NORTHERN MICHIGAN EDUCATION ASSOCIATION OF CHARLEVOIX
AGREEMENT

PREAMBLE

This Agreement entered into this 1st day of September 2024 and ending the 31st day of August 2026, by and between the School District of Charlevoix in the City of Charlevoix, Michigan, hereinafter called the "Board", and the Northern Michigan Education Association of Charlevoix, hereinafter called the "Association".

W I T N E S S E T H

WHEREAS, the Board and the Association recognize and declare that providing a quality education for the children of Charlevoix School District is their mutual aim and that the character of such education depends predominantly upon the quality and morale of the teaching service, and

WHEREAS, the members of the teaching profession are particularly qualified to assist in formulating policies and programs designed to improve educational standards, and

WHEREAS, the Board has a statutory obligation, pursuant to the Public Employment Relations Act, Act 379 of the Michigan Public Acts of 1965, to bargain with the Association as the representative of its teaching personnel with respect to hours, wages, terms and conditions of employment, and

WHEREAS, the parties have reached certain understandings which they desire to confirm in this Agreement.

In consideration of the following mutual covenants, it is hereby agreed as follows:

ARTICLE I RECOGNITION

- A. The Board hereby recognizes the Northern Michigan Education Association of Charlevoix as the exclusive bargaining representative, as defined in Section II of Act 379, Public Acts of 1965, for all professional personnel on tenure, probation, classroom teachers, school librarians, counselors, advisors, curriculum facilitators, or critic teachers employed or to be employed by the Board (whether or not assigned to a public school building) but excluding supervisory and executive personnel, per diem substitutes, office and clerical employees, community education, and other personnel who may incidentally hold a teaching certificate but for which a certificate is not required in their position. The term "teacher" when used hereinafter in this Agreement, shall refer to all employees represented by the Northern Michigan Education Association of Charlevoix in the bargaining or negotiating unit as above defined, and references to male teachers shall include female teachers.
- B. The Board agrees not to negotiate with any teacher's organization other than the Northern Michigan Education Association of Charlevoix for the duration of this Agreement. Nothing contained herein shall be construed to prevent any individual teacher from presenting a grievance and having the grievance adjusted without the intervention of the Northern Michigan Education Association of Charlevoix, if the adjustment is consistent with the terms of this agreement provided that the Northern Michigan Education Association of Charlevoix has been given the opportunity to be present at such adjustment.

ARTICLE II ASSOCIATION AND TEACHER RIGHTS

- A. Pursuant to the Michigan Public Employment Relations Act, the Board hereby agrees that every employee of the Board shall have the right freely to organize, join and support the Association for the purpose of engaging in collective bargaining or negotiation and other concerted activities for mutual aid and protection. As a duly elected body exercising governmental power under color of law of the State of Michigan, the Board undertakes and agrees that it will not directly or indirectly discourage or deprive or coerce any teacher in the enjoyment of any rights conferred by the Act or other laws of Michigan or the Constitution of Michigan and the United States; that it will not discriminate against any teacher with respect to hours, wages, or any terms or conditions of employment by reason of his membership in the Association or collective professional negotiations with the Board, or his institution of any grievance, complaint or proceeding under this Agreement or otherwise with respect to any terms or conditions of employment.
- B. Nothing contained herein shall be construed to deny or restrict any teacher rights he may have under the Michigan General School Laws or other applicable laws and regulations. The rights granted to teachers hereunder shall be deemed to be in addition to those provided elsewhere.

- C. The Association and its members have the right to use school building facilities at any reasonable hours for Association meetings, provided the Building Principal or central office has been notified forty-eight (48) hours in advance of the meeting.

No teacher shall be prevented from wearing insignia, pins or other identification of membership in the Association either on or off school premises. Bulletin board space shall be made available to the Association in each building. The Association agrees to reimburse the Board for the actual cost of paper supplies and use of copying machines used for Association business.

- D. The Board agrees to make available to the Association in response to reasonable requests from time to time available information concerning the financial resources of the district, including but not limited to: annual financial reports and audits, register of certified personnel, tentative budgetary requirements and allocations, agendas and minutes of all Board meetings, treasurer's reports, census and membership data, names and addresses of all teachers, and such other information as will assist the Association in developing intelligent, accurate, informed and constructive programs on behalf of the teachers and their students, together with information which may be necessary for the Association to process any grievance or complaint. It is expressly understood that information contained within an individual's personnel file may only be released by written permission of the individual.
- E. The Board shall consult with the Association on any new or modified fiscal, budgetary or tax programs, construction programs, or major revisions of educational policy, which are proposed or under consideration, and the Association shall be given opportunity to make recommendations to the Board with respect to said matters prior to their adoption and/or general publication.
- F. The provisions of this Agreement and the wages, hours, and terms and conditions of employment shall be applied in a manner which is not arbitrary, capricious or discriminatory and without regard to race, creed, religion, color, national origin, age, sex or marital status.
- G. No religious or political activities of any teachers or the lack thereof shall be grounds for any discipline or discrimination with respect to the professional employment of such teacher provided the same does not occur during the hours of duty. The private and personal life of any teacher shall not be subject to any disciplinary action by the Board or its agents as long as it does not affect his teaching effectiveness.

ARTICLE III RIGHTS OF THE BOARD

The Board, on its own behalf and on behalf of the electors of the district, hereby retains and reserves unto itself, without limitation, all powers, rights, authority, duties and responsibilities conferred upon and vested in it by the laws and the Constitution of the State of Michigan, and of the United States, including, but without limiting the generality of the foregoing, the right:

1. To the executive management and administrative control of the school system and its properties and facilities and the activities of its employees;
2. To hire all employees and, subject to the provisions of law, to determine their qualifications, and the conditions for their continued employment, or their dismissal or demotion; and to promote and transfer all such employees;
3. To establish grades and courses of instruction, including special programs, and to provide for athletic, recreational and social events for students, all as deemed necessary or advisable by the Board;
4. To decide upon the means and methods of instruction, the selection of textbooks and other teaching materials, and the use of teaching aids of every kind and nature;
5. To determine class schedules, the hours of instruction, and the duties, responsibilities, and assignments of teachers and other employees with respect thereto, and non-teaching activities and the terms and conditions of employment;
6. To establish reasonable rules and regulations.

The exercise of the foregoing powers, rights, authority, duties and responsibilities of the Board, the adoption of policies, rules, regulations and practices in furtherance thereof, and the use of judgment and discretion in connection therewith shall be limited only by the specific and express terms of this Agreement and then only to the extent such specific and express terms hereof are in conformance with the Constitution and laws of the State of Michigan and the Constitution and laws of the United States. Nothing contained herein shall be considered to deny or restrict the Board of its rights, responsibilities, and authority under the Michigan General School laws or any other national, state, county, district or local laws or regulations as they pertain to education.

ARTICLE IV PAYROLL DEDUCTIONS

- A. Upon appropriate written authorization from the teacher, the Board shall deduct from the salary of any teacher and make appropriate remittance for salary deferrals through the district's 403(b) plan as stipulated in Article XV(M), direct deposit of pay, annuities, credit union, savings bonds, charitable donations, or any other plans or programs jointly approved by the Association and the Board . The Board shall be held harmless for such payroll deductions.

ARTICLE V TEACHING LOAD AND ASSIGNMENTS

- A. A teacher's working day including lunch period shall be 7 3/4 consecutive hours. A teacher's working day shall start no earlier than 7:30 A.M. and shall end no later than 3:55 P.M. unless mutually agreed upon by the Board and Association. A duty free, uninterrupted lunch period of at least 45 minutes for elementary teachers and at least 35 minutes for high school teachers and middle school teachers shall be scheduled as near the middle of the teacher's working day as possible. On Fridays, elementary school teachers may report at 8:10 A.M. and middle/high school teachers may leave after the buses have departed. In the event the district reverts back to three buildings, the middle school would resume a 45 minute lunch.

All teachers shall be in their classrooms or other areas performing school business during the teacher's working day except during the lunch period or relief period. Conference periods may be spent in the teachers' lounge and/or work facilities available to the teachers.

All teachers shall accept assignment for the supervision of students equally throughout the year during those duty hours, which are not assigned for instruction, conference, lunch or relief; provided that a maximum of four (4) teachers per building may be assigned to supervising students at any given time.

Teachers shall be scheduled for supervision assignment a minimum of 15 days in advance. Teachers may arrange substitutes from amongst faculty members and give notice to the Principal for scheduled student supervision assignments.

- B. Teachers are encouraged to remain for a sufficient period after a normal workday to attend to those matters, which properly require attention at that time, including consultations with parents, when scheduled directly with the teacher. On days preceding holidays or vacations, the teacher's day shall end at the close of the pupil's day.

- C. Requests may be made to the Building Principal or his designated representative if the Principal is out of the building by a teacher to leave his assigned buildings prior to the time stated above. These requests should be made as early as possible. Listed below are areas which will be considered an important nature:
1. Medical appointments;
 2. Dental appointments;
 3. One regularly scheduled Association membership meeting per month, such schedule to be submitted to the Superintendent at the beginning of each semester, and such other Association meetings, which are approved by the Administration;
 4. School connected business;
 5. Emergencies.
- D. The weekly teaching load in the high school will be no more than 25 teaching periods and no less than five unassigned preparation periods. A supervised study period shall be considered a teaching period for purposes of this Article. The normal teaching load in the elementary school shall not exceed 25 hours of pupil contact per week.
- E. Elementary teachers will be provided a minimum of one, fifteen-minute, relief period each day during recess with half the teachers of the group at recess supervising students during recess period. In addition, elementary teachers may use, for preparation, all the time during which their classes are receiving instruction from various teaching specialists. The building Administrator will work with the various teaching specialists in designing a schedule with comparable blocks of preparation time. When such specialists are absent, the Administration shall make a reasonable effort to secure substitutes for them. Afternoon recess for elementary students will be at the discretion of the grade levels. A grade level teacher must provide supervision for recess.
- F. A teacher may be required to attend individual, group or building meetings when called by the Administration during his working day unless excused because a conflict exists with a teacher's other school business which cannot be postponed. It is recognized that teachers and Administrators should use sound professional judgment with respect to attendance of meetings after the teacher's working day.
- G. If school is closed due to weather after the beginning of the teacher workday, all teachers will be free to leave after the students leave.
- H. The provisions of this article pertaining to the working day and teaching load shall be negotiated if it is necessary to do so in order to satisfy state requirements pertaining to student instruction time and receipt of full state aid. If additional student contact time is added to the total teacher duty day to meet the requirements as provided herein, the salary schedule shall be increased by one-tenth percent (.1%) for each hour of time added per year.

I. School Schedules

1. No changes shall be made in this agreement without mutual consent and participation of the parties. Either party may make a demand to bargain during the term of this contract. However, such demands shall be under the same rules and practices as would apply to other areas of this agreement.
2. Current contract language regarding working conditions shall remain in effect unless specifically changed by negotiations and ratified by the Board and Union.
3. A teacher's schedule shall include one conference period per day in equal duration to the length of the classes.
4. The following shall apply for teachers who have a split assignment between buildings:
 - a. The teacher shall have approximately twenty (20) minutes travel time allotted for travel between buildings.
 - b. The teacher shall have planning time equal to the planning time in the building in which they spend most of their time.
 - c. In order to avoid disruptions with changing schedules, whenever possible, the teacher shall not be assigned a high school seminar or middle school home room.

ARTICLE VI TEACHING CONDITIONS

The Parties recognize that optimum school facilities for both student and teacher are desirable to insure the high quality of education that is the goal of both the Association and the Board. It is also acknowledged that the primary duty and responsibility of the teacher is to teach and that the organization of the school and the school day should be directed toward ensuring that the energy of the teacher is primarily utilized to this end.

- A. The Board agrees insofar as possible to make available in each school adequate computers, copying and technology to aid teachers in the preparation of instructional material.
- B. Insofar as possible the Board shall provide:
 1. A separate desk for each teacher in the district with lockable drawer space;
 2. Suitable closet space for each teacher to store coats, overshoes and personal articles;
 3. Adequate space in each room;
 4. Copies, exclusively for each teacher's use, of all texts used in each of the courses he or she is to teach as well as other supplementary materials used for each course;
 5. Adequate storage space in each classroom for instructional materials;
 6. Adequate attendance books, computer programs, projectors, paper, pencils, pens, erasers and other material required in daily teaching responsibility.
- C. The Board shall work to make available in each school adequate restroom and lavatory facilities exclusively for adult use and at least one room, appropriately furnished, which shall be reserved for use as a faculty lounge. It is understood that Charlevoix Schools are smoke-free campuses.

- D. Because the pupil-teacher ratio is an important aspect of an effective educational program, the parties agree that an ideal class size should not exceed 25 pupils in the upper elementary and middle schools, and 21 pupils in grades K-3, and the Board agrees to continue working toward this goal. The maximum student load in the secondary school will meet North Central requirements. The ratio of pupils to teachers and other professional staff members of the school shall not exceed 24 to 1. Only a staff member's time actually devoted to teaching duties in the high school may be counted in determining the pupil-teacher ratio. Any teacher whose professional judgment concludes that he/she has been or may be assigned a given number of pupils in any given class, the total number or unusual circumstances of which may deter from the goal of providing quality education, may report to the EA leadership and building administrator in an attempt to reach a cooperative solution. If a solution cannot be found a meeting will be scheduled with the superintendent.
- E. In order to maintain the most effective and nurturing learning environment possible for special education students, special education class sizes must follow state laws.

ARTICLE VII QUALIFICATIONS

- A. No new teacher shall be employed prior to July 1st by the Board for a regular teaching assignment who does not have a bachelor's degree from an accredited college or university and a provisional or permanent certificate.
- B. All teachers shall be given written notice of their tentative teaching assignment for the forthcoming year no later than the last day of the school year. In the event that changes in such assignments are proposed, all teachers affected shall be notified promptly and consulted.
- C. Any assignments in addition to the normal teaching schedule during the regular school year, including adult education courses, driver education and summer school courses, shall not be obligatory but shall be with the consent of the teacher.

Preference in making such assignments will be given to teachers regularly employed in the district.

At the secondary level teaching assignments in instrumental music carry an obligation to conduct the co-curricular activities associated with the assignment which are specified in Appendix D. The acceptance of this obligation is inherent in the acceptance of the regular class assignment.

- D. Any teacher who is required to teach in more than one building in the course of their normal working day and loses conference or lunchtime or adds additional teaching time to their workload shall be compensated. All such time shall be compensated at the hourly rate of twenty-five dollars per hour as provided in Article XV(C).

ARTICLE VIII TEACHER EVALUATION

- A. Beginning with the 2024 – 2025 school year, a negotiated performance evaluation system shall be rigorous, transparent, and fair, including:
1. specific performance goals identified by the teacher to improve their effectiveness in the upcoming school year;
 2. an evaluation of the teacher's job performance with timely and constructive feedback;
 3. clear approaches to measuring student growth with relevant data;
 4. multiple rating categories that consider student growth and assessment data or student learning objective metrics that have been negotiated with the Association;
 5. the use of student growth and assessment data or student learning objective metrics as 20% of the year-end evaluation determination:
 - a. The student growth and assessment data or student learning objectives shall consist of measurable, long-term academic goals set for all students that utilize data as determined annually by the appropriate grade level/departmental teachers;
 - b. In conjunction with administration, teachers shall be allowed to eliminate data attributable to students who have excessive absences, are partial-year transfers into/out of the teacher's classroom, or who have other anomalous circumstances that warrant eliminating that data;
 - c. The data used in this section must be attributable to the actual teaching responsibilities of individual teachers;
 6. a negotiated year-end evaluation form that utilizes other objective criteria for 80% of the year-end evaluation determination and which is on the approved list of such tools of the Michigan Department of Education. For the duration of this agreement, the form shall be the 5D+/Pivot system.
- B. Classroom observations that are intended to assist in the year-end performance evaluation for teachers will be conducted as follows:
1. The teacher shall be notified no later than September 30 of each year who the administrator will be that conducts their year-end evaluation. If no notification is provided by September 30, that teacher shall not be evaluated.
 2. Reasonable effort will be made to inform the teacher in advance of the observation.
 3. Within fifteen (15) days following the observation, the teacher will receive a finalized report from the observing administrator.
 4. The teacher will have the opportunity to respond to elements of the observation using features embedded in the evaluation tool and/or in a written statement provided to the administrator who conducted the observation.
 5. Upon receipt of the finalized observation, the teacher may request to meet in person with the observing administrator within a reasonable amount of time.
 6. There shall be at least two (2) classroom observations of a teacher in each school year the teacher is evaluated. The first observation shall occur no later than December 15; the second observation shall occur no later than May 15.
 7. Reasonable effort will be made for the two required observations to be conducted at least sixty (60) calendar days apart.

- C. Beginning July 1, 2024, the annual performance evaluation system will assign a year-end rating of “effective,” “developing,” or “needing support.”
- D. The finalized year-end evaluation determination and form shall be furnished to the teacher by May 31 of each year, either electronically or in writing. Upon receipt of the finalized evaluation, the teacher may request to meet in person with the observing administrator within a reasonable amount of time.
- E. In the event there is no year-end evaluation completed and furnished to the teacher as described above, the teacher shall be deemed “effective” for that year.
- F. If a tenured teacher has been rated “highly effective” or “effective” for three (3) consecutive year-end evaluations, they shall be evaluated every other year thereafter, or, at the discretion of administration, every third year thereafter. Should administration decide to formally evaluate a teacher who would otherwise be in an off-year, the teacher shall be informed of this decision and of the evaluating administrator by September 30, consistent with section B-1 above.
- G. Should a teacher being evaluated every second or third year as a result of three previous consecutive “effective” ratings subsequently receive a rating below “effective,” the teacher shall be evaluated annually until receiving an “effective” rating for an additional three (3) consecutive years.
- H. In addition to the above procedures, teachers who are evaluated with an IDP (received a “minimally effective” or “ineffective” rating prior to July 1, 2024, or “needing support” or “developing” thereafter) shall be provided the following:
 - 1. specific performance goals that will be used in improving effectiveness for the next school year developed in consultation with the teacher;
 - 2. training to be provided by the district to assist the teacher in meeting the goals of the IDP;
 - 3. a mid-year progress report, supported with at least two (2) classroom observations conducted consistent with the above procedures and completed no later than February 1, that is used as a supplemental tool to gauge a teacher’s improvement from the preceding school year and to assist in any additional improvement that is aligned with the existing IDP;
 - 4. a mentor teacher that is informed of the conditions and requirements of the IDP to assist the mentee in the described performance goals of the IDP.
- J. Any non-compliance with the evaluation process as described above shall be subject to the grievance process as outlined in Article XVII of the master agreement.
- K. Any teacher shall have the right to submit a rebuttal to their evaluation which will be attached to the year-end evaluation and included in their personnel file.
- L. Administration shall provide annual opportunities appropriate for both new and returning teachers to be trained on the current evaluation tool, forms, and procedures during contracted work time and/or as paid additional work time.

- M. Each administrator who is assigned to evaluate teachers shall have demonstrated expertise in the system and tools used by the district which shall include a rater reliability training every three (3) years as approved by MDE. Such training shall be documented by administration and furnished to the Association upon request

ARTICLE IX VACANCIES, PROMOTIONS AND TRANSFERS

- A. Whenever a vacancy arises, the superintendent shall post notice for a minimum of five (5) business days.
- B. Any teacher who shall be transferred to a supervisory or executive position and shall later return to the teacher status shall be entitled to retain such rights as he may have had under this Agreement prior to such transfer to supervisory or executive status. The administrator or supervisor shall be given credit on the salary schedule while serving as an administrator or supervisor if they return as a classroom teacher in the school system.

ARTICLE X ILLNESS, DISABILITY AND PERSONAL BUSINESS

- A. At the beginning of each school year, each teacher shall be credited with a twelve (12) days sick leave allowance to be used for absences caused by illness or physical disability of the teacher or illness of an immediate family member. The unused portion of such allowance shall accumulate in the teacher's sick bank to a maximum of 180 days. A teacher who is hired after the beginning of the school year shall be credited on a prorated basis. Teachers shall be allowed to utilize ten (10) family illness leave days per year out of their allotment that can be used for illness in the immediate family as defined under section E below. In the case of serious surgery, terminal illness, etc. for parents, children, or other close family members, the Administration could grant approval for additional use of the teacher's sick days.
- B. No teacher, absent from school due to illness or personal leave, shall have time charged against his accumulated sick leave when school is closed on the day of absence.
- C. A teacher who is unable to teach because of personal illness or disability and who has exhausted all sick leave available shall be granted a leave of absence without pay for the duration of such illness or disability, up to one year, and the leave may be renewed each year upon written request by the teacher.
- D. Each teacher may use five (5) days per year to transact personal business. Elementary teachers shall be granted an additional day annually due to the extra time spent on parent teacher conferences. Cognizant of community relationships, each teacher is encouraged to use sound judgment in the use of such days. Applications for such leave shall be filed with the principal as far in advance as practicable and at least 24 hours prior to the date of the expected absence, except in the case of an emergency. Not more than eight (8) teachers may be absent for personal business on any one day, unless substitute teachers are

available, or in cases of emergency. One personal day may be used either prior to or at the end of a holiday, vacation or break, but not both. Unused personal business days will be added to the teacher's sick day accumulation. In the event that state law changes in a way such that the teacher calendar and/or work load is affected, either party may request to re-negotiate the number of personal business days granted.

- E. A teacher shall be granted up to five (5) days of uncharged leave with pay when death occurs in his or her immediate family. The Superintendent may approve additional leave days to be deducted from personal or sick days. Immediate family includes spouse, parents, grandparents, children, grandchildren, other close family members or members of the teacher's household not otherwise listed as well as the same members of the spouse's family. Additionally, no more than ten (10) teachers shall be granted up to one (1) day of uncharged leave to attend the funeral of a fellow teaching staff member. Additional teachers may be released for such purpose at the discretion of the Administration. If a member of a teacher's family passes away, up to five (5) teachers may be allowed to use one (1) uncharged day to attend the funeral as representatives of the school district.
- F. A teacher called for jury duty or to give testimony pertaining to the district or to the teacher's employment with same before any Judicial or Administrative tribunal or in arbitration, negotiations, mediation, or fact-finding proceedings shall be compensated for the difference in the individual teacher's pay and the pay received for the performance of such obligations.
- G. Officers or designated agents of the Association shall be granted leave to attend meetings sponsored by state or national Associations outside the district or to represent the Association at arbitration proceedings. The Association agrees to notify the Superintendent no later than forty-eight (48) hours before the intended use of said leave. No more than six (6) teachers shall be absent on any given day for said purpose without the agreement of the Administration. The total days used during the school year shall not exceed fifteen (15).
- H. A sick bank for Bargaining Unit Members facing personal long term illness or for the long term illness or death of an immediate family member will be established. Donations may be made at the beginning of each semester, except in case of emergency. A Bargaining Unit Member who has a reason to believe he will exhaust his personal sick bank must submit a written request to the Association Executive Board to borrow sick days from the district sick bank. Usage of the district sick bank days will not begin until all of the employee's personal sick bank days are exhausted. Requested days may not exceed the number of days remaining in the current school year.

Bargaining Unit Members must repay the sick bank three days per year until the borrowed days are repaid.

Bargaining Unit Members who leave employment with the district must repay any outstanding sick days with days in their personal sick bank prior to their last day of work. The Association Executive Board may modify the repayment schedule in special circumstances.

- I. A teacher on paid or unpaid medical leave for more than five consecutive working days shall be entitled to return to service with the Charlevoix Public Schools upon expiration of the leave upon certification of fitness for duty by a physician. The Board may require certification of fitness for duty from a physician selected by the Board at Board expense.

ARTICLE XI UNPAID LEAVES OF ABSENCE

- A. A leave of absence of up to two (2) years may be granted to any teacher, upon application, for the purpose of participating in exchange teaching programs in other states, territories or countries, foreign or military teaching programs, the Peace Corps, teacher's cultural travel or work program related to his or her professional responsibilities, provided said teacher states his intention to return to the school system.
- B. A military leave of absence shall be granted to any teacher who shall be inducted or shall enlist for military duty in any branch of the armed forces of the United States. Upon return from such leave, a teacher shall be placed at the same position on the salary schedule as he or she would have been had they taught in the district during such period.
- C. A leave of absence of up to one (1) year may be granted to any teacher, upon application, for the purpose of serving as an officer of the Association or on its staff.
- D. A leave of absence of not less than one (1) year nor more than four (4) years may be granted to any teacher, upon application, for the purpose of campaigning for, or serving in, a public office provided, however, that a leave of absence shall not be granted for the purpose of serving as a member of the Michigan Legislature.
- E. The Board may grant a leave of absence without pay for the purpose of working on an advanced degree or pursuing special studies or participating in community educational projects.
- F. A leave of absence without pay shall be granted for one (1) year, and may be renewable upon application by the board, to any teacher for the purpose of maternity or adoption. A request in case of adoption shall be filed upon notification that the child will be placed for adoption.
- G. Bargaining Unit Members on unpaid leave, excepting military leave, shall not earn credit towards district seniority for purposes of salary.

ARTICLE XII
PROFESSIONAL BEHAVIOR

- A. Teachers shall comply with all rules, regulations, directives and policies adopted from time to time by the Board or its representatives, which are not inconsistent with the provisions of this Agreement.
- B. No teacher shall be disciplined for reasons that are arbitrary or capricious. A teacher shall at all times be entitled to have present a representative of the Association when he is being reprimanded, warned or disciplined for any infraction of rules or delinquency in professional performance. When a request for such representation is made, no action shall be taken with respect to the teacher until such representative of the Association is present. The Association agrees to provide such representative within a reasonable length of time. This section does not apply to the nonrenewal of a probationary teacher pursuant to the Michigan Teachers Tenure Act.

ARTICLE XIII
PROFESSIONAL IMPROVEMENT

- A. At the request of the Association, or on the Board's initiative, arrangements may be made for after-school courses, workshops, conferences and programs designed to improve the quality of instruction. Every effort will be made to obtain people of the highest qualifications to participate in the presentation of such programs. All teachers desiring to attend shall be allowed to do so.
- B. Upon request by a teacher and if recommended by the Superintendent, a teacher may attend selected professional conferences and Michigan Department of Education curriculum committee meetings with expenses to be reimbursed in accordance with Board policy. Teachers attending such conferences and meetings shall be granted sufficient leave time to attend without loss of compensation.
- C. Reimbursements shall be made to teachers for tuition for each undergraduate or graduate course taken beyond the hours required for obtaining a professional certificate; however, such courses shall be approved by the Superintendent. Maximum reimbursement shall be six (6) semester hours per five years. Semester hour cost shall be reimbursed at the average of CMU, WMU, and MSU graduate tuition rates. Members must fill out appropriate forms for approval by the superintendent.
- D. Professional employees are encouraged to attend at least one mutually agreed upon conference per school year with all expenses paid. The appropriateness of the requested conference shall be mutually agreed upon between the teacher and the building Administrator. All teachers in the Bargaining Unit shall be treated as equally as possible regarding conference expenditures.

ARTICLE XIV
REDUCTIONS IN PERSONNEL

CODE OF ETHICS OF THE EDUCATION PROFESSION

Adopted by the
NEA Representative Assembly, July 1975

PREAMBLE

The educator, believing in the worth and dignity of each human being, recognizes the supreme importance of the pursuit of truth, devotion to excellence, and the nurture of democratic principles. Essential to these goals is the protection of freedom to learn and to teach and the guarantee of equal educational opportunity for all. The educator accepts the responsibility to adhere to the highest ethical standards.

The educator recognizes the magnitude of the responsibility inherent in the teaching process. The desire for the respect and confidence of one's colleagues, of students, of parents and of the members of the community provides the incentive to attain and maintain the highest possible degree of ethical conduct. The Code of Ethics of the Education Profession indicates the aspiration of all educators and provides standards by which to judge conduct.

The remedies specified by the NEA and/or its affiliates for the violation of any provision of this Code shall be exclusive, and no such provision shall be enforceable in any form other than one specifically designated by the NEA or its affiliates.

 - a. Exclude any student from participation in any program;
 - b. Deny benefits to any student;
 - c. Grant any advantage to any student.
7. Shall not use professional relationships with students for private advantage.
8. Shall not disclose information about students obtained in the course of professional service, unless disclosure serves a compelling professional purpose or is required by law.

PRINCIPLE II COMMITMENT TO THE PROFESSION

The education profession is vested by the public with a trust and responsibility requiring the highest ideals of professional service.

In the belief that the quality of the services of the education profession directly influences the nation and its citizens, the educator shall exert every effort to raise professional standards, to promote a climate that encourages the exercise of professional judgment, to achieve conditions which attract persons worthy of the trust to careers in education, and to assist in preventing the practice of the profession by unqualified persons.

In fulfillment of the obligation to the profession, the educator:

1. Shall not in an application for a professional position deliberately make a false statement or fail to disclose a material fact related to competency and qualifications.
2. Shall not misrepresent his professional qualifications.
3. Shall not assist entry into the profession of a person known to be unqualified in respect to character, education, or other relevant attribute.
4. Shall not knowingly make a false statement concerning the qualifications of a candidate for a professional position.
5. Shall not assist a non-educator in the unauthorized practice of teaching.
6. Shall not disclose information about colleagues obtained in the course of professional service unless disclosures serve a compelling professional purpose or is required by law.
