two times.

## General Fund

In the General Fund, the actual revenue and other financing sources totaled approximately \$34.66 million. This is above the original budget estimate of \$33.36 million and closely approximates the final amended budgeted amount of \$34.63 million. The actual expenditures and other financing uses of the general fund totaled approximately \$36.95 million. This is below the original budget estimate of \$37.92 million and below the final amended budgeted amount of approximately \$37.84 million.

The variances between the actual revenues and the original and final revenue budgets are due primarily to adjustments to property taxes, Medicaid reimbursement, E-rate reimbursement, investment income, State Aid adjustments for pupil count, additional MPSERS categorical funding, special education categorical funding, Federal grant carryover, increased Act 18 funding, increased enhancement millage revenue, and additional indirect transfers.

The variances between the actual General Fund expenditures and the original and final expenditure budgets are primarily due to under-spending in basic programs, added needs, pupil services, instructional staff, operation and maintenance, central services, and facilities acquisition, construction, and improvements. Carry-over of Federal and State programs largely contributed to the underspending in added needs. The district is currently in the third year of a large capital outlay project to replace the high school track. At the time of budget adoption for the 18-19 school year, it was unknown how much of the project would be paid for during the school year. The budget was adjusted slightly down from the original budget to reflect how much was estimated to be paid during the 18-19 school year.

The district is currently leasing two Konica Minolta copiers. The leases are 48 months, with one monthly payment of \$107, and one monthly payment of \$375, for a total monthly outlay of \$482. There are 35 payments remaining.

The district is currently leasing two 2019 Thomas school buses. There are 30 quarterly payments of \$4,164 due. There are 27 payments remaining.

The district is in year three of enhancement millage funding. The decision was made to use the enhancement millage funding for general purposes and to improve programs.

General Fund revenues totaled approximately \$32.95 million and expenditures totaled approximately \$36.23 million for the year. The fund balance totaled approximately \$11.56 million at June 30, 2019.

## **GOVERNMENTAL FUND EXPENDITURES AND OTHER FINANCING USES**

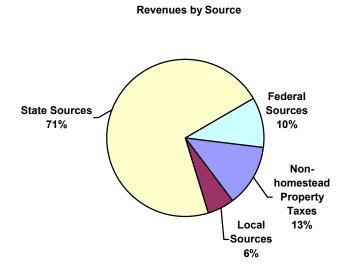

The following chart illustrates that general fund comprises approximately 95% of all the expenditures within the governmental funds of the School District which is consistent with the prior year. For the year ended June 30, 2019, expenditures and other financing uses totaled approximately \$38.82 million for all

District programs. The ending fund balance for all funds was approximately \$12.29 million of which approximately \$0.73 million was reserved for food service.

|                       | Expenditures and Other |       | Expenditures and Other |       |  |  |  |
|-----------------------|------------------------|-------|------------------------|-------|--|--|--|
|                       | Financing Uses         |       | Financing Uses         |       |  |  |  |
|                       | June 30, 2019          | % of  | June 30, 2018          | % of  |  |  |  |
|                       | (in millions)          | Total | (in millions)          | Total |  |  |  |
| General Fund          | \$36.9                 | 95%   | \$33.7                 | 95%   |  |  |  |
| Other Non-Major Funds | 1.9                    | 5%    | 1.7                    | 5%    |  |  |  |
| Total                 | \$38.8                 | 100%  | \$35.4                 | 100%  |  |  |  |

#### **TOTAL REVENUES & OTHER FINANCING SOURCES**

Revenues and other financing sources for all governmental funds totaled approximately \$36.60 million. The following graph illustrates the District revenues and other financing sources by source as a percentage of total revenue:

#### Unrestricted State Aid

The District's operating costs are predominately funded by State Aid. The district's per-pupil allowance was \$7,962. This consists of approximately \$6,460 from State Aid and \$1,502 from local sources. State Aid membership was computed for the 2018-19 school year with a blended count of 10% of the February and 90% of the September counts.

#### **Property Taxes**

The District is subject to the Headlee rollback and levies 17.9046 mills of property taxes on all Non-Homestead property located within the district for General Fund operations. The levy is assessed on the taxable value of the property. The increase in taxable value is limited to the lesser of the inflation rate of the prior year or 5%. When a property is sold, the taxable valuation of the sold property is readjusted to the State Equalized Value, which is approximately 50% of market value. The 2018-19 Non-Homestead property tax levy totaled approximately \$4.6 million.

#### ENROLLMENT

The District's 2018 Fall Membership enrollment totaled 3,108 students, an increase of 81 students from the prior year.

## CAPITAL ASSET

At the end of fiscal year 2019, the School District had approximately \$32.5 million invested in land and buildings, furniture and equipment, vehicles and buses. Of this amount, approximately \$16.2 million has

been depreciated. Net book value totals approximately \$16.3 million. Additions totaled \$289,677 for the year and were comprised of buildings and additions, and furniture and equipment. There were no disposals during the year. The District is committed to the timely repairs and maintenance of its facilities. Computer purchases are under the District's capitalization threshold of \$5,000 and are expensed accordingly.

Capital Assets at June 30, 2019 and 2018 are illustrated as follows:

|                         |                       | Capital Assets at<br>Year End |    |        |  |  |  |

NOTES TO FINANCIAL STATEMENTS

### Note 1 - Summary of Significant Accounting Policies

The accounting policies of Melvindale-Northern Allen Park Public Schools conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of the significant accounting policies of the School District:

### Reporting Entity

The accompanying basic financial statements have been prepared in accordance with criteria established by the GASB for determining the various governmental organizations to be included in the reporting entity. These criteria include oversight responsibility, scope of public service, and special financing arrangements. Based on application of the criteria, the entity does not contain component units.

The District receives funding from local, state, federal and interdistrict government sources and must comply with the accompanying requirements of these funding source entities. However, the District is not included in any other governmental "reporting entity" body that has separate legal standing and is fiscally independent of the governmental entities. As such, the Board of Education has decision-making authority, the authority to levy taxes, and determine its budget, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters.

### Basic Financial Statements – Government-wide Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). The government-wide financial statements categorize primary activities as either governmental or business type. All of the District's activities are classified as governmental activities. Fiduciary funds are not included in the government-wide financial statements.

In the government-wide Statement of Net Position, the governmental activities column is presented on a consolidated basis and is reported on a full-accrual economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in three parts: invested in capital assets net of related debt; restricted net position; and unrestricted net position. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions. General government revenues (property taxes, certain intergovernmental revenues, fines, permits and charges, etc.) also support the functions. The Statement of Activities reduces gross expenses by related program revenues, operating grants, and capital grants. Program revenues must be directly associated with the function.

Operating grants include operating-specific and discretionary grants. The net costs by function are normally covered by general revenue (property taxes, state and federal sources, interest income, etc.).

The District allocates indirect costs to certain federal programs and the Cafeteria fund. The amounts allocated for the year ended June 30, 2019 amounted to \$122,000. Inter-fund transactions have been eliminated in the government-wide financial statements.

### Basic Financial Statements - Fund Financial Statements

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the

## Note 1 - Summary of Significant Accounting Policies (continued)

#### Basic Financial Statements - Fund Financial Statements (continued)

means by which spending activities are controlled. The various funds are grouped, in the combined financial statements in this report, into three generic fund types in two broad fund categories as follows:

#### Governmental Funds

Governmental funds are those funds through which most school district functions typically are financed. The acquisition, use, and balances of the District's expendable financial resources and the related current liabilities are accounted for through governmental funds.

#### General Fund

The General Fund is used to record the general operations of the District pertaining to education and those operations not provided for in other funds. Included are all transactions related to the approved current operating budget.

<u>Special Revenue Funds</u> - Special Revenue Funds are used to segregate the transactions of particular activities from regular revenue and expenditure accounts. The District maintains full control of these funds. The District maintains one school service fund, which is the Food Service Fund.

<u>Fiduciary Funds</u> - Fiduciary Funds are used to account for assets held by the School District in a trustee capacity or as an agent.

<u>Activities (Agency) Funds</u> - Agency Funds are used to account for assets held by the School District as an agent, are custodial in nature (assets equal liabilities), and do not involve measurement of results of operations.

### Basis of Accounting/Measurement Focus

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

### <u>Accrual</u>

Governmental activity in the government-wide financial statements is presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

### Modified Accrual

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt are recognized when due.

#### Note 1 - Summary of Significant Accounting Policies (continued)

Those revenues susceptible to accrual are property taxes, state aid, interest revenue, grants and charges for services. Other revenue is recorded when received.

The District reports advances from grantors on its governmental funds balance sheet. Advances from grantors arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Advances from grantors also arise when the District receives resources before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for advances from grantors is removed from the combined balance sheet and revenue is recognized.

#### Cash and Investments

Cash and cash equivalents include amounts in demand deposits, sweep accounts, and certificates of deposit with original maturities less than 180 days. The District reports its investments in accordance with Governmental Accounting Standards Board (GASB) Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools and No. 40 Deposits and Investment Risk Disclosures. Under these standards, certain investments are valued at fair values when quoted market prices are not available.

The standards also provide that certain investments are valued at cost (or amortized cost) when they are of a short-term duration, the rate of return is fixed, and the District intends to hold the investment until maturity. Accordingly, investments in banker acceptances and commercial paper are recorded at amortized cost.

State statutes authorize the District to invest in bonds and other direct and certain indirect obligations of the U.S. Treasury, certificates of deposit, savings accounts, deposit accounts, or depository receipts of a bank, savings and loan association, or credit union, which is a member of the Federal Deposit Insurance Corporation (FDIC) or National Credit Union Administration (NCUA), respectively; in commercial paper rated at the time of purchase within the three highest classifications established by no less than two standard rating services and which matures not more than 270 days after the date of purchase. The District is also authorized to invest in U.S. Government or federal agency obligation repurchase agreements, bankers' acceptance of U.S. banks, and mutual funds composed of investments outlined above.

<u>Inventories</u> - Items purchased for future use are recorded as inventory and charged to expenditure accounts when requisitioned for use. Food Service Fund inventory consists of food and paper goods recorded at cost and commodity inventory recorded at fair market value as determined by the USDA.

<u>Capital Assets</u> – Capital assets purchased or acquired are capitalized at historical cost or estimated historical cost. The District has adopted a \$5,000 capitalization threshold for recording capital assets. Donated fixed assets are valued at their estimated fair market value on the date received.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets.

### Note 1 - Summary of Significant Accounting Policies (continued)

Depreciation on all assets is computed on the straight-line basis over the estimated useful lives as follows:

| Buildings and additions  | 20 – 50 years |
|--------------------------|---------------|
| Buses and other vehicles | 5 – 10 years  |
| Furniture and equipment  | 5 – 20 years  |

#### Property Taxes

School property taxes are assessed and collected in accordance with enabling state legislation by cities and townships within the District's boundaries. The District's entire tax base is within Wayne County.

The property tax levy runs from July 1 to June 30. Property taxes become a lien on the first day of the levy year and are due on or before September 15. Collections are forwarded to the District as collected by the assessing municipality. Real property taxes uncollected as of March 1 are purchased by Wayne County and remitted to the District by June 30, or soon thereafter.

Property taxes are recognized in the accounting period when they become measurable and available to finance operations. Available means when due or past due and receivable within the current period and collected no longer than 60 days after the current period.

<u>Use of Estimates</u> - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

<u>Compensated Absences</u> – The liability for compensated absences reported in the district-wide financial statements is comprised of earned but unused accumulated vacation leave benefits and accumulated prior banked sick time

Vacation time earned but not used at June 30, 2019 and 2018 amounted to \$192,771 and \$78,770 respectively.

<u>Economic Dependency</u> - The District receives approximately 72% of its operating revenue through the foundation allowance from the State of Michigan. This figure includes property taxes collected for operations.

<u>Concentrations</u> - Substantially all employees of the District are covered under collective bargaining agreements. The Melvindale-Northern Allen Park Federation of Teachers Local 1051, AFT, AFL-CIO, Teamsters Local 214 Non-Teaching Union, and the Melvindale-Northern Allen Park Federation of Paraprofessionals Local 4913 Melvindale-Northern Allen Park School Related Personnel, AFT/AFL-CIO agreements will expire on June 30, 2020, June 30, 2021, and June 30, 2022, respectively.

<u>Pension</u> - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Michigan Public School Employees Retirement System (MPSERS) and additions to/deductions from MPSERS fiduciary net position have been determined on the same basis as they are reported by MPSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

<u>Postemployment Benefits Other Than Pensions -</u> For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information

## Note 1 - Summary of Significant Accounting Policies (continued)

about the fiduciary net position of the Michigan Public School Employees Retirement System (MPSERS) and additions to/deductions from MPSERS fiduciary net position have been determined on the same basis as they are reported by MPSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## Note 2 - Budget and Budgetary Accounting

The State of Michigan adopted a Uniform Budgeting and Accounting Act (The Act) applicable to all local governmental entities in the state. The law requires appropriation acts to be adopted for the General and Special Revenue Funds and an informational study of Capital Project Funds of school districts prior to the expenditure of monies in a fiscal year.

The Board of Education adopts appropriations utilizing the modified accrual basis of accounting for all governmental funds. The appropriation level adopted by the Board is the level of control authorized by the Act. The Act requires expenditures to be budgeted on a functional basis. A district is not considered to be in violation of the Act if reasonable procedures are in use by the district to detect violations.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. The District's superintendent submits to the Board of Education a proposed budget by July 1 of each year. The budget includes proposed expenditures and the means of financing them.
- 2. A public hearing is conducted to obtain taxpayer comments.
- 3. The superintendent is authorized to transfer budgeted amounts between functions within any fund with the approval of the Budget and Finance Committee; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Education.
- 4. Budgets for the General, Capital Projects, and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles.
- 5. Budgeted amounts are as originally adopted, or as amended by the Board of Education throughout the year. Individual amendments were not material in relation to the original appropriations, which were amended.
- 6. Appropriations lapse at year-end and, therefore, cancel all encumbrances. These appropriations are reestablished at the beginning of the following year.

A comparison of actual results of operations to the budgeted amounts (at the level of control adopted by the Board of Education) for the General Fund is presented as required supplementary information.

### Budgetary information,

Public Act 621 of 1978, as amended, provides that a local unit shall not incur expenditures in excess of the amount budgeted. In the body of the financial statements, the District's actual and budgeted expenditures for the period have been shown as adopted by function on a modified accrual basis.

## Note 2 - Budget and Budgetary Accounting (continued)

#### Excess of expenditures over appropriations in budgeted funds

The District did not have significant expenditure budget variances.

#### Note 3 - Deposits and Investments

At June 30, 2019, the District had the following investments:

| General Fund                            |     |           |
|---|-----|-----------|
| Comerica Bank J-Fund High Yield Savings | ,\$ | 747,648   |
| MILAF                                   |     | 2,091,671 |
| Flagstar Bank CDARS                     |     | 1,020,593 |
| Total                                   | \$  | 3,859,912 |

<u>Interest rate risk</u> is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The District's policy provides that to the extent practicable, investments are matched with anticipated cash flows. Investments are diversified to minimize the risk of loss resulting from over-concentration of assets in a specific maturity period, a single issuer, or an individual class of securities and are invested primarily in shorter-term securities, liquid asset funds, money market mutual funds, or similar investment pools.

<u>Concentration of credit risk</u> is the risk of loss attributed to the magnitude of the District's investment in a single issuer. Cumulatively, portfolios of the District may not be invested in any given financial institution in excess of 5% of such institution's total assets. Additionally, no more than 5% of the total District portfolio may be placed with any single financial institution with the exception of repurchase agreements. U.S. government securities and 2a7-like investment pools are excluded from these restrictions.

<u>Credit risk</u> is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits this exposure by mandating that the District's investments in commercial paper and corporate bonds be limited to those with a prime rating or better issued by nationally recognized statistical rating organizations (NRSROs). At June 30, 2019, the District's investments with Comerica Bank and Flagstar Bank are unrated.

<u>Custodial credit risk for deposits</u> is the risk that in the event of a bank failure, the District's deposits may not be returned or the District will not be able to recover collateral securities, if any, in the possession of an outside party. At June 30, 2019, \$1,520,593 of the District's deposit balances were insured and \$10,350,957 of its deposit balances were uninsured and uncollateralized with securities held by the pledging financial institution's trust department or agent.

<u>Custodial credit risk for investments</u> is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. This risk is minimized by the District through limiting investments to those of a prime or better rating and pre-qualifying the financial institutions, brokers/dealers, intermediaries, and advisors.

<u>Foreign currency risk</u> is the risk that changes in exchange rates will adversely affect the fair value of an investment. The District is not authorized to invest in investments that would be subject to this type of risk.

## Note 4 - Changes in Capital Assets

Summary of capital asset transactions:

|                         |     | Balance      |      |           |      |       |    | Balance      |

Depreciation expense, when appropriate, was allocated to governmental functions. Depreciation was recorded on the statement of activities as follows:

| Instruction                | \$<br>683,526 |
|----------------------------|---------------|
| Support Services           | 123,120       |
| Total Depreciation Expense | \$<br>806,646 |

### Note 5 – Tax Abatements

Effective for the year ended June 30, 2017, the District is required to disclose significant tax abatements as required by GASB statement 77.

The District receives reduced property tax revenues as a result of Industrial Facilities Tax exemptions granted by cities and townships. Industrial facility exemptions are intended to promote construction of new industrial facilities, or to rehabilitate historical facilities.

As part of section 22 of the State School Aid Act, any taxes abated for the General Fund operating millage are paid to the District by the State of Michigan. The District was not significantly impacted by tax abatements for the year ended June 30, 2019.

#### Note 6 - Long-Term Debt

#### 2015 REFUNDING BONDS

On January 13, 2015, the District issued \$9,290,000 in General Obligation – Limited Tax Bonds with an interest rate ranging from 2.0% to 4.0%. The District issued the bonds to advance refund the remaining \$9,665,000 of the outstanding 2005 Refunding Bond Issue with an interest rate of 4.133%. As a result, the remaining portion of the 2005 Refunding Bonds are considered defeased, and the District has removed the liability from its accounts. This

### Note 6 - Long-Term Debt (continued)

refunding resulted in an economic gain of approximately \$969,958. The outstanding balance of the bonds was \$7,690,000 at June 30, 2019.

The following is a summary of long-term debt transactions for the year ended June 30, 2019:

|                             | Compensated<br>Absences | Bonded<br>Debt | Total     |
|-----------------------------|-------------------------|----------------|-----------|
| Balance June 30, 2018 \$    | 78,770 \$               | 8,410,000 \$   | 8,488,770 |
| Additions                   | 192,771                 | -              | 192,771   |
| Retirements & payments      | (78,770)                | (720,000)      | (798,770) |
| Balance June 30, 2019       | 192,771                 | 7,690,000      | 7,882,771 |
| Less: Current portion       | (192,771)               | (745,000)      | (937,771) |
| Total due after one year \$ | \$                      | 6,945,000 \$   | 6,945,000 |

Future principal and interest requirements for the bonded debt to be paid from General Fund monies are as follows:

| Year Ended |           |               |           |
|------------|-----------|---------------|-----------|
| June 30,   | Principal | Interest      | Total     |
|            |           |               |           |
| 2020 \$    | 745,000   | \$ 265,488 \$ | 1,010,488 |
| 2021       | 775,000   | 235,688       | 1,010,688 |
| 2022       | 805,000   | 204,688       | 1,009,688 |
| 2023       | 825,000   | 187,582       | 1,012,582 |
| 2024       | 855,000   | 154,582       | 1,009,582 |
| 2025-2028  | 3,685,000 | 362,076       | 4,047,076 |
| Total \$   | 7,690,000 | \$\$          | 9,100,104 |

Interest expense in the General Fund totaled \$294,288 and \$321,888 for the years ended June 30, 2019 and 2018 respectively.

## Note 7 - Interfund Receivables and Payables

Interfund receivable and payable balances as of June 30, 2019 are as follows:

|                       | Due to        | Due from      |
|-----------------------|---------------|---------------|
|                       | Other Funds   | Other Funds   |
| General Fund          | \$<br>-       | \$<br>449,704 |
| Student Activity Fund | 249           | -             |
| Food Service Fund     | 449,455       | -             |
| Total                 | \$<br>449,704 | \$<br>449,704 |

# Note 8 - Fund Balance

#### Non-spendable, Restricted, Committed, Assigned and Unassigned

The Board of Education adopts a budget each year that includes the appropriation of fund balance. Nonspendable fund balance represents assets that are not available in spendable form and are not expected to be converted to cash.

#### Non-spendable:

| Inventory<br>Prepaid expenses | \$<br>10,519<br>247,047 |
|-------------------------------|-------------------------|
| Total Non-spendable           | \$<br>257,566           |

Restricted net position is reported separately to show legal constraints from debt covenants and legislation that limits the School District's ability to use those funds for day-to-day operations.

Restricted:

| Food service     | \$<br>719,999 |
|------------------|---------------|
| Total Restricted | \$<br>719,999 |

Committed fund balance represents constrained amounts imposed by school board resolution. The district had no amounts committed at June 30, 2019.

Assigned fund balance represents amounts intended to be used for specific purposes expressed by the Board of Education, Finance Committee, or the official authorized by the governing body. Residual amounts in governmental funds other than the General Fund are also assigned. The Board of Education adopted the 2019-20 General Fund budget whereby expenditures exceeded revenues by \$1,580,730. The Board of Education also adopted a policy to assign 10% of 2019-20 budgeted expenditures. This amount is shown as Assigned fund balance as of June 30, 2019.

Assigned:

| Board Policy        | \$<br>3,558,559 |
|---------------------|-----------------|
| Budgeted Future Use | 1,580,730       |
| Total Assigned      | \$<br>5,139,289 |

Unassigned fund balance is reported only in the General Fund and represents the remaining fund balance after non-spendable, restrictions, and assignments have been made.

The District applies restricted resources first for applicable expenditures. Assigned fund equity is applied when expenditures are incurred for the assigned purpose, followed by unassigned fund equity for budgeted expenditures.

#### Note 9 - Contingencies and Commitments

The District has received federal and state grants for specific purposes. These grants are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowance under terms of the grants, management believes that any required reimbursements would not be material.

In May 2019, the District received notice from the State of Michigan regarding a lapse in certification of two School Administrators. The State intends to assess the District an amount pro-rata of the employee's salary. The District has retained counsel and appealed the assessment. Counsel was not able to reasonably estimate the likelihood of a negative outcome or an probably amount due.

#### Note 10 – Risk Management

The School District is exposed to various risks of loss related to property loss, torts, errors and omissions, employee injuries (workers' compensation) as well as medical benefits provided to employees. The District has purchased commercial insurance for general liability, property and casualty, employee injuries and medical benefits. Settled claims related to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

#### Note 11 – Subsequent Events

Management has reviewed subsequent events through September 30, 2019, which is the date the financial statements were available to be issued.

### Note 12 – Defined Benefit Pension Plan

#### Plan Description

The Michigan Public School Employees' Retirement System (MPSERS) is a cost-sharing, multiple employer, state-wide, defined benefit public employee retirement plan governed by the State of Michigan (State) originally created under Public Act 136 of 1945, re-codified and currently operating under the provisions of Public Act 300 of 1980, as amended. Section 25 of this act establishes the board's authority to promulgate or amend the provisions of the System. The board consists of twelve members - eleven appointed by the Governor and the State Superintendent of Instruction, who serves as an ex-officio member.

The System's pension plan was established by the State to provide retirement, survivor and disability benefits to public school employees. In addition, the System's health plan provides all retirees with the option of receiving health, prescription drug, dental and vision coverage under the Michigan Public School Employee's Retirement Act (1980 PA 300 as amended).

The System is administered by the Office of Retirement Services within the Michigan Department of Technology, Management & Budget. The Department Director appoints the Office Director, with whom the general oversight of the System resides. The State Treasurer serves as the investment officer and custodian for the System.

The System's financial statements are available at www.michigan.gov/orsschools.

#### **Benefits Provided**

Benefit provisions of the defined benefit pension plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions for the defined benefit (DB) pension plan. Depending on the plan option selected, member retirement benefits are determined by final average compensation, years of service, and a pension factor ranging from 1.25 percent to 1.50 percent. DB members are eligible to receive a monthly benefit when they meet certain age and service requirements. The System also provides disability and survivor benefits to DB plan members.

A DB plan member who leaves Michigan public school employment may request a refund of his or her member contributions to the retirement system account. A refund cancels a former member's rights to future benefits. However, returning members who previously received a refund of their contributions may reinstate their service through repayment of the refund upon satisfaction of certain requirements.

## Note 12 – Defined Benefit Pension Plan (continued)

## **Contributions**

Employers are required by Public Act 300 of 1980, as amended, to contribute amounts necessary to finance the coverage of active and retired members. Contribution provisions are specified by State statute and may be amended only by action of the State Legislature.

Employer contributions to the System are determined on an actuarial basis using the entry age normal actuarial cost method. Under this method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the service of the individual between entry age and assumed exit age. The portion of this cost allocated to the current valuation year is called the normal cost. The remainder is called the actuarial accrued liability. Normal cost is funded on a current basis. The unfunded (overfunded) actuarial accrued liability as of the September 30, 2017 valuation will be amortized over a 21-year period beginning October 1, 2017 and ending September 30, 2039

The schedule below summarizes pension contribution rates in effect for fiscal year 2018.

## **Pension Contribution Rates**

| Benefit Structure      | Member    | Employer  |
|------------------------|-----------|-----------|
| Basic                  | 0.0 - 4.0 | % 17.89 % |
| Member Investment Plan | 3.0 - 7.0 | % 17.89 % |
| Pension Plus           | 3.0 - 6.4 | % 16.61 % |
| Pension Plus 2         | 6.2       | % 19.74 % |
| Defined Contribution   | 0.0       | % 13.54 % |

Required contributions to the pension plan from the District were \$4,923,616 for the year ended September 30, 2018.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the District reported a liability of \$54,356,085 for its proportionate share of the MPSERS net pension liability. The net pension liability was measured as of September 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation rolled forward from September 30, 2017. The District's proportionate share of the net pension liability was determined by dividing each district's statutorily required pension contributions to the system during the measurement period by the percent of pension contributions required from all applicable districts during the measurement period. At September 30, 2018, the District's proportion was .18081 percent, which was an increase of .00523 percent from its proportion measured as of September 30, 2017.

For the year ended June 30, 2019, the District recognized total pension expense of \$7,739,940. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|  | <br>erred Outflows<br>f Resources | D  | eferred Inflows of<br>Resources |
|--|-----------------------------------|----|---------------------------------|
| Differences between expected and actual experience | \$<br>252,222                     | \$ | 394,996                         |
| Changes of assumptions                             | 12,588,824                        |    | -                               |

## Note 12 - Defined Benefit Pension Plan (continued)

| Net difference between projected and actual earnings on pension plan investments                              | -                       | 3,716,574              |
|---|-------------------------|------------------------|
| Changes in proportion and differences between District contributions and proportionate share of contributions | 2,118,996               | 75,754                 |
| District contributions subsequent to the measurement date*  | 4,317,331               | -                      |
| Total   | \$<br><u>19,277,373</u> | \$<br><u>4,187,324</u> |

\*Contributions subsequent to the measurement date, reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2020.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

# Deferred (Inflows) and Deferred Outflows of Resources by Year (to Be Recognized in Future Pension Expenses)

| Year Ending June 30 | Amount:     |
|---------------------|-------------|
| 2019                | \$4,423,328 |
| 2020                | \$3,265,825 |
| 2021                | \$2,203,336 |
| 2022                | \$880,229   |

### **Actuarial Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Additional information as of the latest actuarial valuation follows:

## **Summary of Actuarial Assumptions**

| September 30, 2017                               |
|--|
| Entry Age, Normal                                |
| 2.75%  |
|  |
| 7.05%  |
| 7.00%  |
| 6.00%  |
| 2.75 – 11.55%, including wage inflation at 2.75% |
| 3% Annual Non-Compounded for MIP Members         |
|  |

## Note 12 - Defined Benefit Pension Plan (continued)

Mortality: Retirees: RP-2014 Male and Female Combined Healthy Life Mortality Tables, scaled by 82% for males and 78% for females and adjusted for mortality improvements using projection scale MP-2017 from 2006.

Active Members: P-2014 Male and Female Employee Annuitant Mortality Tables, scaled to 100% and adjusted for mortality improvements using projection scale MP-2017 from 2006

#### Notes:

- Assumption changes as a result of an experience study for the periods 2012 through 2017 have been adopted by the System for use in the annual pension valuations beginning with the September 30, 2017 valuation. The total pension liability as of September 30, 2018, is based on the results of an actuarial valuation date of September 30, 2017, and rolled forward using generally accepted actuarial procedures, including the experience study.
- Recognition period for liabilities is the average of the expected remaining service lives of all employees in years: 4.5304
- Recognition period for assets in years is 5.0000
- Full actuarial assumptions are available in the 2018 MPSERS Comprehensive Annual Financial Report www.michigan.gov/orsschools.

### Long-Term Expected Return on Plan Assets

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2018, are summarized in the following table:

### Long-Term Expected Return on Plan Assets (continued)

| Asset Class                          | Target<br>Allocation | Long Term Expected Real Rate<br>of Return* |
|--------------------------------------|----------------------|--|
| Domestic Equity Pools                | 28.0 %               | 5.7 %                                      |
| Private Equity Pools                 | 18.0                 | 9.2  |
| International Equity                 | 16.0                 | 7.2  |
| Fixed Income Pools                   | 10.5                 | 0.5  |
| Real Estate and Infrastructure Pools | 10.0                 | 3.9  |
| Absolute Return Pools                | 15.5                 | 5.2  |
| Short Term Investment Pools          | 2.0                  | 0.0  |
| TOTAL                                | <u>100.0</u> %       |  |
|                                      |                      |  |

\*Long term rate of return does not include 2.3% inflation

## Note 12 - Defined Benefit Pension Plan (continued)

#### Rate of Return

For the fiscal year ended September 30, 2018, the annual money-weighted rate of return on pension plan investment, net of pension plan investment expense, was 11.11%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

#### **Discount Rate**

A discount rate of 7.05% was used to measure the total pension liability (7.0% for the Pension Plus plan, 6.0% for the Pension Plus 2 plan provided through non-university employers only). This discount rate was based on the long term expected rate of return on pension plan investments of 7.05% (7.0% for the Pension Plus plan, 6.0% for the Pension Plus 2 plan). The projection of cash flows used to determine this discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

# Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

As required by GASB Statement No. 68, the following presents the District's proportionate share of the net pension liability, calculated using a discount rate of 7.05% (7.0% for the Hybrid Plan), as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher:

| Current Single Discount Rate |                     |                     |
|------------------------------|---------------------|---------------------|
| 1% Decrease                  | Assumption          | 1% Increase         |
| 6.05% / 6.0% / 5.0%          | 7.05% / 7.0% / 6.0% | 8.05% / 8.0% / 7.0% |
| \$71,365,341                 | \$54,356,085        | \$40,224,158        |

### Michigan Public Schools Employees Retirement System (MPSERS) Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued MPSERS CAFR, available on the ORS website at <u>www.michigan.gov/orsschools</u>.

### Note 13 – Postemployment Benefits Other Than Pensions (OPEB)

### Plan Description

The Michigan Public School Employees' Retirement System (MPSERS) is a cost-sharing, multiple employer, state-wide, defined benefit public employee retirement plan governed by the State of Michigan (State) originally created under Public Act 136 of 1945, recodified and currently operating under the provisions of Public Act 300 of 1980, as amended. Section 25 of this act establishes the board's authority to promulgate or amend the provisions of the System. The board consists of twelve members - eleven appointed by the Governor and the State Superintendent of Instruction, who serves as an ex-officio member.

The System's health plan provides all eligible retirees with the option of receiving health, prescription drug, and dental and vision coverage under the Michigan Public School Employees' Retirement Act (1980 PA 300 as amended).

### Note 13 – Postemployment Benefits Other Than Pensions (OPEB) (continued)

The System is administered by the Office of Retirement Services (ORS) within the Michigan Department of Technology, Management & Budget. The Department Director appoints the Office Director, with whom the general oversight of the System resides. The State Treasurer serves as the investment officer and custodian for the System.

The System's financial statements are available on the ORS website at www.michigan.gov/orsschools.

## **Benefits Provided**

Benefit provisions of the postemployment healthcare plan are established by the State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions. Retirees have the option of health coverage, which, through 2012, was funded on a cash disbursement basis. Beginning fiscal year 2013, it is funded on a prefunded basis. The System has contracted to provide the comprehensive group medical, prescription drug, dental and vision coverage for retirees and beneficiaries. A subsidized portion of the premium is paid by the System with the balance deducted from the monthly pension of each retiree healthcare recipient. For members who first worked before July 1, 2008, (Basic, MIP-Fixed, and MIP Graded plan members) the subsidy is the maximum allowed by the statute. To limit future liabilities of Other Postemployment Benefits, members who first worked on or after July 1, 2018 (MIP-Plus plan members) have a graded premium subsidy based on career length where they accrue credit towards their insurance premiums in retirement, not to exceed the maximum allowable by statute. Public Act 300 of 2012 sets the maximum subsidy at 80% beginning January 1, 2013; 90% for those Medicare eligible and enrolled in the insurances as of that date. Dependents are eligible for healthcare coverage if they meet the dependency requirements set forth in Public Act 300 of 1980, as amended.

Public Act 300 of 2012 granted all active members of the Michigan Public School Employees Retirement System, who earned service credit in the 12 months ending September 3, 2012 or were on an approved professional services or military leave of absence on September 3, 2012, a voluntary election regarding their retirement healthcare. Any changes to a member's healthcare benefit are effective as of the member's transition date, which is defined as the first day of the pay period that begins on or after February 1, 2013.

Under Public Act 300 of 2012, members were given the choice between continuing the 3% contribution to retiree healthcare and keeping the premium subsidy benefit described above, or choosing not to pay the 3% contribution and instead opting out of the subsidy benefit and becoming a participant in the Personal Healthcare Fund (PHF), a portable, tax-deferred fund that can be used to pay healthcare expenses in retirement. Participants in the PHF are automatically enrolled in a 2% employee contribution into their 457 account as of their transition date, earning them a 2% employer match into a 401(k) account. Members who selected this option stop paying the 3% contributions were deposited into their 401(k) account.

## Contributions

Districts are required by Public Act 300 of 1980, as amended, to contribute amounts necessary to finance the coverage of active and retired members. Contribution provisions are specified by State statute and may be amended only by action of the State Legislature.

Employer OPEB contributions to the System are determined on an actuarial basis using the entry age normal actuarial cost method. Under this method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the service of the individual between entry age and assumed exit age. The portion of this cost allocated to the current valuation year is called the normal cost. The remainder is called the actuarial accrued liability. Normal cost is funded on a current basis. The unfunded (overfunded) actuarial accrued liability as of the September 30, 2017 valuation will be amortized over a 21-year period beginning October 1, 2017 and ending September 30, 2038

The schedule below summarizes OPEB contribution rates in effect for fiscal year ended September 30, 2018.

## Note 13 – Postemployment Benefits Other Than Pensions (OPEB) (continued)

# OPEB Contribution RatesBenefit StructureMemberEmployerPremium Subsidy3.00 %6.44 %Personal Healthcare Fund (PHF)0.00 %6.13 %

Required contributions to the OPEB plan from the District were \$1,200,739 for the year ended September 30, 2018.

## OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2019, The District reported a liability of \$14,704,465 for its proportionate share of the MPSERS net OPEB liability. The net OPEB liability was measured as of September 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation rolled forward from September 30, 2017. The District's proportion share of the net OPEB liability was determined by an actuarial valuation rolled forward from September 30, 2017. The District's proportion share of the net OPEB liability was determined by dividing each district's statutorily required OPEB contributions to the system during the measurement period by the percent of OPEB contributions required from all applicable districts during the measurement period. At September 30, 2018, the District's proportion was .18498 percent, which was a decrease of .00945 percent from its proportion measured as of October 1, 2017.

For the year ended June 30, 2019, the District recognized total OPEB expense of \$878,552. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

|   | <br>ferred Outflows<br>of Resources | Deferred Inflows of<br>Resources |
|---|-------------------------------------|----------------------------------|
| Differences between expected and actual experience  | \$<br>-                             | \$<br>2,736,879                  |
| Changes of assumptions  | 1,557,210                           | -                                |
| Net difference between projected and actual earnings on<br>OPEB plan investments                              | -                                   | 565,128                          |
| Changes in proportion and differences between District contributions and proportionate share of contributions | 735,067                             | 3,117                            |
| District contributions subsequent to the measurement date*  | <u>1,007,294</u>                    | -                                |
| Total   | \$<br><u>3,299,571</u>              | \$<br><u>3,305,124</u>           |

Contributions subsequent to the measurement date reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

## Note 13 – Postemployment Benefits Other Than Pensions (OPEB) (continued)

# Deferred (Inflows) and Deferred Outflows of Resources by Year (To Be Recognized in Future OPEB Expenses)

| Year Ending June 30, | Amount:     |
|----------------------|-------------|
| 2019                 | \$(270,127) |
| 2020                 | \$(270,127) |
| 2021                 | \$(270,127) |
| 2022                 | \$(158,457) |
| 2023                 | \$(44,009)  |

## **Actuarial Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Additional information as of the latest actuarial valuation follows:

## **Summary of Actuarial Assumptions**

| September 30, 2017  |  |  |  |  |  |  |
|---|--|--|--|--|--|--|
| Entry Age, Normal   |  |  |  |  |  |  |
| 2.75%   |  |  |  |  |  |  |
| 7.15%   |  |  |  |  |  |  |
| 2.75 – 11.55%, including wage inflation at 2.75%  |  |  |  |  |  |  |
| 7.5% Year 1 graded to 3.0% Year 12  |  |  |  |  |  |  |
|   |  |  |  |  |  |  |
| Retirees: RP-2014 Male and Female Healthy Annuitant Mortality<br>Tables, scaled by 82% for males and 78% for females and adjusted<br>for mortality improvements using projection scale MP-2017 from<br>2006 |  |  |  |  |  |  |
| Active Members: RP-2014 Male and Female Annuitant Mortality Tables, scaled 100% and adjusted for mortality improvements usir projection scale MP-2017 from 2006.  |  |  |  |  |  |  |
| Other Assumptions:  |  |  |  |  |  |  |
| 21% of eligible participants hired before July 1, 2008 and 30% of those hired after June 30, 2008 are assumed to opt out of the retiree health plan   |  |  |  |  |  |  |
| 80% of male retirees and 67% of female retirees are assumed to have coverages continuing after the retiree's death  |  |  |  |  |  |  |
| 75% of male and 60% of female future retirees are assumed to elect coverage for 1 or more dependents  |  |  |  |  |  |  |
|   |  |  |  |  |  |  |

## Note 13 – Postemployment Benefits Other Than Pensions (OPEB) (continued)

## Notes:

- Assumption changes as a result of an experience study for the periods 2012 through 2017 have been adopted by the System for use in the annual pension valuations beginning with the September 30, 2017 valuation. The total OPEB liability as of September 30, 2018, is based on the results of an actuarial valuation date of September 30, 2017, and rolled forward using generally accepted actuarial procedures, including the experience study.
- Recognition period for liabilities is the average of the expected remaining service lives of all employees in years: 5.6018
- Recognition period for assets in years is 5.0000
- Full actuarial assumptions are available in the 2018 MPSERS Comprehensive Annual Financial Report found on the ORS website at www.michigan.gov/orsschools.

## Long-Term Expected Return on Plan Assets

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan's target asset allocation as of September 30, 2018, are summarized in the following table:

| Asset Class                          | Target<br>Allocation | Long Term Expected Real Rate<br>of Return* |
|--------------------------------------|----------------------|--|
| Domestic Equity Pools                | 28.0 %               | 5.7 %                                      |
| % Alternative Investment Pools       | 18.0                 | 9.2  |
| International Equity                 | 16.0                 | 7.2  |
| Fixed Income Pools                   | 10.5                 | 0.5  |
| Real Estate and Infrastructure Pools | 10.0                 | 3.9  |
| Absolute Return Pools                | 15.5                 | 5.2  |
| Short Term Investment Pools          | 2.0                  | 0.0  |
| TOTAL                                | <u>100.0</u> %       |  |

\*Long-term rate of returns are net of administrative expenses and 2.3% inflation.

## Rate of Return

For the fiscal year ended September 30, 2018, the annual money-weighted rate of return on OPEB plan investment, net of OPEB plan investment expense, was 10.75%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

## Note 13 – Postemployment Benefits Other Than Pensions (OPEB) (continued)

## **Discount Rate**

A discount rate of 7.15% was used to measure the total OPEB liability. This discount rate was based on the longterm expected rate of return on OPEB plan investments of 7.15%. The projection of cash flows used to determine this discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

## Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net OPEB liability calculated using a discount rate of 7.15%, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher:

| 1% Decrease  | Current Single Discount Rate | 1% Increase  |
|--------------|------------------------------|--------------|
| 6.15%        | 7.15%                        | 8.15%        |
| \$17,652,412 | \$14,704,465                 | \$12,224,882 |

## Sensitivity of the District's Proportionate Share of the OPEB liability to Healthcare Cost Trend Rate

The following presents the District's proportionate share of the net OPEB liability calculated using assumed trend rates, as well as what the District's proportionate share of net OPEB liability would be if it were calculated using a trend rate that is 1 percentage point lower or 1 percentage point higher:

| Current Healthcare Cost Trend |              |              |  |  |  |  |
|-------------------------------|--------------|--------------|--|--|--|--|
| 1% Decrease                   | Rate         | 1% Increase  |  |  |  |  |
|                               |              |              |  |  |  |  |
| \$12,094,261                  | \$14,704,465 | \$17,698.903 |  |  |  |  |

## **OPEB Plan Fiduciary Net Position**

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued 2018 MPSERS CAFR, available on the ORS website at www.michigan.com/orsschools.

## Note 14 – Leases

The District leased various office equipment under 4 year operating leases which expire in 2022. Monthly payments on these leases total \$482. The District also leased two school buses under 4 year operating leases with expiration in 2022. Quarterly payments on these leases total \$4,164 per bus. Total future minimum lease payments are as follows:

| Year Ended | Future     |
|------------|------------|
| June 30,   | Payments   |
| 2020       | \$ 39,097  |
| 2021       | 39,097     |
| 2022       | 38,615     |
|            | \$ 116,809 |

## UNIFORM GUIDANCE INFORMATION

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

September 30, 2019

Board of Education Melvindale-Northern Allen Park Public Schools

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Melvindale-Northern Allen Park Public Schools as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Melvindale-Northern Allen Park Public Schools' basic financial statements, and have issued our report thereon dated September 30, 2019.

## Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Melvindale-Northern Allen Park Public Schools' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Melvindale-Northern Allen Park Public Schools' internal control. Accordingly, we do not express an opinion on the effectiveness of Melvindale-Northern Allen Northern Allen Park Public Schools' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Taylor & Morgan, C.P.A, P.C.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Melvindale-Northern Allen Park Public Schools' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PORGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

September 30, 2019

Board of Education Melvindale-Northern Allen Park Public Schools

## **Report on Compliance for Each Major Federal Program**

We have audited Melvindale-Northern Allen Park Public Schools' compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of Melvindale-Northern Allen Park Public Schools' major federal programs for the year ended June 30, 2019. Melvindale-Northern Allen Park Public Schools' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

## Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

## Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Melvindale-Northern Allen Park Public Schools' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Melvindale-Northern Allen Park Public Schools' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Melvindale-Northern Allen Park Public Schools' compliance.

## **Opinion on Each Major Federal Program**

In our opinion, Melvindale-Northern Allen Park Public Schools complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

## **Report on Internal Control over Compliance**

Management of Melvindale-Northern Allen Park Public Schools is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Melvindale-Northern Allen Park Public Schools' internal control over compliance with types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Melvindale-Northern Allen Park Public Schools' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## Section II - Financial Statement Findings

There were no current year findings.

September 30, 2019,

To the Board of Education of Melvindale Northern Allen Park Public Schools

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Melvindale Norther Allen Park Public Schools for the year ended June 30, 2019. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, Government Auditing Standards and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 17, 2019. Professional standards also require that we communicate to you the following information related to our audit.

## Significant Audit Matters

## **Qualitative Aspects of Accounting Practices**

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent, and clear.

## Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

## Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

## Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

## Management Representations

| FLINT, MI OFFICE                             | CHARLOTTE, NC OFFICE                         | TROY, MI OFFICE                              |

We have requested certain representations from management that are included in the management representation letter dated September 30, 2019.

## Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

## Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

## Other Matters

We applied certain limited procedures to the Required Supplemental Information that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were not engaged to report on the Other Information, which accompany the financial statements but are not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

## Restriction on Use

This information is intended solely for the information and use of Board of Education and management of Melvindale Northern Allen Park Public Schools and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Taylor & Morgan, P.C.
