

Our Mission (Our WHY):

Engaging, empowering, and elevating the potential of our school community.

Our Vision (Where are we going):

We are a continually improving school community, driven to empower each individual to successfully live, work, and thrive in a global society.

Our Values (Who we are):

Integrity: We are honest and trustworthy.

Respect: We build strong relationships by engaging positively with each other.

Responsibility: We are accountable and fulfill our commitments.

Kindness: We are friendly and considerate with ourselves and others.

Innovation: We are active in finding a better way.

Determination: We are purposeful in seeking opportunities to inspire our passions.

Our Belief Statements (How):

Culture of Learning: We foster a culture of curiosity and continuous growth for each individual.

Collaboration: We work together for positive outcomes.

Continuous Improvement: We have a growth mindset across the school district.

Student-Centered: Students are at the heart of each decision.

High Expectations: Our students can. We can.

5-Year Strategic Plan (2024-2029)

Strategic Focus Area 1:

Communicating across our school community

Goal: We will actively engage our students in effective two-way communication to support their success.

Goal: The RVSD employee team will actively engage each other in effective two-way communication to support individual growth for professional and student success.

Goal: We will actively engage families in effective two-way communication to better understand school today and to support their children.

Goal: We will actively engage the broader River Valley communities to advocate and develop a stronger reputation of our school district.

Strategic Focus Area 2:

Solidifying and promoting who we are

Goal: We will refine the "River Valley Way" through implementation of the revised mission, vision, values, and belief statements.

Goal: We will maximize and grow our resources and opportunities to support the school community in meeting their aspirations and goals.

Strategic Focus Area 3:

Continually Improving

Goal: We will continually improve our school climate, culture, and instructional best practices to maximize individual success and achievement.

Goal: We will continually review, evaluate, and update our systems and processes to create and maintain a high functioning school district.

Goal: We will continually update our technology and facilities to ensure an excellent learning environment.
