February 5, 2024

Dear JKL Parents/Guardians,

Due to the COVID-19 pandemic in 2020-2021, school districts were required to develop an Extended (COVID-19) Continuity of Learning (ECOL) Plans. During the 2020-2021 school year, the ECOL Plan was approved by the Board of Education and then reconfirmed each month thereafter.

Since then, school boards are no longer required to approve or reconfirm the ECOL Plans. School districts are now required to review (and update, as necessary) the Continuity of Learning Plan every six months. Additionally, school districts were required to establish student achievement or growth goals by September 15, 2023 and report progress at public board meetings by the first board meeting in February 2024 and again at the last board meeting in June 2023.

To remain compliant with these reporting requirements, Northern Michigan University established student growth goals (98b) and will be updating the Board of Education on February 6, 2024. The growth goals data may be reviewed [HERE](#). We are making good gains, but there is still work to be done.

A student growth percentile (SGP) is a percentile ranking from 1 to 99 which explains a student's academic progress compared to his/her academic peers.

SGPs are grouped into three levels:

Low Growth: SGPs less than 40

Typical Growth: SGPs between 41 and 65

High Growth: SGPs greater than 65

Questions? Please contact Carolyn Dale by email: cdale@jklschool.org, Phone: 906-635-5055 x107 or Text: 906-203-0815

Sincerely,

Carolyn S. Dale

Dr. Carolyn S. Dale

Learning Plan Narrative

JKL Bahweting Anishnabe Mode of Instruction

2023-24 School Year: JKL Bahweting Anishnabe PSA's Mode of Instruction is in-person, face to face. JKL does not offer an online learning option.

Please provide the instructional growth measurement goal and instrument.

To maintain an average growth goal between the 41st and 55th percentile in K-2, 3-5 and 6-8 as measured by the NWEA Measurement of Academic Progress Continuous Growth Index (CGI).

If not currently offering in-person instruction, please describe how instruction for core academic areas will expose each pupil to the academic standards that apply for each pupil's grade level or course in the same scope and sequence as the District/PSA had planned for that exposure to occur for in-person instruction.

JKL delivers in-person instruction to all students.

If delivering pupil instruction virtually, please describe how the District/PSA will provide pupils with equitable access to technology and the internet necessary to participate in instruction.

JKL delivers in-person instruction to all students.
