## De Tour Area Schools

202 S. Division St. P.O. Box 429. De Tour Village, MI 49725

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2022-23 educational progress for the DeTour Area Schools. The AER: [AER DeTour Area Schools](#) addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Robert W. Vaught for assistance.

The AER is available for you to review electronically by visiting the following web site or you may review a copy in the main office at your child's school.

At this time DeTour Area Schools is working in conjunction with the Eastern Upper Peninsula Intermediate School District (EUPISD) to individualize student progress in each of the core academic areas. Unlike larger districts that uses class data norms to gauge improvement, our size allows us to focus on the child not the norms when it comes to academic performance.

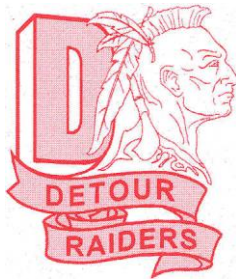

State law requires that we answer the following in this report.

1. **EDUCATOR QUALIFICATIONS:** DeTour Area Schools had 1 teacher on Emergency or Provisional Credentials. 100% of our staff are considered experienced and .03 percent of our staff teach outside of their field of expertise.
2. **STUDENT ASSESSMENT:** Due to our low student population in each grade level, less than 10 students per grade, our scores are not usually generated for the state mandated test (M-STEP). We did, however, engage the students in the NWEA standardized test three times per year. For this AER, we used the 3 scores from Fall 2022 until our Spring 2023 assessments. The student growth was reported to the school board and is as follows: Students in K-6 math School Conditional Growth Percentile of 75%. Students in K-11 reading made growth School Conditional Growth Percentile of 69.8%. Grade 3-6 students in science made School Conditional Growth Percentile of 67.5%. This data means that in one schoolyears' time, that our students showed growth by that many percentage points over their peers throughout the nation at the same grade levels, above the average of 50%. Our High School Spring 11<sup>th</sup> Grade 2023 SAT Scores were averaged at 990 out of 1600 with a high score of 1250. Our Fall 2022 SAT/NMSQT scores averaged 1006 with the highest being a 1300 out of 1520.
3. **GRADUATION RATE:** DeTour Area Schools has had a ten-year graduation rate of 90.04% for 4-year graduation cohort and nearly 100% for those in the 5<sup>th</sup> and 6<sup>th</sup> year cohort. In

5. SECTION 1003 SCHOOL IMPROVEMENT FUNDS: This part of the Annual Education Report identifies schools implementing comprehensive support and improvement (CSI), targeted support and improvement (TSI) or additional targeted support (ATS) plans. Here you will find a list of all schools that received section 1003 school improvement funds, including the amount of funds each school received and the types of strategies implemented in each school with such funds. Under Section 1003 of the "Every Student Succeeds Act", districts with schools identified for school improvement, corrective action and restructuring under Section 1116 of Title I, Part A may be awarded supplemental funds to support efforts and initiatives aimed at raising student academic achievement. **DeTour Area Schools did receive any of the funds so there is nothing to report in this area.**

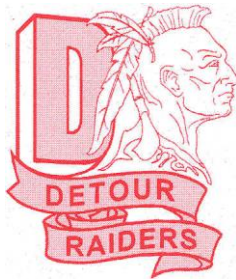

Additional information related to the school:
